Breitenbush Hot Springs Visitors

We are receiving many complaints from Breitenbush Springs visitors who have been furnished misleading information concerning facilities and focation of the springs proper.

The Facts:

There are two camps. However, all of the Breitenbush Hot Springs with the exception of one small spring, are located at the Upper Camp. Those desiring to visit the springs proper are cautioned against being diverted elsewhere by false state-

The Upper Camp is now under new management and affords accommodations at the same rates as charged at the Lower Camp. In addition, cabins and tent-houses completely furnished for housekeeping are available at the Upper Camp. Excellent dining room service for boarders; electric lights; sanitary toilets; abundant water for drinking and bathing; large plunge baths with circulating fresh water at all times; natural vapor and mud baths. Courteous treatment.

The utmost in a motor fuel usually comes from a maker that knows how to produce it.

"Union Oil of California" has had an experience of more than forty-three years.

Union Gasoline

Non-detonating

Union Gasoline provides, and always has provided to Western motorists, the non-detonating feature which supplies full power to the pistons throughout their entire stroke and eliminates all explosive heavy pulling—a quality for which Eastern motorists are now buying "special gaso-'lines' and paying 3 cents per gallon in excess of usual prices for them. Yet Union costs no more than other high grade fuels.

Always use Aristo Motor Oil with nondetonating Union Gasoline because this combination minimizes carbon to the extent that motors in good condition are run for several years without it.
