ITCHING ECZEMA DRIED RIGHT UP BY THIS SULPHU

Any breaking out of the skin, flery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying proper-ties, this sulphur preparation instantly brings ease from skin irritantion, soothes and heals the eczema right up and leaves the skin clear and smooth

ment and disfigurement. Sufferers from skin trouble should get a little, jar of Rowles Mentho-Sulphur from any good druggist and use it like a cold cream.
