

# OREGON'S RANKING IN APPLES SMALL

Has Little Influence on Markets except for grade and Quality

Occasionally the remark is heard that too much fruit is grown in Oregon, apparently the speaker feeling that Oregon's crop could possibly affect the market prices. Surely the crops in the east have a market preference as home products should, but quality projects Oregon.

During this fall, according to an estimate made by the government expert, Oregon will market 8,035,000 bushels of apples, California will market over ten million and Washington 34 million. New York is the leader in the entire field with 40 million bushels. The total crop of apples in the United States this fall will be about 246 million bushels. Why, by this, do Oregon farmers fear for an overflow of the market? There shall always be, say the successful apple growers, a good market and a good price for Oregon apples as long as their quality is as good as it is known to be now.

The outlook in the pear market situation is exceedingly bright for Oregon. The production this year was 2743 cars to 2104 cars for the same period last year. This was up to October 30. The crop estimates by the government statistician for this year in pear production total 25,269,000 bushels in the United States. Of these California will produce nine million, Oregon two million and Washington nearly three million. Eastern states are doing very little in the pear industry and have left the market fairly open to the farmers in the west.

### Pineapple Layer Cake Inexpensive Delicacy

An inexpensive but delicious and festive looking dessert is pineapple layer cake. Make it with ordinary cake layers, or, if you choose, with sponge cake layers. Only half a pint of cream is necessary since the crushed pineapple is moist. Spread the pineapple and a little cream between the lower layers and save most of the cream to spread over the top with the pineapple. One can of pineapple will do for the ordinary size cake.

### 'MY OWN PAL' PLAY SHOWING AT OREGON

Tom Mix Does Daring Feats of Horsemanship and Roping in Film

Tom Mix, star of the Fox Films production "My Own Pal" has ample opportunity to display his daring horsemanship and his skill with the rope in this altogether different western. This film starts a three day run at the Oregon theatre today.

In it, he is Tom O'Hara who comes to the city in search of thrills and joins the mounted police. In this character Tom puts Tony his horse through all his tricks for the benefit of his fellow police officers and shows how handy a rope can come in when crooks are to be apprehended and tied fast until further notice.

But he does not use his rope exclusively for the capture of thieves—he gains his way into the force because he has saved the niece of the chief from being injured in a runaway accident.

Vivacious little Olive Borden was selected to play opposite Mr. Mix in this production. Little Virginia Marshall is cast as his pal Jim. Others in the cast are Tom Sanchli, Tom McGuire, Bardson Bard, Jacques Rollens and Helen Lynch.

J. G. Blystone directed the production.

### General Markets

**LIVESTOCK**

**GRAIN**  
PORTLAND, Ore., Nov. 26.—(AP)—Wheat bids: BBB hard white, HW, BS, Bant, western, soft white, western white Nov. Dec. Jan. \$1.25; hard winter Nov. Dec. Jan. \$1.35; northern spring Nov. Dec. Jan. \$1.34; western red Nov. Dec. Jan. \$1.33.

**HAZEL**  
PORTLAND, Ore., Nov. 26.—(AP)—Hay buying prices: Eastern Oregon timothy \$20.00; ditto valley \$17.50; chest \$12; alfalfa \$17.50; oat hay \$13; oat and vetch \$14.50; straw \$7.50 per ton. Selling prices \$2 a ton more.

**DAIRY**  
PORTLAND, Ore., Nov. 26.—(AP)—Dairy Exchange, net prices: Butter, extra 42¢; standards 40¢; prime firsts 40¢; firsts 37¢; eggs extra 46¢; firsts 44¢; pullets 35¢; current receipts 41¢; undersize 29¢.

**NEW YORK, Nov. 26.—**Evaporated apples dull; prunes unsettled; apricots firm; peaches steady; hops steady.

**WHEAT FIRM**  
CHICAGO, Nov. 26.—(AP)—Wheat values went higher today, chiefly on account of higher storm damage in Argentina and because of liberal export buying of wheat from North America. Closing quotations on wheat were firm at 1 to 1 1/2¢ net advance with corn 1-1/4 to 1-5/8¢ up and oats 1-8/8 to 3-8¢ higher.

