

# BEARCATS WIN FROM LOGGERS DEFEATED IN THRILLING GAME

Post Season Series May Be Necessary to Decide Northwest Title

Northwest Conference Standings		
W	L	Pct.
Whitman	8	2.800
Willamette	7	2.777
C. P. S.	5	2.714
Pacific	3	2.222
College of Idaho	1	5.167
Litchfield	1	7.125

Nosing out College of Puget Sound in the fastest and most thrilling game that has been played in Salem this year, the Willamette university basketball team virtually won its way to a tie for Northwest conference honors Wednesday night when it defeated the Loggers from Tacoma 31 to 29.

The tie for the title will probably be a three cornered affair, it was indicated, for Willamette, C. P. S. and Whitman have all defeated each other a same apiece, and when the full ten game schedule is played out, providing Willamette and Puget Sound win the remainder of their games, they will have equal percentages.

The Bearcats must win from Pacific here Friday night of next week, and Puget Sound must defeat Pacific and Litchfield this week. Then the Loggers will still be a game behind, but the schedule called for 10 games, and Cal Hubbard's quintet will probably pick up an extra contest somewhere.

Whitman, it is true, has won two extra games from College of Idaho, but these, it is understood, were not scheduled at the opening of the season, and it is given a championship on the basis of four wins from the weakest team in the conference, it will be rather an empty victory.

Indications are that if Willamette and Puget Sound win the rest of their games, a play-off between the three leaders will be scheduled.

Wednesday night's game was action from the opening whistle, and both teams played at top form, fighting for the ball for all that was in them but without the personal bitterness that characterized Willamette's games with Whitman and with College of Idaho.

Litchfield, who has been content to play a minor role in some previous games, broke into the limelight and not only led his team in scoring, but looped his shots at just the critical moment, time after time, to keep his team in the lead.

With the exception of a few moments near the end of the first half, when the score was tied, Willamette led throughout with from two to five points advantage. At half time it was 13 to 12 for the locals.

The Bearcats were primed for an epic struggle and every member of the team played just a little better than in any previous game this season. Litchfield made several of his scores by spectacular dashes for the basket, cleanly outmaneuvering his guard. Hartley's two baskets were made on the queer overhand loop shots which are his specialty, and he was more effective than ever as pivot man on defense.

Huck broke up the Loggers' play repeatedly, and rival Litchfield in scoring in the pinches. Reidel played a fighting game under the basket, and excelled his previous performances on defense. Ledbetter played the floor prettily, in addition to guarding so effectively that the Loggers were forced to do most of their scoring from outside the foul line. Ashby, who went into the game in the second half despite his injured back, tightened up the defensive play and contributed two much needed baskets.

The Loggers proved faster than in the previous game at Tacoma. Wilson fitting well into the chief scoring role vacated by Gillman's incapacity. He was a dangerous man anywhere inside his own half of the court.

A feature of the game was the constant din of rooting maintained by the Willamette students. There was scarcely a minute that the referee could make his voice heard calling the ball out of bounds. The crowd of Salem people present was almost as big as that of students, and relatively as enthusiastic in its support of the home team.

## Silver Basketball Trophy on Display

Handsome Award Scheduled to Go to Tournament Winner

Destined to become the property of the state high school champion basketball team as determined in the tournament here March 10, 11 and 12, a handsome silver trophy is on display in the window of Ken Brown's sporting goods store. The trophy is presented by the Thomas E. Wilson company.

Roy E. Cannon, secretary of the state high school athletic association, was in Salem Wednesday and remains here today for a further conference with university athletic authorities regarding details of arrangements for the tourney.

The balconies on both sides of the Willamette gymnasium, which will increase its seating capacity to 2500 or thereabouts, have been completed except for installing benches, but they will not be used until tournament play opens on the afternoon of Thursday, March 10.

Cannon emphasizes that the district bounds in each of the nine districts of the association have full responsibility for selecting the team to represent that district.

## SENIORITA AT HOME WITH WINTER SPORT

Famous as Amateur Tennis Player and Loves the Switzerland Slopes

ST. MORITZ, Switzerland—(AP)—Seniorita Lili d'Alvarez is an all-the-year-round sport.

Although she is a daughter of Sunny Spain, the snow of Switzerland holds great charm for her and her skill on skis is as great as her achievements in tennis, which have made her one of the foremost amateur tennis players of the world.

Seniorita d'Alvarez also is an accomplished ice-skater and an enthusiastic bob-sledder. Her days in the Swiss mountains are a round of sports. At night she is popular at dances at the most exclusive social groups.

Suzanne Lenglen, Seniorita d'Alvarez is generally conceded by tennis writers to be one of the most promising of the women tennis players. Her playing at Wimbledon last year, before the King and Queen of Spain, attracted great attention.

Seniorita d'Alvarez has been practically adopted by London, where she and her mother live most of the time. She is only 20 years old and affects none of the eccentricities of outdoor women.

## KANSAS CITY PLANS MAU HOOP TOURNEY

City Claims More Basketball Teams Than Any City of Size in U. S.

KANSAS CITY (AP)—Baseball may be the national game, but Kansas City, preparing for its seventh national Amateur Athletic Union basketball tournament, remains true to the indoor sport.

Claiming more basketball teams than any other city of its size, Kansas City is not stinting itself on preparations.

More than 27,000 persons trailed into Convention Hall during the six days of the 1926 tournament and paid \$18,428.25 to watch the matches.

