

WAS A PIONEER OF THE CANADIAN WEST

Funeral Here Today of Woman Who Went West Covered Wagon

Mary Lowe, aged 72, died at 1340 Madison street, November 21. She is survived by three daughters, Mrs. W. H. Henderson of Salem, Mrs. H. Malby of Saskatchewan, and Mrs. George Mann of Winnipeg; son, John, of Winnipeg, two sisters, Mrs. E. Ferris of San Fernando, Cal., and Mrs. Rebecca Reed of Saskatchewan. Funeral Wednesday, November 24, at 2 p. m. from the Webb funeral parlors. Rev. Thomas Acheson officiating. Interment in City View cemetery.

The above funeral notice appeared in The Statesman of yesterday morning.

Mrs. Lowe came from Portland to Salem six years ago. She went from Moose Jaw, Canada, to Portland, and from Winnipeg to Moose Jaw. She was born at Kincardine, Ontario, Canada. Her father was a native of Scotland, and her mother was born in Pennsylvania. She lived at Kincardine till she was 18, when she was married to David Lowe, and they went west to Winnipeg with an ox team and a covered wagon, by way of St. Paul, before any railroads were built in the Canadian west. They settled in the Canadian west, 100 miles from the international boundary, and near Grand Forks, North Dakota. They carried on large farming operations there till 20 years ago, when they sold out and went to Winnipeg. They had financial reverses there. Mrs. Lowe went to live with her daughter, Mrs. W. H. Henderson, and was from that time till her death a member of the Henderson household. Mr. Lowe went to live with his people at Menominee, Wis., and is still with them.

Mrs. Lowe was a member of the Methodist church from girlhood, excepting for the time the home was at Union Point, when she was affiliated with the Presbyterian church. She was a good woman and will be missed in the Henderson household, especially by her daughter, Mrs. Henderson, from whom she was never parted till death overtook her.

Mr. Henderson is the circulation manager of The Statesman publications, which position he has held since the family came to Salem, having theretofore occupied similar positions at Moose Jaw, Winnipeg and Portland.

SPENCER ATTACKS EDUCATION SYSTEM

Says Oregon Stand Second to Arkansas in Backwardness of Work

"Oregon's present system of school support is a disgrace to our intellect," says Professor P. L. Spencer of the Oregon normal school at Monmouth in a speech before the Salem Kiwanis club at its weekly luncheon in the Marion hotel yesterday. The speech was called "A Business View of Education."

Oregon stands second only to Arkansas in educational backwardness, Mr. Spencer stated, and it has lost \$2,000,000 in the last seven years solely because of children who have been retarded needlessly in the schools.

"Salem teachers' salaries especially are so low that they cause plenty of bad advertising for this city throughout the state," Mr. Spencer continued.

The best teachers turned out in the Oregon normal school all go to California, he said, because they get double the salaries that they do in Oregon. They also get better salaries in most other states than they do in Oregon.

Oregon as a state spends 15 1/2 million dollars a year for highways but not a cent for public schools, he said. All the school funds come out of local or county taxes.

Education is the only variable quantity by which the condition of life can be bettered, he said, and this reason the money spent on education is about the most important of all public expense.

Bite For Breakfast

Thanksgiving tomorrow—And do you feel that way?

The campaign for beet sugar acreage is to be carried on all over the valley, and with a view to winding it up quickly.

That will mean a beet sugar factory here in 1928, to cost a million and a half dollars.

Looks like a big building year for Salem next year, but a bigger one begins to loom up for 1928.

Marion county is doing a good work in making Champoez park more accessible. That is an asset which will increase in value for all the years of the future.

Old Champoez had great dreams of becoming a city in the old days. Who says those dreams may not still come true, in some future time?

The beekeepers of Polk county deserve credit for bringing the state convention to Dallas, for the last three days of next week. It will help to point the way to a coming great industry in this section.

Annual apple slogan number of The Statesman tomorrow. The apple industry of the old days started in this section, and there was big money in the fruit, shipped to California and other points. This is a good apple country, for the kinds that attain to the greatest perfection here, and apples will never go out of style.

OLD SANTA CLAUS WANTS REAL MERRY CHRISTMAS

(Continued from page 1.) stomach. He fills out every corner of the Arctic, weather and snow and moss and summer mosquitoes and all. Why, he was

built for the Arctic. He never has probably traveled all around the north pole that Peary discovered, for the last thousand years; and they never thought a thing about it. It's home for the reindeer.

But they're coming here for a change. Coming early, too, so that you can see and enjoy them, and be reminded that Santa Claus is everybody's friend and that he wants to find a few who have somehow been lost off his list.

Maybe you know some of these little folks, who have been ill or out of a job, or their folks have been ill and out of luck. Sometimes when a fellow moves around, Santa loses his address, and can't find the poor child to remember him.

But you can help a lot. You can write down the name and slip it to Santa Claus, or you can walk up and whisper it in his ear. He'll be tickled to death to have you do it. He's looking for you and your kindness, as much as he is for the poor kid he has somehow lost.

He's trying to make this an easy and happy Christmas, by getting it all ready in good time.

"CASCARETS" KEEP BOWELS REGULAR AND STOP COLDS

No headache, sour stomach, bad cold or constipation by morning

Get a 10-cent box. Colds—whether in the head or any part of the body—are quickly overcome by urging the liver to action and keeping the bowels free of poison. Take Cascarets to-night and you will wake up with a clear head and no doubt you will wonder what became of your cold. Cascarets work while you sleep; they cleanse and regulate the stomach, remove the sour, undigested food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember the quickest way to get rid of colds is one or two Cascarets at night to cleanse the system. Get a 10-cent box at any drug store. Don't forget the children. They relish this Candy Cathartic and it is often all that is needed to drive a cold from their little systems.—Adv.