**WOOL QUIET**  
BOSTON, Nov. 26.—(AP)—Business on the wool market remains comparative quiet. Fine staple and fine French combing territory wools continue to receive a limited demand from the worsted mills. Oriental bag lots of Oregon fine staple wools have moved at \$1.10, scoured basis. Some slight interest is shown in medium and low grades of territory wools but the volume moved is small.

**FINANCIAL**  
NEW YORK, Nov. 26.—(AP)—Sensational bidding up of a few special stocks, in which important developments are believed pending, featured the resumption of the upward movement in today's stock market. Baldwin resumed leadership of the advance in active industrials by jumping 7 points to 139, the highest price ever recorded, and nearly 3 points above the previous record peak established in 1919. Texas Pacific and Trust certificates which appear infrequently on the tape, usually in 10-share lots, were marked up 220 points to 1150, a record high price, on total sales of about 500 shares. U. S. Steel crossed 150 in large volume for a net gain of nearly 3 points.

### No Waste in Preparing Pineapple for Markets

One of the reasons why Hawaiian pineapple is inexpensive is that the consumer does not have to pay for waste in its preparation. There is almost none at all. When one buys sliced pineapple the part that was once where the hole is has been used, also the part peeled off with the skin, to make crushed pineapple. Shell, core, eyes, are crushed and pressed, and the resulting juice filtered and used with chemicals to make certain varieties of vinegar, and, of all things, fuel for types of automobile engines. Even the pulp that remains is used to fertilize young pineapple plants.

### Tea, Lemon and Pineapple Go Into Now Refreshment

Tea infusion, experts tell us, makes the best base for punch. A delicately flavored punch is made from four cups of strong tea to which one and a half cups of sugar is added while the tea is still hot enough to dissolve the sugar. Chill and add to four cups crushed Hawaiian pineapple (about two cans) and a half cup of lemon juice. Six cups of water dilute the punch sufficiently. An added touch is chopped mint leaves and a half cup of powdered sugar put in the bottom of the punch bowl before pouring in the punch. Ice, of course, must go into the bowl also. This quantity serves 25 persons.

### EUGENE BOY INJURED

EUGENE, Nov. 26.—(AP)—Joe Gilmore, 14, son of City Recorder George A. Gilmore of Eugene, was injured by a bullet fired from an unknown source while on a duck hunting trip near here late this afternoon. He is in a local hospital where the bullet was extracted.

### Flaxseed Meal IS HOLDING IN PRICE

Product Little Affected By Competition of Other Protein Feeds

Linseed meal prices are averaging only slightly lower than a year ago in spite of unusually heavy production during recent months and the competition of other high protein feeds which are relatively cheaper, reports the United States department of agriculture.

Prices of linseed meal in eastern markets at the middle of November average about \$2 a ton lower than a year ago, reflecting in part the slackened export industry. Quotations in central western markets, however, are about \$1 a ton higher than at this time last year.

Export demand has been somewhat restricted by the comparatively high prices and high ocean freight rates but domestic buying has been active and trade reports indicate that offerings have been well absorbed even though good fall pasturage has curtailed the demand for most feedstuffs.

Around 185,000 tons of linseed meal were produced in the United States for the three months, July, August and September, it is estimated from census figures of flaxseed crushings and linseed oil production. This compares with about 130,000 tons for the same period last year and 125,000 tons two years ago. This output is also much larger than that of 130,000 tons for April, May and June this year.

Exports of 70,000 tons for July-September this year are practically the same as for the same period in 1925 but the exports for the season ending September 30 amount to only about 90 per cent of the total for the previous season.

### Boys Chorus Meets at YMCA on Tuesdays

The Salem boys' chorus will meet at the YMCA at 8 o'clock Tuesday night, the date of the meeting having been changed from Mondays to Tuesdays. At present there are 80 boys in the chorus, but Dr. H. C. Epley, director, hopes to have 125 before the season begins.

Several programs are being prepared for the future, besides other social events. New members in the chorus are Alexander Potter, Howard Garrison, Homer Kirkwood and Ray Cain.

### RUMANIA HELD ON VERGE OF POLITICAL UPHEAVAL

(Continued from page 1.)

to lead an easy life in Neully.

