

SALEM HIGH SCHOOL CLAIMS NO TITLE

Local Team Expected to Have Weak Line in 1927, Prospects Show

No football championship will be claimed this year by Salem high school, outside of the territory covered by games won, because of the fact that there are six undefeated teams in the state and the only way to decide a state football championship would be to have each one of them play the others. Such an elimination tournament is manifestly impossible, so it naturally follows that an Oregon state championship is also impossible.

Players of this year's team who will probably not be seen again in a Salem high school football suit are Olinger, Adams, Cummings and Hamilton, ends; Dragger, tackle; East, Dolby and Fabry, guards; Lyons, center; Temple and Kelly, halfbacks; Ashby, quarter.

The only letterman who will be left for next year are Backe, full; Blaco, half; Bowne, center, and Jones, tackle. Homer Lyons, this year's center, may be back also.

On the face of things it would appear that Salem will run into a losing season next year, but Coach Huntington is not worried. For backfield material he will have Backe, Blaco, Nelson, R. Kelly, Weppinger and others.

The line next year is expected to be the chief source of difficulty. Homer Lyons will probably play center if he returns, with Bowne and Jones as tackles.

A few other prospects are Homer Smith, a natural tackle; J. Temple, Crosby and several untried prospects at guard. De Lisle, Giesy and Schwabauer are possible ends.

At Shipley's the ladies of Salem have satisfied themselves that they can get the finest fall and winter frocks, coats and dresses ever shown in this city.

ROOP RULE CHANGES HIT COAST LIGHTLY

Conference Not Expected to Adopt Valve Ball This Year, Says Hager

OREGON AGRICULTURAL COLLEGE, Corvallis, Dec. 8.—Changes in basketball rules for the coming season will not affect the playing on the coast to any great extent, in the opinion of Coach Bob Hager, Aggie cage mentor. The rule stating that a diameter be drawn in the center parallel to the end lines to denote the part of the circle belonging to each jumper may be left out, as far as Pacific coast conference basketball is concerned, according to Coach Hager.

Requirements for air pressure of 13 pounds for the ball may be easily enforced if the conference adopts a valve ball instead of a face one," remarked the Orange coach. "The valve ball in its present state is not entirely satisfactory as it often leaks air. The metallic substance on cover does not affect the dribble and also the shape of the ball. The conference may adopt a ball at its meeting this week in Portland, but it is doubtful if the valve ball will be adopted," concluded Coach Hager.

Here are the changes in basketball rules for 1926-27:

Rule 1, section 3—A diameter

is to be drawn in the center circle parallel to the end lines.

Rule 4, section 1—An air pressure of 13 pounds is recommended as a satisfactory inflation for the ball. This applies to the valve ball which permits the use of an air gauge.

Rule 6, section 6—If an injury takes place while the ball is in play, the officials are to withhold their whistles until a play has been completed.

Rule 8, section 7—The umpire is given authority to disqualify players for flagrant unsportsmanlike conduct.

Rule 8, section 5—Each center player shall stand with both feet on or inside his half of the center circle.

Rule 11, section 1—"Time out" shall not be granted for a substitution or at the request of a captain after the ball is in position for one or more free throws. Such "time out" may be granted between the calling of the foul and taking it to the free throw line, but not thereafter until the throw or throws have been taken, whereupon the old rule governs. In case of free throws awarded to both teams "time out" may be granted while the ball is being taken from one free throw line to the other.

Rule 13, section 6—If two or more free throws are awarded to the same team, at least one of which is for the personal foul, the ball is in play if the last free throw is missed.

Rule 15, section 13 (a)—If a player is fouled in the act of throwing for goal, the goal counts if made. The clause, "if the ball has left the player's hands when the whistle blows for the foul" is eliminated.

Rule 14, section 11 (a)—Center ball instead of nearer free throw line.

LATE SPORTS

PORTLAND, Ore., Dec. 7.—(AP)—Leo Lomski, Aberdeen light heavyweight, battered and punched his way to a seven round knockout victory over Harry Dillon, Winnipeg, in a scheduled ten round main event here tonight.

The Aberdeen battler had the best of every round and in the sixth sent his adversary to the floor from a volley of vicious rights and lefts to the stomach.

Dillon arose after the count of nine and all but floored Lomski with a wild haymaker. The seventh had hardly opened when Lomski, with a well timed right, connected with Dillon's chin and followed with a short left jab that sent Harry to the canvas for the fatal count.

SEATTLE, Wash., Dec. 7.—(AP)—Chuck Hellman, bantamweight of Portland, won an unpopular decision over Benny "Kid" Carter of Phoenix, Arizona, in six rounds here tonight.

DEMPSEY RELATES POISONING STORY

New York American Adds Chapter to Plots Woven Around Heavyweight

NEW YORK, Dec. 7.—(AP)—The New York American tonight added another chapter to the story of "poison plots" woven about the figure of Jack Dempsey, who lost his heavyweight boxing title, to Gene Tunney in the Sesqui-Centennial ring at Philadelphia.

Dempsey told its representative in Los Angeles, the American says that he believed he was poisoned before the contest and that his suspicions were confirmed by a physician who examined him the day after he lost the championship. The physician was not named.

"I don't know what happened, nor how it happened," the paper quotes Dempsey as saying. "I do know that I was in such an alarming condition that I called a doctor the day after the fight. I was afraid there must be some organic disorder."

Dempsey then explained the paper says, that he refused the doctor's admission after he arrived, fearing that the public might think the former champion was "trying to frame an alibi," but that another physician who stitched the wound Tunney opened over Dempsey's eye said "There were strong symptoms of poison."

Tex Rickard, promoter, was afraid Tunney would not be able to go through with the match, Dempsey is quoted as saying.

"Tunney got sick flying here from Stroudsburg. Do me a favor and don't stop him to fast. Let him stay three or four rounds. This is the greatest crowd we ever had and I want to give them a run for their money," Dempsey said Rickard told him.

"I almost had to laugh in his face. He was worrying about the wrong man as I was so weak when I reached the arena that I almost fell getting out of an automobile," Dempsey is quoted as saying.

CONSUL PROBES FIGHT BATTLE WITH LABORERS IS HELD EXAGGERATED

CHICAGO, Dec. 7.—(AP)—An international aspect was given a gunfight here today in which a Mexican railroad track laborer was killed, another wounded and a policeman was fatally shot.

Luis Lupian, Mexican consul started an investigation of reports and expressed belief the police reports concerning the fight were exaggerated.

Police, who went to the box car home of the laborers said they were exposed to volleys of pistol fire when they attempted to arrest one of the laborers on a charge of accosting a woman.

More than 50 police answered the call for reserves, after Patrolman L. J. Stahl was killed and a fellow officer, Charles Kolwitz, was wounded.
