STEEL WORK ENDS

Oregon Pulp & Paper Additions Being Pushed, Water Problem Over

Seven steel trusses were installed last week in the new addition to the paper mill on Commercial street here. The work is proceeding without hitch, according to Ivan White, superintendent in charge, and the steel work is expected to be finished July 10. "A riveting gang is at work on the steel construction, and two

gangs will be used this week. The gangs are in charge of H. Cayo, steel foreman. The trouble with water in the basement which has handicapped work in the past is finally being overcome, according to Mr. White

The water will be turned back

into its old flume this week. A carpenter gang has started to lay roof on the west end of the new building, where the roof trusres have all been installed. The roofing is expected to be finished on this part by the end of the
