> If Money Were No. JUST WHAT DO I NEED?

A letter received yesterday morning said: "If money were no object, just what do I need in glasses?" Our answer in part was: First, a pair of general wear or work glasses in any of the serviceable frames. Second, a pair of rimless glasses for dress occasions. Third, a pair of dark glasses for outing or driving purposes ground to your prescription.

Three pairs of glasses are not an expensive proposition as all are ground at the same time, thus quite a savings can be made. If you are interested, let us quote you.
