Although the Bearcats lost to lese teams representing the state hools, they played good basketall, and improved as they gained xperience against such formidble opposition, Keene reported. In the first game against Oreon, the Bearcats handled the ball n the floor so effectively that hey got 42 shots at the basket; nd it was nothing but the buck ever which prevailed also in Wilamette's first football game gainst Oregon last fall, that preented many of those shots from oing true. New appreciation of the valuable work which their order has done and is doing, was gained by 500 Elks who gathered Sunday

High praise of Salem lodge No. 336 was expressed by the grand exalted ruler, both for its achievement in building the handsome home which it has in Salem, the

outstanding feature of which he declared to be its home-like atmosphere, and for the uniformly creditable reports which have come from this lodge.

## FLAT RATE SERVICE PLAN

Flat Rate Service - the kind of service you have been waiting for, is now at your call. We have adopted this new method of handling charges for Chevrolet repair work because it enables us to give every Chevrolet owner an intelligent estimate of the cost of repairs before the work is started.

Our repair shop is guided by a schedule of repair operations, each covering a specific repair job with the exact average time indicated plainly. The standard price list of Chevrolet Parts gives the exact cost of replacement parts needed. These are the facts that take the uncertainty out of service work.

The Chevrolet Flat Rate System makes for better work at lower prices, because repair men spend their time doing only what you have ordered. That's what we charge for, and you know in advance what it will cost.

Our shop is equipped with special Chevrolet tools. No repair job is too large or too small to be handled efficiently and at minimum cost to you.

Remember: Good and regular service costs you nothing in the end because it prevents expensive breakdowns and lengthens the life of your car.