For three days, Bucharest has been cut off from telephonic and telegraphic communications with Belgrade, the Jugoslav capital, from which place, however, volumes of news continue to emanate concerning what is supposed to be going on behind the scenes in court and political circles of the Rumanian capital.

With Queen Marie on the Atlantic, voyaging homeward from her visit to the United States and unable to take part in the negotiations, it is reported that the political parties, despairing of the life of Ferdinand, are preparing for a new fight. This report says it is more than a possibility that Carol, supported by the peasants and certain elements of the army, with which he is popular, will attempt to return and make a bid for his father's throne.

So far as the other political parties are concerned they reached an agreement in January. They decided it was best to make Carol stand by the renunciation of his rights. One of these parties is led by Premier Averescu and the other by former President Bratiano; both are of equal strength and both are said to fear the consequences of Carol's return.

Last January parliament passed an act accepting Carol's decision to give up the rights to the throne rather than the woman of his choice. The act named his five year old son, Prince Michael, born of Carol's marriage to Princess Helen of Greece, as heir apparent. A council of three regents was then named to rule in the event of Ferdinand's death, until Prince Michael should reach his majority.

These regents are Prince Nicolas, the head of the Rumanian church and the president of the supreme court.

It is generally reported that all Rumania is looking for early modification of the constitution with respect to the regency, and that it was this probability rather

### 'Cohens and Kellys' Now Playing at Grand Theater

Aaron Hoffman's famous stage play, "Two Blocks Away" has been made into a photoplay by Universal and is the feature at the Grand theatre today and tomorrow.

"The Cohens and Kellys" is the title of the screen adaptation, directed by Harry Pollard, whose mastery of mirth is held largely responsible for the popularity of Reginald Denny, whom he has directed in many pictures. Charlie Murray, George Sidney, and Vera Gordon have the featured roles in the cast which also includes Kate Price, Jason Robards, Olive Hasbrouck, Nat Carr, Mickey Bennett and Bobby Gordon.

### FREE TEXT BOOKS FAVORED IN TALK

Superintendent Turner Gives Talk at Lions Club on Educational Matters

Textbooks should be provided by the state free of charge to public school children, according to R. R. Turner, state superintendent of public instruction, in a speech before the Lions club at its weekly luncheon Friday noon. Out of the three essentials to education—plant, teachers, and text books—the first two are already provided by the state and the third should be.

In 40 states out of the union, free text books are already supplied by the state in some manner. Oregon is one of the other eight that do not, Mr. Turner stated.

If the textbooks are furnished by the state, the trouble caused at the beginning of each school year by only part of the students being completely equipped with books would be eliminated, Mr. Turner believes. At present, the poorer children often have a hard time getting all their books before one or even two months of the year have passed.

In answer to the charge of germ spreading brought against free textbooks, Mr. Turner stated that not as much disease could be spread this way as in public libraries.

Better training for teachers was also advocated. Doctors spend an average of seven years in training, Mr. Turner said, while Oregon requires only one year's training of her teachers. California requires three years and Washington two.

The Eddy bill, before the last two sessions of the legislature, which provides for having a legislative committee arrange public school curricula, would be a dangerous law and an impractical one, Mr. Turner held.

A bill to provide an appropriation of \$150,000 for the normal school at Monmouth will come before the next legislature, he announced. OAC has a new \$400,000 women's gymnasium, he pointed out, while the one at Monmouth is too small for half the women in the normal school.

### GRAPEFRUIT PRICES LOWER ON RECEIPT OF SHIPMENTS

PORTLAND, Nov. 26.—(AP)—Larger supplies of Florida grapefruit are on hand now and prices have declined slightly. The first Porto Rican sweet potatoes arrived from Arkansas today and are offered \$1.85-\$2 per bushel crate. California sweets are bringing 3c-3 1/2¢ per pound. The cranberry market is showing a little strength with a few sales being made at \$3.25 per box for westerns. Cabbage, cauliflower and onions continue cheap.

