their uptown headquarters. That it is the only rest room in town, available for women that is open until 10 o'clock at night. That there was a summer camp at Mehana. Three weeks of work and fun and the joy of living out of doors. Sixty-five girls attended camp in three groups. That Miss Nina McNary's Bible class meets regularly on Monday evenings at the YWCA. That the YWCA is asking for the sum of \$7,000 to carry on the work for another year. That the slogan is: "For your town and you."

Mrs. R. J. Young Receives Interesting Letter From Artist-Son

In a letter to Mrs. R. J. Young, of 1124 North Summer street, her son, Elmer Young, writes as follows: "The school of architecture added two more instructors to the staff, one a graduate of Ohio State, three years ago, and one a former graduate of our school. Mr. Mann (head of the school) said: 'I do not know what we shall do if the classes keep on increasing in size as they have been in the last few years. We do not have the room and equipment to accommodate such a large number of students.' 'Minnesota is now the third largest university in the United States in enrollment.' 'Mr. Young, who is probably the most talented artist Salem has ever produced, has been an instructor in the University of Minnesota for four years. Former Minnesota Residents Plan Mid-Winter Gathering. An important meeting of former residents of Minnesota will be held at 7:45 o'clock Monday evening, Feb. 7, at the YMCA, to make plans for the mid-winter gathering of the society. Dr. George H. Alden is the president of the Minnesota club, and Mrs. W. J. Linfoot secretary. Herbert Witherspoon Will Give Lecture Preceding Symphony Program. A 'double headliner,' as the movies say, is the kind of program which Salem music lovers will have the extreme privilege of hearing on Tuesday, Feb. 14, at the beautiful Elsinore. Not only will Willem van Hoogstraten and the Portland Symphony orchestra, which is the pride of the state, be here, but also the city will have the distinction of entertaining and privilege of hearing Herbert Witherspoon, president of the Chicago Musical college. Mr. Witherspoon's lecture, limited to 30 minutes, will begin promptly at 8 o'clock. His lecture will concern the furtherance of music and music education. Son Is Born. Mr. and Mrs. L. P. Bach are receiving many congratulations upon the arrival of a son at noon yesterday. Methodist W. F. M. Societies Will Observe Day of Prayer. All Methodist Women's Foreign Missionary societies of Salem will observe annual day of prayer with a union prayer service at the First Methodist church this afternoon at 3 o'clock. Mrs. A. F. Mulligan will be the leader. Special music will be given under the direction of the Leslie ladies. Mrs.

DR. WILFRED T. GRENFELL

The famous medical missionary, Dr. Wilfred T. Grenfell, is to lecture here in the near future, and will prove to be one of the outstanding platform treats of the season. Dr. Grenfell is known the world over as the man who accomplished the seemingly impossible in his remarkable service to his fellow-beings on the bleak and barren coast of Labrador.

Hersch will give a short talk on China, while Miss Ruth Lawrence will speak on "Mexico." Mrs. Johnson will report on Japanese work in Salem. A presentation on personality will be given by Mrs. R. V. Hollenberg. Eleven ladies will give "An Acrostic in Personality."

Dr. Grenfell Will Tell the "Epic Story of the Northland" in Salem Tuesday

When Dr. Wilfred T. Grenfell speaks in Salem on Tuesday night of this week he will literally unfold "the Epic Story of the Northland." Dr. Grenfell's address is hailed as "a wonderfully human lecture by a wonderfully human lecturer." The lecture will be given at the armory at 8:10 o'clock and is a remarkable story of accomplishment in the face of seem-

ingly insurmountable difficulties. King Edward VII conferred upon Grenfell the Order of Companion of St. Michael and St. George. Oxford gave him the only honorary M.D. which that university has ever bestowed. He has been made a Fellow of the Royal College of Surgeons of England; a Fellow of the American College of Surgeons; he is one of the few doctors of medicine holding a Master Mariner's certificate. Harvard has given him its honorary M.A.; Williams its honorary LL.D. and Toronto an honorary M.D. A few years ago the Royal Geographical society gave him the Murchison bequest in recognition of his scientific labors.

