Nurses and Physicians to Gather for Comparison of Methods in Disease Prevention Discussed by Leading Authorities

An institute for nurses and physicians of Oregon will be held in the Salem high school building July 26 to 30, under the auspices of the University of Oregon extension division.

The program will be divided into two sections, one for nurses and one for physicians. A large staff will be present to carry on the instruction, including nationally known experts in nursing and public health work and faculty members of the University of Oregon Medical school.

The nurses' division of the institute is open to all nurses, including those engaged in private, public health and institutional work. Clinics, classes, and round table discussions will be held, stressing the preventive aspects of nursing and newer knowledge in the field.

The value of the physician's division of the institute is calculated to be chiefly for the family physician. The program will include lectures, clinics, and conferences by recognized leaders. The physicians will be given a chance to see the principles and methods

discussed there in actual operation at the Marion County Child Health Demonstration next door to the hospital.

A banquet will be held Wednesday night at 6:30 o'clock, with Dr. W. F. Draper, Dr. Frederick D. Stricker, and Miss Sara J. Place as speakers. Dr. Draper is assistant surgeon general of the United States public health service. Dr. Stricker is state health officer and Miss Place is superintendent of the infant welfare society of Chicago, Illinois.

The institute will close with a picnic at 6:30 o'clock Friday evening. Fees are \$5 for the full five days, \$1.50 for a single day, and \$1.25 a plate for the banquet.

Among those on the instructional staff are Dr. Richard E. Dillehunt, dean of the U. of O. medical school, Dr. J. B. Bilderbach, Dr. T. Homer Coffin, Dr. Ralph A. Benton, Dr. C. J. McCusker, Dr. H. J. Sears, Dr. Laurence Sellink, Dr. L. H. Smith, all of the medical school, Dr. G. C. Bellinger, superintendent of the Oregon Tuberculosis hospital, Dr. Walter Brown and Dr. Estella Ford Warner of the Marion county child health demonstration, Dr. W. B. Morse, president of the Oregon Medical Society, Dr. W. F. Draper, Miss Sara J. Place and Dr. Frederick D. Stricker.

Theodore R. Rhodes Shows Interesting Pictures of Life at Sea

Theodore R. Rhodes of the battleship New Mexico is enjoying a brief furlough at his home in Clatsop. Mr. Rhodes, whose travels since he entered Uncle Sam's service, have taken him over a large portion of the world, says: "I must show you the picture of the wonderful cake we had on the battleship New Mexico at Christmas time. This is what the cake contained: 60 pounds butter, 50 pounds sugar, 1,000 eggs, 30 pounds of nuts, 70 pounds currants, 80 pounds raisins, 30 pounds citron, 15 pounds lemon peel, 15 pounds orange peel, 3 gallons molasses and 2 pounds of spices. This great cake weighed 450 pounds and with 50 pounds of icing the total weight was 500 pounds. There are 1400 men on the vessel and the great ship is

Sour Stomach

"Phillips Milk of Magnesia" - Better than Soda

Instead of soda hereafter take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. It neutralizes acid fermentations in the bowels and gently urges the souring waste from the system without purging. Besides, it is more pleasant to take than soda. Insist upon "Phillips." Twenty-five cent bottles, any drugstore.—Adv.

BUYERS TO GATHER FOR CELEBRATION

Many Salem Merchants Plan to Attend Annual Week in Portland

PORTLAND, Ore.—(Special)—All is in readiness for the Fourteenth Annual Buyers' Week to be held August 2-7 in Portland, at which time 135 of the leading jobbers and manufacturers of this northwest metropolitan market will be hosts to the merchants of the fourteen western states, Alaska, British Columbia and the Hawaiian Islands. Many Salem merchants will attend.

One of the most interesting and unusual programs of entertainment ever staged for the benefit of merchants has been prepared by these hosts. From the time of their arrival until the last day, there will be something to attract their attention in the way of educational talks and fashion shows, interspersed with entertainment for the relaxation of the merchant.

Railroad fares will be refunded to merchants whose purchases aggregate \$500.00 or more during the week.

Returns from merchants indicate a large attendance that will exceed previous records. Cars of merchants will be met at the depot by special committees who will escort them to the various warehouses and manufacturing establishments immediately after registration at Buyers' Week Headquarters.

At Shipley's the ladies of Salem have satisfied themselves that they can get the finest spring and summer frocks, coats and dresses ever shown in this city.

Delicious! That's what they all say. There's a difference in the way bread tastes. That's because it's made differently. There is none than Better Yet Bread.

WOMEN FIND TANK LESSONS POPULAR

Two Take Life Saving Tests, More Candidates Are Expected

Yesterday was ladies day at the YMCA swimming pool, and the tank was filled all day long with girls and women who came either to swim or learn to swim. Beginning instruction in swimming proved very popular with large numbers in the classes.

Miss Pauline Kleiner of Portland and Miss Mary Alice Reid of Norton were present to take examinations for life savers' badges. They are students of the Oregon normal school at Monmouth. A class in life saving is being held there under Miss LaVelle Barger, and these two girls are the first to pass the tests.

They practiced six hours in learning to pass the tests, they said. Within a month several more Monmouth students are expected to come to the local tank for these tests.
