

# CHESTER C. KUBLI IS GIVEN REPRIEVE

Was Sentenced for Aiding Unlawful Misapplication of Bank Funds

Governor Pierce yesterday issued a reprieve to Chester C. Kubli of Eugene, who is under sentence of three years in the state penitentiary for the crime of aiding and abetting in the unlawful misapplication of funds from the Jacksonville state bank. The reprieve was dated July 16 and will expire November 16 of this year.

Kubli was sentenced to the state penitentiary on December 10, 1921, but later appealed his case to the state supreme court for final determination. The supreme court, on March 26 of this year, handed down an opinion affirming the decree of the lower court for Jackson county. It was said that the mandate has not yet been prepared by the clerk of the supreme court.

W. H. Johnson, cashier of the bank, was convicted on a charge of fraud in connection with the operation of the institution, and was sentenced to a term of 10 years in the penitentiary. He was received at the prison April 10, 1921, but was pardoned by Governor Pierce on May 20, 1924.

C. H. Owen, who was indicted jointly with Kubli, also is under sentence of three years in the penitentiary. He also appealed his case to the supreme court, which affirmed the decree of the lower court. Owen is at liberty under bonds pending such time as the mandate of the supreme court is prepared by the clerk.

It was said yesterday that an effort also is being made to have Owen's case reviewed by the governor with a view of obtaining a reprieve.

# ASK COUNTY'S BILL BE DRAWN AT ONCE

Stanfield Requests Itemized Statement in Tax Refund Case

Speed in preparing statements of Marion county's indebtedness is asked in a telegram received from United States Senator Robert N. Stanfield in regard to the county's share in the Oregon & California tax refund from the United States government. J. T. Hunt, county judge, who received the telegram, states that the assessor's men are already at work preparing the data.

Senator Stanfield advised in his telegram that a separate statement of taxes be made for each year from 1916 to 1926, inclusive, based on the 1915 valuation, that tax bills be made out for 1913, 1914, 1915 and that all lands disposed of by the government prior to March 1 of each year be excluded from the lists. Classification of the lands are given in detail by the telegram.

# Langlen Does Not Believe Word "Impossible" Exists

PARIS.—A frequently heard dictum in France declares that "impossible" is not a French word and many French notable folk seem to believe it.

Miss Suzanne Langlen is categorical: "No! I have never in my career as an athlete had the impression of having run up against the impossible! I believe that with determination—nerves—and courage, the impossible does not exist!"

Prof. Edouard Branly, whose discovery of a coherer made wireless telegraphy practical is much of the same opinion. "As long as you don't try to change the course of nature, nothing is impossible, not even to prevent it raining so often!"

Paul Signac, president of the Independent's Salon, thinks that it was artists who invented the word impossible as a synonym for the ideal that they feel they can never attain.

Joseph Deltell, the author, who was the Goncourt prizeman last year, belongs to the Langlen school: "Impossible? Never! I see it in my life. Have always got whatever I was determined to get. Impossible is not Deltellian!"
