

NEW GYM CLASSES SCHEDULED AT Y

Association Will Have Number of Basketball Leagues This Winter

The winter schedule of gymnasium classes at the YMCA were announced yesterday by R. R. Boardman, physical director.

Harvey Brock has been obtained to act as gymnasium assistant. He will help with the boys classes, allowing Mr. Boardman more time than before to devote to promotion work and physical instruction for business men.

Leslie Sparks, physical director at Willamette university, will have charge of tumbling classes and Mr. Bartzott will be supervisor for all boys wrestling work.

More time is being devoted to basketball this fall. Leagues for both boys and men will be formed after October 15. All men and boys must be members to take part in these leagues.

STATUS OF MAJOR LEAGUES CONFUSED

St. Louis Now Defends Crest With One and a Half Game Average

NEW YORK, Sept. 15.—(AP)—The status of the major league championship fights remain as bewildering as ever today. St. Louis advanced its lead half a game by dividing a twin program with the Phillies while, the Giants were lacing the Reds for second time in the National. Another full game was sliced off the Yankees' hold in first place in the American, when the New Yorkers dropped their month straight to the Indians.

Although the Cardinals now defend the crest by a margin of a game and a half, Cincinnati may tie for the pennant by winning all seven of its remaining games in the event the St. Louis club takes five out of the next six.

The standing would then be: W. L. Pct. St. Louis . . . . . 92 62 .597 Cincinnati . . . . . 92 62 .597

JONES LOSES GOLF TITLE TO VON ELM

Defeat of Master Shot Maker of Atlanta Almost Unbelievable

SHORT HILLS, N. J., Sept. 15.—(AP)—The monarch of golf was toppled from his amateur throne today by flaxen-haired George Von Elm of Los Angeles, in one of the most stunning upsets of link history.

Bobby Jones beaten—the words flashed out over rolling Baltusrol late this afternoon to an almost unbelieving sport world. Defeat for the master shot maker at Atlanta at the hands of a player he had twice overwhelmed in previous matches seemed too incredible to receive. But Von Elm had come to the slopes of the picturesque New Jersey course to prove that the age of golfing miracles had not yet passed, and in two of the most dazzling rounds ever played he finally conquered the young Georgian on the 35th green, 2 to 1.

Bits For Breakfast

The double bill—At the Elsinore theater—

"La Boheme," by King Vidor, and "Fanchon and Marco" played to four big houses yesterday afternoon and last evening, and made a great hit. The same program for this afternoon and evening.

King Vidor's "La Boheme" is Lillian Gish's first American-made picture for some years. King Vidor, who directed "The Big Parade," directed the new picture. John Gilbert plays the leading role as Rodolphe, the poet. Between scenes in "La Boheme" John Gilbert studied law. He expects some day to take an examination for the bar. "La Boheme" continues over till Monday at the Elsinore.

The new booklet for the state lime plant, "Agricultural Lime," is off the press, and copies will be distributed from the penitentiary. "Why the soils of the Willamette valley and coast counties need lime; basic and overlying facts on the beneficial uses of agricultural lime plainly and briefly told," are among the words on the title page. Copies are free to all who ask for it, and will be distributed from the state fair booth of the fax and lime industries next week.

On Wednesday next, beginning at 10 o'clock, the hearing will begin in the petition (or suit) for lower rates on lime rock, before the public service commission. Many people interested in this vital matter will attend the hearing. It is a vital matter, too, for all the farms of the Willamette valley and coast counties do need lime. The longer they are cropped the more they need it.

The investigation of reputed lime rock deposits not too far away from the prison for trucking, is going on. There are several such reported, and to be investigated by the O. A. C. and prison authorities.