Portland Symphony Orchestra Will Play Program of Wide Appeal

While the complete program which the Portland Symphony orchestra will play in Salem on Tuesday night, February 14, at the Elsinore theater, under the masterful direction of Dr. William van Hoogstraten, is not yet available for publication, a host of eager music lovers will be glad for the following outline:

It has already been definitely determined that the orchestra will play the famous "Eroica symphony" of Beethoven; that vivid orchestral scherzo, "The Flight of the Bumble Bee," (Rimsky-Korsakow); a Sibelius number for

strings only, and the Marche Slav. (Tschalkowsky).

It is the intention of the orchestra to present without "playing down," a program of extremely wide general appeal.

The Beta Chi sorority, the Parish junior high school orchestra, and the Sacred Heart Academy groups have all arranged fine parties for the concert.

Large groups are expected to attend from Silverton, Monmouth, Corvallis and Albany. Many rural folk, who have become acquainted with orchestra concerts by the sole means of the radio, plan to come to Salem to see the Portland Symphony orchestra, as well as hear it.

Qualities that commend themselves to the professional listener were revealed by W. van Hoogstraten on the night he conducted his first concert in this country, a special concert of the New York Philharmonic orchestra at Carnegie hall, New York, Oct. 21, 1921: "If there is such a thing as a special gift for conducting an orchestra, Mr. van Hoogstraten has that gift conspicuously," wrote Max Smith in the New York American. In that concert, and in a similar one that followed a few weeks later, the guarantors of the Lewisohn Stadium concerts were

Now Being Constructed on the Former Madison Square Garden, New York City

Dimensions: 425 x 197 1/2 ft. Height, 610 ft.

34 rentable floors, the building extending up 112 ft. further to the observation balcony and 58 ft. still further to the base of the flag-pole.

This is the first commercial building in the city of New York erected as a unit under the zoning laws, covering an entire city block.

This picture, therefore, gives an idea of what the skyline of New York City may soon look like, and possibly the skyline of other cities, when they adopt a similar zoning program.

5 basements in all (3 covering the entire block), the lowest basement reaching 70 ft. below the street level.

36 elevators. Estimated occupancy of the building, 6,820 people.

About one-half of the total space in this building will be occupied by the New York Life at the beginning.

The CORNERSTONE of this magnificent structure will be laid this spring. In honor of that event all of the ten thousand NEW YORK LIFE agents throughout the United States are taking part in the CORNERSTONE CAMPAIGN, and they have been allotted a certain amount of new business to write. If an agent fills his allotment, his name and the name of the city in which he is located will appear on a SCROLL OF HONOR in the cornerstone. The SALEM QUOTA is a very large one and we are very anxious to bring honors to Salem, Oregon, and to ourselves. This contest runs ONLY UNTIL THE END OF FEBRUARY.

GET RID OF YOUR FAT

Thousands of others have gotten rid of theirs by my simple and efficient method of fat reduction without starvation diet or burdensome exercise, often at a very rapid rate and WITHOUT PAYMENT until reduction has taken place.

I am a licensed practicing physician and have made a careful study of the physiological requirements of the human body. This has enabled me to select such ingredients and in such proportion as in my opinion will produce not only a loss of weight without harm and an improvement in health, but with it an alleviation of all of the troublesome symptoms which frequently accompany and often are a direct result of overweightness, such as shortness of breath on slight exertion, palpitation of the heart, etc., not to speak of the relief from the embarrassment of being too stout. Stout persons suffering from such diseases as Chronic Rheumatism, Gout, Eczema, Asthma and high blood pressure are greatly relieved by a reduction of their superfluous fat.

My treatment will relieve that depressed, tired, sleepy feeling, giving you the renewed energy and vigor which come as a result of the loss of superfluous fat. If you are overstout do not postpone but sit down right now and send for my FREE TRIAL TREATMENT and my plan whereby I am to be PAID ONLY AFTER REDUCTION HAS TAKEN PLACE if you so desire.
