## COLD WAVE SWEEPS SOUTHWEST REGION

Spring Weather Replaced by Zero Temperatures in Middle States

**KANSAS CITY, Feb. 17.—(AP)**—The cold wave which swept out of the far northwest yesterday to bring three deaths in the mountain country invaded the middle-west and southwest tonight, bringing sleet, snow and cold.

Temperatures dropped rapidly throughout the southwest, replacing spring-like weather with that of mid-winter. Indications were that the cold would extend well into Texas.

Rain turned to sleet and snow in parts of Kansas and Missouri and in Kansas City a drop in temperature from 53 degrees at 11 a. m. to below freezing was recorded. Zero weather is predicted for parts of Kansas.

The cold wave reached Colorado today and extended into New Mexico, where the mercury fell to 32 degrees this afternoon.

**DENVER, Colo., Feb. 17.—(AP)**—Colorado today had its share of snow bound communities and blocked trains. Snowslides in the Eureka district had isolated that town by blocking highways and railroads, and two Denver & Grand Western passenger trains were held in degrees below the continental divide at Osier and between Chama and Cumbres. Two rotary plows were working to clear the tracks.

Snowslides in the La Plata mountains, 17 miles northwest of Durango, carried away several buildings of the Lady Eleanor mine.

Sixty employes narrowly escaped death. Buildings at the Matterhorn mine, 15 miles south of Telluride, likewise were buried by slides.

**CALGARY, Alta., Feb. 17.—(AP)**—Practically the entire province of Alberta was in a keen, icy grip today. At Medicine Hat, on the main line of the Canadian Pacific railway, 40 degrees below zero was reported. The mercury dipped to 25 below in the Calgary district, and hovered around 25 to 40 below in the Lethbridge area during the day. Thermometers

## AUTO LICENSES TO BE STUDIED; CHANGE OBJECT

(Continued from page 1.)  
der the present laws the railroad's proportion of the cost of these crossings is fixed by the public service commission. As a general rule the railroads have paid between 40 and 45 per cent of the costs of constructing both overhead and underground crossings.

Senator Hall explained that the passage of the bill would eliminate confusion and dissatisfaction. The Multnomah delegation returned a dividend report in connection with a bill providing for the creation of an additional circuit judge in Multnomah county. The majority report was signed by all members of the delegation with the exception of Senators Joseph and Staples. Senator Joseph indicated that he would fight the bill on the floor of the senate.

At the request of Senator Moser there was no discussion on the divided report and the bill was allowed to go upon the calendar. It probably will come up for final consideration today.

A re-check of the vote on the bill making insanity grounds for divorce showed that the measure was approved by one vote. It previously was announced that the bill was defeated by one vote. The bill was returned to the senate Wednesday without recommendation. Senator Butler opposed its approval on the floor of the senate.

## HOUSE PASSES LIBRARY BILL OF UNIVERSITY

(Continued from page 1.)  
source to our institutions if they are necessary, and were willing to let the measure go up to the governor.

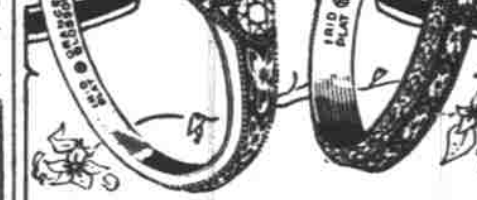

Representative McPherson admitted the need of a library at the university, but considered that the appropriation asked was far too large; that Oregon Agricultural college had built a library for \$145,000 which was very adequate for that school.

Representative Swan asked where the money was to come from to pay. "Away with all this idea of prejudice," he said; "look at the problem in a business-like way before you vote and take into consideration the taxpayer, and where the money is coming from."

Mr. McCready doubted the accuracy of the amount paid for the library at OAC, as a report from the state college valued the building at \$235,000. He stated that a large library was needed at the university on account of the differences in the courses of study offered there.

Those voting no were Billings, Buchanan, Cramer, German, La Follett, Lewis, McPherson, McPhillips, Miller, Peirce, Russell.

## MARINES DEPART FOR NICARAGUA TROUBLE

(Continued from page 1.)  
to take aboard 800 bluejacket recruits for the fleet at Guantanamo. Secretary Wilbur said pick up that on her way south from Newport the ship would pick up a thousand marines at Quantico, Va., and 200 more at the Parris Island, S. C., station. Whether she will proceed first to Guantanamo to transfer the bluejackets to the fleet or go directly to Nicaragua, probably via the Panama Canal to Corinto, was not disclosed.

Some state department officials today expressed the opinion that these additional naval forces would be sufficient to cope with any eventually in Nicaragua.

There is no question that the Washington government regards the situation at Matagalpa as critical. The fact that the transport Henderson has not been diverted from her trip to pick up bluejackets at Newport and ordered direct to Quantico to embark marines is believed, however, to indicate that the sending of an additional regiment to Nicaragua is a precautionary step.

## DEATH OF FORMER SALEM MERCHANT

James McEvoy, proprietor of a dry goods store in North Bend, Oregon, died on Wednesday, the 16th, at his home in that city, following a lingering illness, brought on by a nervous breakdown. The burial will take place tomorrow at North Bend.

Until about four years ago, Mr. McEvoy was proprietor of the Chicago Store in Salem, located where the Busick store is now conducted. He was in business in Salem for 15 years.

## Portland Civics Students Inspect State Lawmakers

The civics class of the Couch school in Portland was in Salem Thursday to investigate the legislature as guests of President Corbett of the state senate.

The seven boys were given seats at President Corbett's desk and furnished with senate calendars and copies of the most important bills.

The boys have organized their own senate, and will try to follow the same procedure used here. Each boy has selected his favorite senator and will try to live up to his reputation.
