Tourists Return From European Trip

Mr. and Mrs. Walter F. Buckner and daughter, Miss Ruth Buckner, arrived home yesterday morning from a three months trip abroad. The Buckners sailed from New York very early in the summer for Havre, France, going on the Leão, a French liner. They took the continental trip through France, Italy, Switzerland, and Germany, going thence to Holland and from Holland into England. The Buckners were fortunate throughout the trip, having perfect health, and enjoying the three months of sightseeing to the full.

They returned home on the Ansonia, disembarking at Montreal. During the voyage they saw a number of icebergs. Mr. and Mrs. Buckner and Miss Buckner made the trip across the continent by way of the Canadian Pacific and Oriental Limited, coming straight through. Going east, however, the Buckners visited the principal cities en route.

Ralph Barnes, Former Salem Boy, Achieves Success in Journalistic Field

An American mermaid, Gertrude Ederle, swam the English channel, and an American journalist—a former Salem boy, Ralph W. Barnes, son of Mr. and Mrs. E. T. Barnes, of 325 North Capitol street—sent the story which appeared the following morning on the front page of the New York Herald-Tribune, on one side of the Atlantic ocean, and in the Paris Edition of the New York Herald-Tribune on the other, describing the event.

Mr. and Mrs. Barnes are the recipients of letters and clippings describing in vivid details the events of the "record-breaking achievement" which it was Mr. Barnes' privilege "to cover." One clipping shows a picture of the champion together with her father, her trainer, and a newspaper man—Ralph Barnes—at her left. The same picture was sent by radiophotography to America and was used in the New York paper. Mrs. Barnes (Esther Parousagian) writes that Mr. Barnes was away from Paris three days and nights before the completion of this assignment, doubtless the most thrilling of any in his experience, which covers a period of less than two years, his deserved promotion having come rapidly. Knowing how deeply anxious her husband is prone to become on choppy water, one can imagine that Mrs. Barnes, waiting in Paris, spent her hours of waiting in some anxiety.

If, on the one hand, the experience was gruelling, on the other it was exceedingly adventuresome.

Mr. Barnes, after absorbing the necessary material relative to other attempts to swim the channel, securing his expense money from the office, and receiving his visa, set out on the evening of August 4 for Cologne where he joined other ambitious reporters bent on the same mission as he.

Going without sleep and practically without food for the period of the strenuous assignment, Mr. Barnes was still able to record the progress of the swimmer by means of a Remington typewriter which he used on the press tug that followed the pilot tug. The over-zealous newspaper men, the moment they saw Miss Ederle was to crown her fourteen and one-half hour swim with success, all but lost their lives in racing ashore to his their reports. Finally persuading their captain to let them set out in a life-boat, they left in such haste that they forgot to replace the drain plug, and nearly entered competition with Miss Ederle for the time being. Mr. Barnes filed his report immediately, the news going first to London, thence to Paris, and then by cable to New York, his story appearing on the American streets the next morning.

Mr. Barnes writes with much enlightening detail concerning Miss Ederle's fourteen hours in the water; telling how she dove from the land; telling the exact costume she wore; describing the greasing process that serves to keep out the chill of the channel waters; telling how the swimmer was fed by means of a bottle, as she tread water, or by food placed at the end of a string; how it rained; with Miss Ederle unaware of it; the type of cartoons and musical selections arranged to divert her; and finally how happy she was over her own success.

Mr. Barnes was fortunate when he re-crossed the channel to find himself again in the Ederle party, all of whom were bound for the Victory celebration at the Cape.

Mr. and Mrs. Barnes are both graduates of Willamette University and have been in Paris only since spring of this year. Mr. Barnes graduated with the class of 1922 and Mrs. Barnes, who is the daughter of Rev. and Mrs. M. B. Parousagian, with the class of 1923. Their marriage took place in the autumn of 1924 after which they left immediately for New York where Mr. Barnes accepted a position with the Brooklyn Eagle and later with the New York Herald-Tribune. Mr. Barnes' latest promotion was to the staff of the Paris edition of the New York Herald-Tribune, a position which he is finding very stimulating and profitable. Both Mr. and
