December 1, 1926 GOD TESTS HIS PEOPLE "Oh Lord our God, all this store that we have prepared cometh of thine hand, and is all thine ewn. I know also, my God, that thou triest the heart, and hast pleasure in uprightness. As for me I have willingly offered all these things: and now have I seen with joy thy people offer willingly unto thee." 1 Chron. 29:16, 17.

FIFTY FIFTY

Every sugar beet contract in the United States, outside of-the very few factories owned cooperatively, is a fifty-fifty contract. That is, the grower owns half the sugar. The grower also owns the tops. The factory owns the other half of the sugar, also the beet pulp and the molasses.

That is the basis upon which the writer stated, in this column vesterday morning, that the grower, under the contract he is signing in this district now, will receive \$103.95 gross per acre for 17 per cent beets and 15 tons to the acre, with sugar selling wholesale at 6 cents a pound-

And that he will receive this without having made any outlay whatever, in case he hires no outside labor-and with a deduction of about \$6 an acre for the seed and the use of the tools of the sugar company, he will have about \$97.95 left for his labor and the use of his land, on beets of that sugar content and that number of tons to the acre.

That figure was taken, because J. W. Timpson, manager for the northwest of the business and properties of the Utah-Idaho Sugar company, believes our district ought to average 15 tons to the acre of 17 per cent beets. That is about the average for the Bellingham district. Sugar is now around 6 cents a pound wholesale. (It is now quoted in the Portland market at around six and a half cents a pound. That would make a very considerable addition to the price received by the farmer. It would be the difference between \$6.93 cents a ton and \$7.59 a ton, multiplid by 15. You can figure it for yourself.)

And a higher sugar content and a larger per acreage tonnage would make a lot more difference In fact, 20 per cent sugar content and 30 tons to the acre would make beets almost a bonanza crop here, and there will be beets of that sugar content and that tonnage produced here, by some of the very best growers; and even higher.

The Statesman is giving a good deal of space to the campaign for acreage, because the writer believes this is the paramount issue before our farmers now-

And everybody else, because every single person will be om Tire Company has the tires. affected beneficially by the development of the beet sugar mercial streets. industry here.

All those interested can now get blank contracts. Get one and study it. You will find it a fair contract-

And it is in fact the result of years of struggles between the growers of this country and the factories. The present form of contract was written by a big association of growers. It is satisfactory to all the growers of this country; nearly 300,000 of them.

President Coolidge gave a breakfast yesterday morning to the leaders of the lower house of congress, and Congressman W. C. Hawley sat at the right hand of the chief executive. He belonged there. He has earned the place by hard and honest work, and he is one of the authorities of congress on many important subjects.

Two things are going to happen. Salem is going to have the first beet sugar factory in Oregon, and Marion county is going to have an agricultural agent. And some of the very people who are now sneering at the efforts to secure these things are going to be proud of these accomplishments—and no doubt some of them will be claiming they did it.

VE RICH STARS IN OREGON PICTUR

Terrific Tornado With Entire Town Destroyed Shown in "Compromise"

"Compromise," Warner Bros. classic of the screen starring Irene Rich, which is playing last times today at the Oregon theater, finds **File Application Seeking** that talented and charming actress gain in the role of the neglected wife. She plays Joan Trevore, a Inderella half-sister of Pauline Garon, whose favorite sport as Natalie Trevore, is spoiling Joan's

good time. Nathalie persists in this childayed by Clive Brook, while he is ment of 25,000 theoretical horsed habit with Alan Thayer, an's sweetheart and even after power, in Lincoln county. mes Joan's husband. With nly the weapons of a sweet-temed, conscientious idealist, Joan fights the jazz-hound, shimmying tactics of imperious Nathalie and her faithful satelites. Miss Rich was never levelier, or gave a more dramatic performance than in this characterization.

The remainder of the supporting cast is also excellent and includes Winter Hall, as Joan's lovle old father: Helen Dunbar as her catty stepmother, and Ray-mond Fazenda and Frank Butler, as the Swedish maid and butler. sh maid and butler,

Places Second or Third in 1928 Games

BERLIN - (Special) - At the close of the most successful outdoor amateur athletic season in 12 ears the German Olympic committee predicts that Germany will in the Olympic games at Amsterdam in 1928, the first in which terman athletes are to compete since 1912.

Based on present performances the point score of the United States stands good to suffer most, The Germans are strongest in virtually every sport in which Americans in the 1924 games carried off firsts. The best bid, it appears, wil be made in track and 'ield events, swimming, cycling, equestrian sports, rifle and revolver shooting, tennis, figure skating for men, soccer and fencing with a fair chance in ice hockey, rowing and weight lifting.

Dr. Otto Peltzer of Stettin, who holds the world's record for the naif-mile and 1500 meter run as well as all German records from 400 to 1500 meters, looms as the outstanding star. Peltzer turned down offers totalling \$50,000 for an American tour and has gone back to a job as teacher of economics and gym director in the public schools of Wickersdorf, Thuringia at a salary of \$75 a

Peltzer's chief rival is the 20year-old Herbert Boecher, Berlin. no faced international competitors for the first time this year or Basel, Switzerland and Paris, Helmuth Koernig of Breslau, also Hubert Houben of Crefeld as champion sprinter. Koernig is credited with running 100 meters in 10.3 seconds, a tenth of a second better than Charlie Paddock's world record.

In the marathon, Kurt Reichmann of Seigen paced the 42 kilometers in 2 hours 41 minutes, lowering the record of Stenroos of Finland in the 1924 Olympic games by one minute 22 seconds. Erich Rademacher of Magde-
