

GAME BUT LOSING FIGHT WITH DEATH

Mrs. John A. Horgan Passes to Great Beyond at the Maternity Hospital

Mrs. John A. Horgan died at the maternity hospital at 8:10 last night. Her child came on the 6th. a fine, healthy girl. Her first born. She was aged 21.

Since the birth of the child, the new mother has made a game fight for life, against a complication of deadly ailments, including the influenza. She hung between life and death for days.

The home is at 635 North 14th street. The husband is proprietor of the Horgan Furriers shop.

The body is at the Webb undertaking parlors. Funeral announcement later.

Besides her husband and the daughter, Donella Mae, she is survived by her parents, Mr. and Mrs. Chester A. Mee, and a sister, Miss Alice Mee.

Fight Against Diphtheria in County Very Successful

The fight against diphtheria in children of Marion went forward during December very satisfactorily, according to the monthly report of Dr. Walter H. Brown, county health officer. Immunization of 257 children was accomplished. The work was carried on at clinics in Scotts Mills, Gervais, Stayton, and Labish.

Only 48 cases of contagious diseases were reported for the month. Several of these were scarlet fever cases and seven diphtheria. The total for December was considerably less than for November, when there were 85 patients afflicted with contagious diseases.

Two reports of contaminated water were investigated during the month and the sources of contamination found. There were 76 deaths, fifteen from heart disease, and seven each from cancer and chronic nephritis. There were 75 births; 41 of the new arrivals are boys.

proof of good faith and the purpose to give the liberals fair play. "Peace and reconstruction in Nicaragua are now assured by the decision of the American government to guarantee this small nation against the sinister designs of the radical and irresponsible Calles government," the statement given out by the Nicaraguan legation said in its introduction, and "by the determination of my government, supported by a large majority of the Nicaraguan people, to initiate and carry out a new program of political conciliation and fair play, together with the

INAUGURATE FAST THROUGH SERVICE

Southern Pacific Contemplates Several Changes According to Report

Sharp reduction in train fare to San Francisco is proposed by the Southern Pacific with the inauguration of a fast through service Jan. 21. The regular fare to San Francisco is \$25.05. The reduced one-way fare will be \$15.

This rate will apply only on a train that will run as the second section of the Shasta Limited. This train will make Shasta time and Shasta stops. It will be solid day coaches and will have a free observation car, but no sleepers.

The company will attempt to run this reduced fare train as often as traffic warrants, and the first run on Jan. 21 is in the nature of an experiment.

Marshfield may be reached by a special chartered train to leave Salem at 11:20 p. m. Friday, January 21, to arrive at Coos Bay in time for the Masonic rituals being arranged in honor of the Grand Master and his staff. They are making an official visit to Marshfield on the 22nd and will be entertained by the Masons of Coos and Curry counties.

All state lodges have been invited. A degree team of notables from Portland have arranged to go on the train that will stop at Salem enroute to pick up Cherry City Masons. The Southern Pacific offers a special one-way fare for the round trip and will have ample sleeper accommodations on the special train. Reservations should be made with A. A. Mickel, district freight and passenger agent.

Another special train will run from Eugene to Marshfield and return.

here at 11 o'clock tonight and imbued the youthful San Pedro channel swimmer with new courage to struggle the remaining distance to the California mainland, where a prize of \$25,000 hung up by William Wrigley, Jr., awaits the winner of the ocean marathon.

Although having swum hand over hand through the icy waters for nearly 12 hours, Young seemed to gather strength as he neared the goal and called out occasionally a cheering message to his attendants.

Awaiting him, should he be able to complete the struggle, will be a committee of judges already patrolling the shore line, who will determine after a conference with his accompanying observer, whether he has complied with all the rules of the race.

Norman Ross, huge swimmer

from Chicago, who led in the early stages of the heart-breaking 22 mile pull was nearly two miles behind Young. Ross apparently was staking his chances on the possibility that Young would not be able to complete the race, for he was taking his time, overhauling in measured fashion and taking full advantage of the current from the northwest, which strengthened with each passing hour. Over on another course, Pete Meyer of Cincinnati, Ohio, probably unaware that victory was in sight for Young, pulled valiantly against the current which struck him full on the side and threatened to carry him off the direct course he was taking for the San Pedro lighthouse.

Charles Barrett, whose records of long distance endurance include nearly 24 hours in the English channel without touching hand to a solid object, pulled laboriously onward from a point approximately 10 miles from the goal. She, like Meyer, was headed toward the area between Point Firmin and the breakwater, but the current which was aiding Ross and Young, also was driving her to the south.

Most of the scores of tugs, speedboats and other craft which accompanied the swimmers from the little isthmus cove on Santa Catalina when the pistol shot sent the 96 bidders for the bag of gold at the rainbow's end on their way, deserted the stragglers remaining in the contest and bore down toward Point Vincente.

Norman Ross, hailed by the Associated Press tug at 11:55 p. m. called back: "I'm getting along fine. Tell them I'm coming in." At that time Ross was nearly 2 1/2 miles behind Young who was plunging through toward Point Vincente at a strong clip.

George Young, youthful sprint swimmer from Toronto, Ont., with approximately 11 1/2 miles of the San Pedro channel behind him, drove steadily onward hand over hand, at 7 o'clock tonight more than a mile lead of Norman Ross, the Chicago giant who without clothing, followed Young in the general direction of Whites Point a mile south of Point Firmin.

Water temperatures in the channel ranged from 54 to 63 degrees, official testers reported. The icy water was due, mariners believed, to the almost unprecedented cold wave which visited southern California during the holiday season.

Mrs. Charlotte Schoemmel was driven from the water by a cramped leg at 5:30 o'clock. She was taken aboard her launch which headed for San Pedro. Mrs. Schoemmel injured a tendon in a workout a week ago and it is believed this forced her to call quits. Aside from the cramp she was in good condition.

Walter G. Taber, Huntington Beach oil worker who jarred sport circles hereabouts several months ago by announcing that he had just completed swimming the San

Pedro channel from the Santa Catalina island to Huntington Beach, dropped out of the Wrigley marathon here late today. Swimming experts, openly expressed skepticism that Taber had actually made

the swim. Henry P. Sullivan, who swam the English channel from Dover to Calais in 1923, abandoned the San Pedro channel marathon at 8:18 p. m. He was in good condition but declared the swim a hopeless task. He was approximately 2 1/2 miles behind the leaders when his observer set off the red flare indicating his swimmer had quit.
