

STOCKS DROP FROM ATTACK ON MARKET

Sweeping Decline in Quotations Make Nearly Score of Low Records

NEW YORK, Oct. 15.—(AP)—Sweeping declines in stock prices ranging from 1 to more than 11 points at the close, took place today as bear traders opened another savage attack on the market. Total sales ran well above 2,000,000 shares.

The chief unsettling incident in the day's news was the announcement of further price cuts in the automotive industry, which was already suffering from the effects of keen competition.

The peak of the selling movement was measured by an extreme decline of more than five points in U. S. Steel, although it closed a fraction above the day's low at 138 5/8. General Motors closed 4 1/4 points lower at 149 1/4 and declines of 4 to 6 points took place in such representatives issues as Baldwin, Pullman, Woolworth, Case Threshing Machine, Postum Cereal, Atlantic Refining and General Asphalt.

Two of the high priced speculative favorites—U. S. Cast Iron Pipe and Du Pont—suffered their sharpest breaks, although their extreme declines of about 13 points were reduced to about 11 at the close.

Nearly a score of low records for the year were established, mostly by the minor automobile and specialty shares. Hudson, which announced additional price reductions, dropped to 46 1/4, the lowest in more than a year and a half. Motors, Willys Overland and Packard, which had been strong favorites, were among the others to set 1926 minimum prices.

Railroad stocks without selling for a time but soon plunged downward with the rest of the market. Atlantic Coast Line tumbled more than seven points to 192 1/4 and closed at 193. Recreations of 3 to 6 points in Chesapeake & Ohio, Pore Marquette and Nickel Plate wiped out a large part of yesterday's rallies in the Van Sweringen stocks, and pronounced weakness developed in New York Central, Atchafalpa, Norfolk & Western and other leaders.

What the Men Like?

If the question were asked some of you might answer a thick juicy steak, potatoes, a second vegetable and pie for dessert. I doubt if you would be far wrong, but when some of these men are ordering in a restaurant or cafe, if you were to watch them closely, you would also see such dishes as scrambled brains, liver and onions, baked ham, fish, as well as chop suey favored and surprising as it may be to many of you, men are very fond of soup as a class, though of course, there are individual dislikes.

In a woman's publication not long ago I read that "at a dinner given to a crowd of officials of a large corporation recently, a guest accepted a second helping of meat."

"Do have some," urged his host; "it is good! I had no idea we were to have baked ham—I was afraid we would have the usual chicken," he added, plainly displaying his joy over the unexpected dish.

A conversation concerning foods followed, and the dishes receiving the most praise were not those dainty concoctions which the average housewife so often serves to her husband's friends. Cheese in many forms, thick soups, meat salads, a few desserts, and of course, coffee, and also salted nuts received the popularity votes.

The cheese was acceptable, as canapés, as vegetable dressing, as accompaniment to salad, dessert, or coffee; the meats voted for were ham, corned beef, lamb and beef; the salad choices were lettuce, tomato, or other green vegetable; and the dessert included pies, ice cream and steamed puddings with hard sauce.

As meat is the very first thing about which the housewife concerns herself when making out a menu, it would seem wise to remind her of the great variety from which she may choose—even when hedged in by a man's choice and by a butcher's supply of the day. Certain meats he always has, no matter where the locality, and these are ham, bacon, sausages, and pickled meats.

Hostesses in all times have turned to ham as a cold meat party food, but when considering hot meats they have been prone to turn to chickens, ducks, turkeys and game in season.

Do you know how to cook boiled ham, bake stuffed ham, ham loaf, pork steak and rice, club sandwiches, "pigs in blankets," cheese and bacon on toast, hot ham and egg sandwiches, bacon and mushrooms, creamed ham, cheese and pimento, ham and egg omelet, baked sausage and baked apples, baked sliced ham, ham soufflé, ham mousse, croque canapés?

Try ham on toast. Lay upon pieces of toast. Pour over this a cheese sauce made as follows: 1 cup cream, 1 cup milk, 1 1/2 pound cheese, 2 eggs, 1 teaspoon butter, salt and pepper. Heat the

milk and cheese in a double boiler, add the butter. When the cheese is melted add the cream. Stir in the well beaten eggs and then cook for three minutes. Pour over the bacon and toast at once. Serve immediately.