This year, beginning March 14, the Hilliard team of St. Joseph, Mo., national champions, will defend the title against more than 40 crack quintets.

Dr. Joseph A. Reilly, athletic director of the Kansas City Athletic Club and nationally known sport official, largely was instrumental in bringing the first tournament here in 1921 and in making Kansas City the basketball center for subsequent A. A. U. tournaments. His teams have held the championship at various times and it was a K. C. A. C. five that pushed into the final bracket with the Hilliards last year. Reilly has managed all the Kansas City tournaments.

As a preliminary to the national event, the Southern A. A. U. open will be held at Dallas, Texas, March 4 and 5.

## DELANY FINISHES TRAINING FOR BOM

Shadow of "Good Big Man" Tradition Falls Across Canadian Heavy

NEW YORK, Feb. 16—(AP)—Traditional supremacy of the "good big man" cast its shadow across the training grounds of Jack Delaney today as he finished his final workout for Friday's \$200,000 heavyweight battle at Madison Square Garden, with Jim Maloney.

Pugilistic history has marshaled an impressive chapter of records to support the cause of Maloney. The triumph of the "good little man" has been an exception to the rule. But there have been departures and among them have been the sensational triumphs of the 185 pound Jack Dempsey over huge Jess Willard and powerful Luis Firpo.

Championship conflicts of the last 10 years were recalled by Maloney's backers tonight to justify their expectations of a Boston victory. Among them were Johnny Kilbane's quick defeat by Benny Leonard, Leonard's subsequent reverse at the hands of Jack Britton, and Harry Greb's decisive victory over Mickey Walker.

The faith of Maloney's following was not reflected in the betting odds today, however. Sentiment swung more sharply to Delaney, who jumped from a 6-5 to an 8-5 favorite. Money also was wagered freely at one to two that the light heavyweight champion would knock out his heavier opponent.

## Pyle and Lenglen Arrive at Final Parting of Ways

LOS ANGELES, Feb. 16—(AP)—C. C. Pyle, promoter of professional sports, tonight declared he definitely has relinquished the management of Suzanne Lenglen, French tennis ace.

Pyle blamed Baldwin M. Baldwin of Los Angeles, grandson of the late E. J. "Lucky" Baldwin, millionaire turfman, for difficulties encountered in the management of Mlle. Lenglen and said he had been told Baldwin will succeed him in directing further Lenglen exhibition tours.

## Tommy O'Brien to Meet Ad Mackie February 23

In accordance with his announcement prior to Ad Mackie's recent fight here in which he knocked out Allie Taylor, Matchmaker Harry Plant has signed the sturdy little Portland bantam to battle Tommy O'Brien, also of Portland, next Wednesday night, February 23, at the armory.

Due to the fact that Tom Loutitt has a personal interest in O'Brien's ring activities, he will be unable to referee this fight. This is expected to be an even better card than the last two, although they were up to the standard set in larger cities on the coast.

## Longchamp Located on Site Of Aged Nun, Graveyard

PARIS.—(AP)—A forgotten graveyard in the Bois de Boulogne has revived memories of the past.

Longchamp, perhaps the gayest and most noted race-course in the world, stands on the site of the six century old nunnery founded by Isabel, sister of King Louis IX of France.

The cemetery, where some of the nuns are buried, stood in the way of new roads just laid out. But a few Parisian historians had forgotten the place. It was den by the forest-like thickets allowed to grow in the Bois, but there remains still an old couple as guardians. The graves are mostly unmarked.

Buy a tidy red tin of P. A. and follow these simple directions: Tuck about a thimbleful into the bowl of your favorite pipe. Light up, and pull that cool, consoling smoke up the stem. Exhale slowly and get the full benefit of that wonderful Prince Albert taste.

## SPORTS EMPHASIZED

### NETCH FOREIGN MINISTER LOVES ANIMALS

THE HAUGE.—(AP)—That sports play an important role in the lives of official Europe is now shown in the case of Jonkheer H. A. van Karnebeek, minister of foreign affairs of the Netherlands. He is snappy at tennis, will walk miles to see a football match, and in his earlier days was a crack cricket player.

There is another little thing which shows the personal side of the Dutch foreign minister, and that is his love of animals. Every day you may see Jonkheer van Karnebeek take his strolls through the streets of the Hague accompanied by his faithful spaniel. The minister is the son of a distinguished father, for Jonkheer A. B. C. van Karnebeek was himself, among other things, foreign minister of Holland.

### Monmouth Juniors Defeat Dallas Five

Excellent Team Work Of Locals Big Factor In Game

OREGON NORMAL SCHOOL, MONMOUTH, Feb. 16—(Special)—Junior high school basketball team of Monmouth added another victory to their list for the season when they defeated the Junior high team from Dallas with a score of 35-0 in the high school gym last night. This makes their second game within two weeks with a no score marked up for the losers. The team work of the Monmouth squad outclasses any team in the county, in the Junior high class, which they have played against.

The Monmouth boys started rolling up their score in the second quarter, closing the first half with 7-0 in their favor. The last half showed the same consistent playing with Hockema and Rogers both doing their usual good work. The Monmouth boys give credit for their team work to the splendid coaching received last year when Scoutmaster Roseboom coached them throughout the season.

ATHOL, S. D.—(AP)—The 87-year old father of Ralph Wilhelm radio dealer, is Athol's radio dictator.

Wilhelm has run a line about town from his receiving set, selling loud speakers to his customers and charging them a monthly fee for radio entertainment, just as they buy electricity, gas or city water.