### 'THE CAMPUS FLIRT' PLAYS TODAY ONLY

Elsinore College Comedy Film Taken at University of California

Leave it to Bebe Daniels to burst forth with something new! Paramount's apt comedienne, as dainty and charming as ever, is with us again—this time with a comedy that should win an honorary degree.

That's the reaction one gets from her latest production, "The Campus Flirt," which plays today only at the Elsinore theatre.

Bebe's story concerns itself with the activities of a college girl who "high hats" everyone failing to come up to her own ridiculous standard. The girl's subsequent treatment at the hands of her fellow students provides one with a laugh each second.

How she defeats Charlie Padlock, "world's fastest human," playing a featured role; how she refuses to "walk home" from a boat ride and any of a hundred other situations, will keep you in hysterics. El Brendel's inimitable caving with Minnie, his pet mouse, is a comedy classic. James Hall, the third featured player, makes a creditable screen bow.

"The Campus Flirt," directed by Clarence Badger, sparkles with genuine campus atmosphere. Photographed at the University of California, its track meet scenes made members of the audience stand right up in their seats.

### Well Known Lumberman Passes Away Wednesday

Word has been received here of the death of L. A. Copeland on Wednesday, November 24, 1926, at Boseman, Montana. The interment will be in Portland on Monday. He is the brother of J. W. Copeland, who operates a number of lumber yards.

L. A. Copeland operated and owned yards in Idaho, Oregon and Montana. During the funeral services Monday the yards in this city will be closed in his memory.

### 85 DEAD, TOLL TAKEN BY WIND IN 6 STATES

(Continued from Page 1.)

structure, was destroyed.

Governor Tom J. Terral of Arkansas, tonight awaited reports from national guard officers sent into the storm swept area to determine immediate needs in men and money to meet the situation.

Newspapers of the state made ready to act on petitions from citizens of Heber Springs to conduct campaigns for relief funds.

ST. LOUIS, Nov. 26.—(AP)—Tornadoes which swept through the Missouri Ozarks last night killed at least four persons, injured between 75 and 100 persons and left a trail of property destruction.

Striking first at Bransville, near the Arkansas line, a twister took three lives and destroyed about three-fourths of the buildings. Heavy damage also was caused at Rover and slight damage at Thomasville, nearby inland towns.

Apparently a different tornado struck at Competition, 75 miles northwest of Bransville, and tore a destructive path in a northeasterly direction through Big Piney, Vida, and Knowlton, where it seemed to have spent most of its force. A 60 mile wind, however, blew as far northeast as St. Louis. Nearly all the buildings in Competition and Big Piney were demolished.

CHICAGO, Nov. 26.—(AP)—Bad weather spread over three-fourths of the United States today, while the east continued to enjoy pleasant weather. These conditions obtained in other sections:

South: Tornadoes claimed 85 lives, injured many and caused extensive property damage.

Southwest: Fifty-mile winds blew for ten hours, causing a severe dust storm.

Middlewest: Temperatures today dropped sharply and rain gave way to sleet and snow driven by fierce winds.

Pacific northwest: Felt the effects of a disturbance centered off the north Pacific coast, with an extension south-eastward to Colorado.

### Evangelist Speaks at M. E. Services

"The World's Greatest Tragedy" Subject for Sunday Morning

No services are to be held today or tonight at the First Methodist church, where the Mahood fellowship meetings are being given the public. Six days of earnest work is a good week-full, and the evangelist, Dr. Mahood, and his co-workers will take a much-needed day of rest.

Sunday morning at 11, Dr. Mahood will speak on "The World's Greatest Tragedy." In the evening he will tell of "The Death of a Soul." Other evening topics for the week to come will be announced from day to day. The meetings are growing in attendance and general interest, and old First church promises to have a genuine awakening before the series is over.

Last night Dr. Mahood spoke on the general theme of individual responsibility for the spread of the gospel and for all the good that follows it. "Go ye into the highways and hedges, and bring them in," he interprets as an imperative command for all Christians. The whole sermon was framed around this vital message.

### FURTHER PARLEYS LIKELY

MONTREAL, Nov. 26.—(AP)—Further negotiations with Canadian railway officials to avert the threatened strike of 15,000 conductors, trainmen and yardmen for a 6 per cent wage increase seemed probable tonight.
