Her mother suggested that I try Lydia E. Pinkham's Vegetable Compound, she writes, "I took only three bottles and it brought me back all right. Through the Vegetable Compound, I am feeling better. I can do my work and she told the other girls about it. That was several years ago. Louisa says Mrs. L. J. Van Dyke of 1246 Spruce St., Norrell Park, Baltimore, Md. She is the mother of three healthy, active children. She says that she found the tonic effect of the Vegetable Compound helpful to her during this entire period. Palestine for the Jew. Why?

Among the remarkable and significant movements of the present day, none is more interesting and worthy of note than that of the Jews rebuilding Palestine.

After having been desolate for almost nineteen centuries the land is gradually being restored to fertility and modern cities are being built by ardent Jews from all parts of the world. They have bought thousands of acres of marshes and waste lands and are turning them into a paradise.

Will Palestine be fully restored to the Jewish people? This is a question that suggests itself to the thinking mind. And what is the significance that the Bible attaches to this movement?
