REVIVAL MEETINGS ATTRACT ATTENTION

Live Topics of Day Discussed at Each Service, Special Music

The meetings at the First Christian church are progressing nicely. Audiences have been fair considering outside attractions. The choir has been rendering splendid music and the special number by Mr. Farnum and Miss Whisler Tuesday night was well received by the audience. The sermon topic for Thursday evening "The Man Who Prayed Too Late," Friday evening "Before and After Taking," these sermons are especially dealing with the ideal Christian life and are directed more particularly to the church member, yet all will find food for thought and will be helped by attending these services. If you sing, you are asked to come and help. If you play a musical instrument bring it along. We expect to have an orchestra in the near future. Come and hear the male quartet tonight. Special feature at all services. You will be welcome.

"Some of these days they'll be kicking the Arabian Nights entertainment volumes out of the public libraries and substituting photographs of Douglas Fairbanks with clipping books of his adventures in the Land of Fantasy."

—Los Angeles News

It is my belief that the motion picture camera should not merely record. It should see through a selective impressionistic eye. It should capture moods as an impressionistic painting does.

In the human mind there is always a flickering revolt against the stifling actualities of life and a desire to escape from them. The screen offers an outlet for the spirit of rebellion. It gives actuality to our dreams—our moments of adventuring into the highroads of romance.

THE BLACK PIRATE is a romance of the sea and it has been our aspiration to catch and reflect the real spirit of seafaring, with all its colors and its odors, its swinging, crooning, shrieking rhythm.
