boots were coated with mud when he emerged. Three companions who started with him were caught either by rising mud or falling debris in the shaft. A memorial service for the seven miners whose bodies were recovered was being planned. All the bodies will probably be buried Saturday with services in their various churches or in undertaking parlors. No more bodies had been recovered tonight. That those of the seven were not also entombed

was due to the surge of mud which buried their comrades. The battered bodies were brought to the top of the shaft by the flow, and there recovered.

FATHER KILLS CHILDREN

ESCANABA, Mich., Nov. 4.— (AP)—Believed to have become suddenly insane due to grief over the death of his wife, Joseph Kain, 31, today killed his two small children and then committed suicide.

EVERY YEAR
OL BILL UPKEEP
Mr. Home Owner
To Repair \$5.00
To Paint \$2.00

He has Wrecked more Homes than Jealousy

No wonder the happiness of many a young couple is shattered after they buy or build and attempt to pay for a home of flimsy construction. The cost of upkeep is so great that they cannot meet it and their payments out of their slender income, without galling sacrifices.

Brick Saves Upkeep Expense

Had these young couples built brick homes, they would be happy and successful for brick walls need no repairs; they do not have to be painted; they protect the interior from decay and they save largely in the expense of heating. And the brick home costs but little more to build than one of less durable material.

For 25 cents, we will send you, postpaid, a brick idea book, full of information on how to build with brick, and illustrated with photographs of many brick homes of all sizes, actually built in the Northwest, showing a variety of types of architecture and styles of bricklaying.
