## Studio Recital Is Given at Darby Home

Of course you need a mighty good frying fat to make fruit fritters as dainty and crisp-crust-ed and wholesome as they can be. Lots of good cooks have discovered that Snowdrift is excellent for frying.

**FRUIT FRITTERS**  
1 Cup Flour  
1/2 Teaspoon Salt  
2/3 Cup Milk or Water  
2 Eggs  
1/2 Tablespoon Snowdrift

Mix together the dry ingredients, beat in the liquid gradually, and stir in the egg yolks, beaten until lemon-colored. Add the Snowdrift and then the egg whites, beaten stiff. Then dip in the fruit, drain it for a moment, and drop each fritter into deep Snowdrift, hot enough to brown a bit of bread in a minute. When golden brown on one side, turn to brown the other. When done, drain on crumpled paper, dust with powdered sugar, and serve with or without outcrop or lemon sauce. If apples are used they should be cored and pared, then sliced in rings. Peaches should be pared and quartered; bananas should be peeled, halved lengthwise, and then quartered.

## Be sure to see Frigidaire

## at the Cooking School

Every woman in Salem and vicinity is cordially invited to attend the Cooking School conducted by The Statesman, on December 14, 15, 16 and 17 at Grand theater. You will see a demonstration of Frigidaire Electric Refrigeration. It will be used in the classes exactly as it is in more than 250,000 homes and places of business in all parts of the country.

Frigidaire is used in the cooking school because culinary experts everywhere demand the convenience, dependability, economy and cleanliness provided by Frigidaire. It eliminates the possible annoyance and inconvenience of outside ice supply. It keeps foods colder, fresher, purer, more wholesome. It

freezes ice cubes and desserts that are a real delight. Frigidaire permits a better kitchen arrangement—makes the preparation of meals much easier—operates without attention at all times—all for an operating cost that is usually less than the cost of ice.

Attend the Cooking School. Note the many ways in which Frigidaire saves time, work and expense. See how it prevents spoilage and waste. You will know—by having seen Frigidaire in actual use—what a real household necessity it is. Then visit the Frigidaire dealer and find out about new low prices and the easy terms of the General Motors deferred payment plan. You'll be surprised to know how easy it is to own Frigidaire.
