

Senators to Face Albany Here Today; Game Set for July 5 Called Off

LOCALS WILL TAKE RIVALRY IN; BISHOP Winner-Take-All Agreement to Speed Up Play, Fans Await Start

Although the Senators had two games scheduled with Albany for the fourth and fifth only one will be played; that one here Sunday. The two clubs were forced to call off the contest Monday at Albany because the ball park had already been engaged for the races to be held in Albany Monday. The game today between the Senators and the nine from the Hub city will be a battle worth any fan's time. The two clubs have played twice before, each winning on its home diamond. Although the game does not count in the percentage column of the league, each team is out to win because of the rivalry that has existed between the two towns for several years.

A shake-up in the Salem team was reported following the game with Kelso Thursday evening, but Manager Bishop definitely denies the rumor and says he is sorry that such a report had become current. Any one is likely to have an off day, and outside of that fact the Senators were playing an extraordinary team of sluggers.

No radical changes will be made in the lineup for the game day. The third league contest with Albany will be played here at Oxford park one week from today. The teams have split their two percentage games so far and the game next Sunday will be an important factor in deciding the standing of the two clubs. As an added incentive for a fighting game Sunday the financial terms stand at winner take all.

FISH BITE WELL IN NEAR RESORTS

List of Good Spots for Holiday Angling Will Furnish Sport

With an exceptionally long week-end, fishermen are preparing a general onslaught upon trout fish in the district and will combine a fishing and outing trip. Suggestions as to where to cast a line have been compiled from late data and are as follows:

North Santiam, via Stayton and Mill City—Fishing good above Mill City; some fair catches made during the week with gray backie, caddis and red upright flies; Breitenbush river and Pamela lake reported good.

South Santiam, via Albany, Lebanon and Foster—Fishing good anywhere from Foster up, very good reports from above Cascade; flies, spinners and salmon eggs used; roads in fine condition to Cascade; cabins and good camp grounds at Cascade.

Alsea river, via Corvallis and Philomath and Alsea—Some good catches made on upper Alsea on spinners; lower Alsea trout and salmon being caught; best luck on trout at tidewater on royal coachman and English admiral flies. Boats and motors for rent from C. M. Buckley above Waldport.

Siletz river and Taft—Some good catches made trollin above

Time To Be Lowered When Dirt Track Champs Clash At Fair Grounds

TRACK IS READY FOR AUTO CLASSIC

Frank Watkins, AAA Chief, Back From New York, Will Supervise

Many new features are said to be included in the northwest championship races to be held at Lons Oak race track on the state fair grounds Monday. The races will be under the auspices of the AAA. Some of the fastest racing cars in the northwest are said to be included in the starting lineup.

Frank Watkins, AAA representative for Oregon, has just arrived from New York and will be present. He was present at the Indianapolis races on Decoration day and learned several ideas which will be put into effect here. Great rivalry is said to exist among the drivers, so fast time and an exciting contest are forecast.

Al Lambe of New York, who has recently arrived to make his home in the northwest, will drive an eight-cylinder Oldsmobile special tomorrow. This is advertised as one of the fastest dirt track racing cars in the country. Lambe is eligible to race for the northwest championship. He has broken many track records while in the east.

Jack Ross, conceded to be the present northwest champion, will be present with his special built racing car. He is expected to make the race interesting.

Dusty Rhoads, who is well known in Salem having raced here several years ago, will be present with a new mount. It is a Miller Special from Los Angeles.

Jack Chadwick, who is also listed among the entries, is a well known driver. He has recently constructed a car which he claims is one of the fastest he ever driven, and is expected to set the pace tomorrow.

Admirably Planned for Roominess and Comfort

ALMOST every house, whether it be mansion or the humblest cottage, has some outstanding characteristic which impresses one at first sight. Whether that impression is pleasing or otherwise often makes for extra expense in construction without adequate return in the way of roominess, beauty and comfort. And the floor plan speaks for itself, telling a pleasing story of good arrangement, of large, comfortable and well lighted rooms, of ample closets and no waste of valuable space. Both floors are laid out with every consideration for convenience. It's a plan that seems to meet every requirement and omit nothing. On the first floor living and dining rooms are both large and well lighted. The second floor, reached by a center stairway from years to come there will be little or no demand for repairs. And in design it plays good lines, a minimum of all that is ideal.

The Common Brick Manufacturers' Association, Cleveland, Ohio, can furnish complete drawings for this design. Leaflet on brick construction sent upon request.
