

## BLIND STUDENTS LEAVE FOR HOME

Christmas Program Given, Fine Dinner for Those Remaining at School

The Christmas program, given by the State Blind School last night, was favored with a large attendance and proved a real treat to the audience. Today the students will disperse throughout the state with the exception of about six who will be unable, for one reason or another, to go to their homes.

Superintendent J. W. Howard stated that those remaining will be given a Christmas tree at the school which the pupils living in Salem will also attend. Presents from home which have been arriving for the past few days are being held for this occasion. The school has been decorated and no pains are being spared to make the occasion a joyous one. A Christmas dinner will be served with roast goose, cranberries, mince pie, candy, nuts and oranges. Mr. Howard made the remark that the inmates of the blind school are more fortunate than those of some other state institutions, in being able to go to their homes for Christmas as this privilege is denied many.

## INTERIOR BILL PASSES SENATE

AMENDMENTS INCREASE TOTAL ALMOST A MILLION

House Agrees to Hold Conference on Points of Difference On Measure

WASHINGTON, Dec. 22.—(AP) In little more than an hour the senate disposed of its second appropriation bill of the session today. Approving the interior department measure carrying about \$260,000,000 for next year's activities.

Virtually all items in the house bill received approval, but senate amendments increased the total almost \$1,000,000. One of them would provide an additional \$500,000 for the construction of roads and trails in national parks.

Senator Walsh, democrat, Montana, assailed the provision allowing \$120,000 of the \$200,000 appropriation for examination of new homestead lands to be spent in the District of Columbia, declaring it "smacks of scandal." A motion by Senator King, democrat, Utah, to limit to \$75,000 the amount to be expended here, however, was defeated. Senator Smoot, republican, Utah, defended the provision as necessary.

Just before congress adjourned for the holidays the amended bill was messaged back to the house, which agreed to the senate suggestion for a conference on points of difference, the routine procedure in the handling of supply bills.

## WOMEN ACCUSE "KING" OF CRIMINAL ASSAULT

(Continued from page 1)

haven't you?"

The Star is a House of David publication.

The "king" who appeared in court today presented much the same appearance as the figure that was hauled out of his colony last November after a four year hunt and arraigned on the warrants. At the preliminary hearings today, he appeared only slightly interested, at times even bored. Lying on his cot, he turned his head and smiled when Mrs. Woodworth declared he had summoned her to his quarters by rapping on the window pane. This

afternoon he lay on his cot, grasping his coat collar with his hands, blinking as he watched the proceedings.

The small court rooms were jammed with spectators and followers of King Ben.

## CITIES SEEKING NEW HOSPITAL LOCATION

(Continued from page 1)

approximately \$100,000 but would be needed to the state for \$40,000. This would leave \$60,000 of the hospital appropriation of \$100,000 for improvements.

The city of Joseph has offered free to the state choice of three sites. Joseph is located on the Wallowa branch of the Union Pacific railroad approximately 50 miles from La Grande.

A number of free sites also have

been offered to the state by the town of Dufur, which is located approximately 15 miles from The Dalles.

It was said that these three cities afford practically all of the advantages essential in the treatment of tubercular patients. Members of the board of control indicated that the location of the tuberculosis hospital would depend to a large degree on reports now being prepared by Dr. G. C. Bellinger, superintendent of the state tuberculosis hospital in Salem, and J. Marshall, representing the national tuberculosis association with headquarters in New York. Both Dr. Bellinger and Mr. Marshall accompanied members of the board of control on their recent trip to Eastern Oregon.

## OLD CHAMPOEG TO HAVE ELECTRICITY

Spot Where Oregon Came Under Stars and Stripes Will Be Lighted

This news comes from Champeog Park, the spot where Oregon came under the Stars and Stripes instead of the British flag.

Governor Pierce, State Treasurer Kay and Secretary of State Koser, constituting the state board of control, gave the farmers a lift when the board signed up with the farmers for an extension of the Molalla electric line through this section.

Fred Yergen, over near Donald, has had the current turned on during the past week and poles are strung from Donald and Hubbard past the Champeog farm and on past the Jette, Burnham, Smith, Eldridge and Osborne farms as far as the paved road leading to Newberg.

This place (Champeog Park), which is 11 miles from its post-office, Aurora, six miles from a stage or railroad line, and six miles from a general store, begins to feel that civilization is advancing upon it.

Albert Tozier, care taker of the park, reports the following among recent registrations from Salem: Fern Warner, Mr. and Mrs. Loyal A. Warner, Mr. and Mrs. E. A. Matthes, H. M. Means, Mrs. Augusta Matthes, Marion Matthes and Eddie Matthes Amos III of Chemawa also stood on the spot out where the west began.

There were about 25 breeders present, and there was every indication that this new association will soon develop into a very live and progressive organization.

Only the best! Our patrons will bear this out. We serve only the best in meats and poultry. Hunt & Shaller Market, 263 N. Commercial. (\*)

## COUNTY RABBIT SOCIETY FORMED AT MEET HERE

(Continued on page 2.)

reported that the live rabbit association at Spokane had built up a good local demand for rabbit meat at profitable prices in that city.

W. C. Conner of the Northwest Poultry Journal told of the excellent work being done by the Tacoma Rabbit association and the large rabbit show held by that association annually in connection with the Western Washington fair at Puyallup. Members of that association have established their own tannery and employ furriers to work up their furs into various kinds of wraps, coats and scarfs, he said, the meat being sold through the local markets at a very fair profit.

What is being done in the Washington cities can be accomplished by the Salem breeders, it was declared.

Organization Effected  
A motion to proceed with permanent organization prevailed, and resulted as follows: President, F. Howard Zinser; vice president, K. D. Gibson; secretary treasurer, J. H. Ellis.

A committee of three on by-laws, to be submitted at the next regular meeting in two weeks, was appointed, as follows: Shrode, Gibson and C. J. McAdams. This committee will also recommend a name for the association, to be adopted at the next meeting, the date and hour to be announced later through the local papers.

There were about 25 breeders present, and there was every indication that this new association will soon develop into a very live and progressive organization.

## First Prize Awarded in Washer Competition

The first prize in the Meadows Washer contest, consisting of a Meadows electric washing machine, has been awarded to Mrs. W. W. Cory of Salem. Mrs. Ruby McLaughlin won the second prize of \$15 and Mrs. Gladys Zuves of Falls City the third prize of \$10. The fourth prize of \$5 went to Mrs. W. A. Noah of Salem.

The prize winners were selected from several hundred contestants, telling why the Meadows is the World's finest washer. Mrs. W.

W. Cory is not a relative of Manager Corey of the Meadows agency, the name being spelled differently.
