SAMMY MANDELL, newly crowned lightweight champion of the world, stands on the threshold of what ought to be a long and prosperous career in the ring. He has the right man to manage him -if that man will but realize the course open to him. Mandell's manager is Eddie Kane, the man who ran Tommy Gibbons' ring affairs.

Kane is a shrewd manager. Always gets the best for his fighter and of course himself.

It is generally believed, however, that his failure to let Gibbons mix it with the "tough" boys during Gibbons' long career did more harm to the St. Paul battler than a few hard wallops would have inflicted. Unless Kane was offered a corner of the U.S. mint for Tommy's end of the purse the opponent had to be a setup.

Not that Gibbons was afraid of the hard ones, but Kane was too wary to match him against dan-

Kane had two very good friends in Matt Hinkel and Tommy Mc-Ginty of Cleveland, at one time a good fight town. It is generally known, however, that not even for these men would Kane toss Gibbons into the ring against a really suitable opponent. The two promoters would name over first rate fighters until they were blue in the face and Kane would have some reason for turning each man
