SALEM DISTRICT INDUSTRIES

SIXTH CONSECUTIVE YEAR

THE DAILY STATESMAN dedicates two or more pages each week in the interests of one of the fifty-two to a hundred basic industries of th Salem district. Letters and articles from people with vision are solicited. This is your page. Help make Salem grow.

OVER A MILLION DOLLARS A MONTH ON THE PAYROLLS OF SALEM CONCERNS

This Is Considered to Be a Very Conservative Estimate, the Industrial Payrolls Making Up More Than Half of the Whole—Best Showing for a City of Salem's Size in the Whole Northwest for Steady Volume of Money Paid to Wage Earners

cities of 20,000 to 25,000 people. The metropolitan district of Sa- That is a lot of difference. lem, that is, Salem and its sub-27,866 people. The population of the city proper is now about 25,-

capital investments of considerably above \$10,000,000, and out- lation. put of perhaps nearly \$30,000,000 annually. There have been large additions the past year to paper mill capital, output and payroll, and the same is true as to the canneries, the linen factories, the automobile industries, and throughout almost the whole list under the heading of industrial estab-

The trade payroll of the city is estimated at over \$2,750,000 annually; that is, the amount paid months. The Western Paper Conout in wages by the various retail | verting Co., manufacturing many establishments throughout the kinds of boxes and packages and city: and including a growing specialties from paper, was buildamount of wages paid out by the ing its factory a year ago. It is wholesale houses and jobbers of in successful operation now, and

\$125,000 a month. There can be is in prospect. The Salem dis added to this at least \$500,000 trict takes about a third of all the for the Salem United States In- cans used in the Pacific northdian school, the Salem school dis- west for fruits and vegetables; trict, the city of Salem, the coun- takes over 20,000,000 out of the ty of Marion, Willamette univer- total of over 60,000,000 cans. sity, and the various other branch- | One Salem cannery, in one day. es of the public service, and the this season, put up over 240,000 other educational institutions.

In addition to these payrolls, there is the vast amount paid out annually from fruit tracts within in this line in the offing. We are the trading area of Salem, estimated at over \$1,500,000. This farm payrolf begins with gooseberry and strawberry picking, and continues till into the rains of One thing brings another; perhaps winter, when the last of the apples and pears are harvested. It reaches its height in the hop will no doubt bring several spepicking season, which is now on, when thousands of people come within the trading area of Salem, where may be found nearly all of the hop acreage of the stateand Oregon is the greatest of the hop growing states in point of acreage and production; and overlapping hop picking and drying comes prune picking and drying. There is work on the fruit and nut, farms all the year through: and on the dairy and stock farms —for we have seed time and harvest every month, and every day

in the year. With all these payrolls, it is estimated that more than \$12,000 .-Salem and within the area that

It Is Conservative

As a payroll city, Salem shines. I probably too conservative. A spe-She will shine more, as the in- cial edition man got out for the dustrial development now on gets | Capital Journal of this city six under better headway. This city years ago an industrial edition. already stands preeminent in the He came again last year and re-Pacific northwest, for a city of peated. He estimated the inher size, according to those who dustrial payroll of Salem at \$8,have made a careful study of in- 500,000 annually. That is \$2. dustrial conditions surrounding 500,000 higher than the Slogan man has given it in the above.

The same special edition man arbs now contains not far from | said that of the then 25,000 people of Salem proper, 16,918 of them were supported by our home industries; and 8,082 by all other The Industrial payroll of the lines; and he said that when we city approximates \$6,500,000, with have 15,000 industrial workers here, we will have 100,000 popu-

We are going towards the 15, 000 mark at a good pace now. Most of our industrial institutions are comparatively new, and we are constantly getting new ones. and additions to the size of old ones. In the past year a number of new factories have been added. The machinery for Salem's first linen mill was just starting a year ago, and the second linen mill will be in operation within a couple of will soon employ 100 people, and The state payroll is about \$1,- several times that number in due 500,000 annually. It runs around course. Another similar concern cans of fruit. Our city is just getting its stride as a manufacturing city. There are many big things soon to have beet sugar factories, and more paper mills,

Manufacturers Gregarious

Manufacturers are gregarious many others. The operation of the two first linen mills in Sælem cialty mills, as soon as these first ones can spin a surplus of yarns of the kinds needed in specialty mills. All the factories make work for foundries and machine shops, and for box and other specialty factories.

Salem's industrial growth seemed slow for a long time; was slow. But it seems fast now, and will without doubt be faster and faste er from this time on: In due time, we will have a

million people employed, directly and indirectly, by our flax and linen industries alone.

The following is a list of indus-000 is paid out annually within tries in Salem, collected and corrected up to date by a Statesman does practically all its trading in reporter; and it should be explained that some manufacturing concerns have no doubt been over-The Slogan editor believes the looked, for there was no way to estimate of over a million dollars; secure the list excepting by paa month as the average of the pay- tient and wide inquiry, there berolls for Salem is conservative; ing no association of manufactur-

ers here, and no other source of information excepting this same patient inquiry by the reporter:

THIS WEEK'S SLOGAN

DID YOU KNOW That Salem is a payroll city; that Salem is a manufacturing center, and is bound to become one of the big manufacturing cities of the country; that Salem is on the way towards becoming the Belfast of the United States, around which will grow a flax and hemp manufacturing industry that will bring to us annually \$100,000,000; that she is increasing and will continue to increase her importance as a paper making center, and will become a beet sugar industry center; that there are vast undeveloped water powers within easy reach of Salem and that may be developed cheaply, speaking comparatively; that Salem is near enough to all the great water power projects of Oregon and a part of Washington to make them available for her share of what she may ultimately need of their hydroelectric energy; that this is one of the most promising fields in the United States for hydroelectric and irrigation development, for the profitable investment of capital; that Salem now ys her wage earners at least \$12,000,000 a year and is increasing her wage rolls very fast; and that in this respect she makes a better showing than any city of her size on the Pacific Coast?

COMMISSIONERS' COURT

The following is the official Eppers, L. M., dirt hauled publication of the record of claims before the Marion Gearin, Cornelius, carrycounty commissioners court for the Aug. term, 1926, with Grenbemmer, Fred, cutting the amount allowed, bills continued, etc., according to the records in the office of the county clerk.