Ham Loaf
Two pounds of fresh pork to one pound of fresh raw chopped smoked ham. Salt and pepper, 1 cup bread crumbs, 1 egg and 1 cup of sweet milk. Mix all together and form into a loaf and bake for two hours. Serve with currant sauce. To make the sauce, place a piece of butter about the size of a walnut and a glassful of currant jelly in a double boiler; heat this well. Gradually add 2 tablespoons of sherry wine flavoring. Heat and serve at once.

Baked Sausage and Baked Apples
In the center of a roasting pan place sausages. Let them cook for two or three minutes, then pierce each one with a silver fork. Core tart apples and surround the sausages with them. Return to the oven and allow to cook until the sausages and apples are well baked. Baste the apples and sausages frequently with the juice from the apples and with the grease from the sausages.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more howling, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

WOOL SALES PLACE OUTLET FOR NEEDS

Advance Made by Dealers Apparently Justified by Good Markets

BOSTON, Oct. 15.—(AP)—Fine wool has responded to stronger interest developed in the face of advanced quotations. Sales have clearly established the market on a higher level, often to the extent of 1 to 2 cents in the grease on cross bred wools. The advance made by dealers was apparently justified by the activity of the goods market and the condition of stock. Selling prices have largely wiped out the disparity between spot wools and foreign offerings for import where available, but the outlet is still confined to urgent needs.

would have additional money demands to make upon the budget bureau for procurement of more armored mail trucks and for armed guards and their equipment.

Mr. New addressed a letter to President John W. O'Leary of the chamber of commerce of the United States, asking that an appeal be broadcast to the large industries of the country to refrain from sending huge shipments of currency through the mails for payroll purposes and pay by check. Mr. New also called attention to the custom of certain banks particularly the Federal Reserve, of sending money to manufacturing plants, asserting it furnished the chief incentive for the armed attacks.

"It does not require a smart thief to learn that it is the custom of such plants to receive shipments from its city bank, not only on a certain day, but often by a particular train," the postmaster general said. "If concerns requiring these large sums for payroll purposes would pay by check instead of in currency, it would, to a considerable extent at least, obviate the necessity for these tempting shipments."

He said in spite of extraordinary precautions taken to safeguard the shipment at Elizabeth it was inadequate to successfully cope with an attack by eight men from ambush, and that he had nothing but praise for the men who, one at the cost of his life and the others at the risk of their lives, did the best they could to protect the property entrusted to their care.

ROBBERS BELIEVED HID IN ABANDONED QUARRIES

guns and gas bombs moved on Chimney Rock, the rest of the cordoning halting.

The bandits have not abandoned their two automobiles and authorities expect they may make a dash for liberty.

Colonel H. Norman Schwarzkopf, head of the state police, after telephonic conversation with Governor Moore made the rounds of the various posts.

"After making sure of your man, shoot him down without warning," was the command to every trooper.

The section in which the bandits are believed to be hemmed in is heavily wooded and there are only a few scattered farm homes in the region. It is believed the gang soon may have to make a sortie for food.

Colonel Schwarzkopf said he would hold in abeyance his decision on the offer of Governor Moore.

PRICES OF EGGS HIGHER ON MART

Receipts Increase but Fail to Equal Demands of Retail Buyers

PORTLAND, Oct. 15.—(AP)—The egg market had a further advance today. Extras sold a cent higher at 51 cents and firsts gained two cents to 46 cents. Bids for current receipts were raised a cent to 43 cents. Receipts were larger at 1,366 cases, but were not equal to the demand and 637 cases were taken out of storage.

No changes were made in cube butter prices. Arrivals were 14,338 pounds and production 15,633 pounds. Withdrawals from storage were heavy at 24,789 pounds.

The poultry and meat markets remained quiet.

DRUNKARD TYPE FOUND

NEAR BEER CHANGES STATE OF CONSUMERS' MIND

CHICAGO, Oct. 15.—(AP)—Prohibition has developed the "psychological drunkard," who thinks he is getting intoxicated on beer he could drink all day without feeling any effects, according to E. C. Yelloyer, district prohibition administrator. "He says 25 cents a glass for near beer," said Yelloyer, "and gets into a state of mind where he thinks he is getting intoxicated."
