

SENATE APPROVES SALARY INCREASES

Multnomah Judge's Pay Increased; Dairy Commissioner Gets More

The senate yesterday approved a bill introduced by Representative McCourt, which had already passed the house, providing that judges of the Multnomah county district court shall receive an annual salary of \$3600, in place of the present salary of \$3000.

Senator Staples protested against the bill, saying he did not propose to break faith with his constituents by voting for salary increase bills. The bill was defended by Senator Klepper.

The senate also approved a bill by Representative Russell increasing the salary of the state dairy and food commissioner from \$3000 to \$4000 a year.

Senator Butt said this bill had the support of the dairymen and ice cream manufacturers. The increase in the salary of the dairy and food commissioner will be more than offset through the collection of additional fees.

Senators Dunne and Moser attacked vigorously a bill introduced by Representative North making it optional with the county court of Multnomah county to levy a tax of one-twentieth of a mill for the support of the Gresham fair. Senator Dunne said the farmers of Multnomah county were subject to some consideration the same as farmers living in other parts of the state.

Senator Moser urged that the bill be defeated. Upon motion of Senator Upton the measure was indefinitely postponed.

The senate approved the bill introduced by Representative Tom curing the defects in the present motor vehicle light law. The bill had the indorsement of Senator Joseph and other members of the senate. Senator Dunne explained that the bill was in keeping with the Hoover code which provides for uniform road rules throughout the various states.

The bill authorizing a change in the date for levying property assessments from March 1 to January 1 was indefinitely postponed. Senator Miller said that this bill was impractical for the reason that too many exemptions would be necessary.

A bill was introduced in the senate today providing that the

amount of any continuing or fixed millage tax levied by the state, county, city or other municipality or district upon the assessed valuation of the year 1927 or any subsequent year, shall be limited to the amount of such millage levy of the preceding year plus three percentum thereof.

Two salary bills found their way into the senate today.

One of these would increase the salary of the county officers of Josephine county. The salary of the county judge would be increased from \$1500 to \$1800 a year, the treasurer from \$1200 to \$1400 a year, the assessor from \$1400 to \$1800 a year and the school superintendent from \$1600 to \$1800 a year.

The other bill provides for standardization of the salaries of district attorneys.

BURNETT SPEAKS AT ELKS DINNER

Veterans of Three Wars Hear Chief Justice Discuss Citizen Soldier

"Citizen" is the highest title due the American soldier. Chief Justice George H. Burnett of the Oregon supreme court told 300 veterans of America's wars in greeting them at the annual veterans' entertainment given by the Elks lodge Thursday night.

For the reason that the United States soldier takes his liberty, which he and his fathers have fought to preserve, as seriously as he does, he is a citizen first and a warrior only when the special occasion arises; and his greatest service is that of peace, Justice Burnett said.

Characteristic of the American soldier is his realization that liberty is not license, not merely a boon, but a responsibility, Judge Burnett concluded.

The crowd was swelled to 500 when the members of the lodge, after holding a brief business meeting, joined the veterans, who included men who served in the Spanish-American and world wars and a very few members of the GAR.

The vaudeville program which followed, arranged by Archie Holt of the Elks entertainment committee, included numbers by the Mellow Moon orchestra, selections by the Woody trio, sleight of hand tricks by Cook Patton and a glowing act by "Step and Fetchit," a professional dancing team.

After the entertainment the veterans and Elks joined in a "Johnny Jones" feed in the basement of the Elks temple.

School Superintendent Kept By Action of Education Board

EUGENE, Feb. 17.—(AP)—The special school election ordered for February 26 to give the people of Eugene an opportunity to determine whether or not they want to retain as city superintendent David John Jones was called off today when the board of education rescinded its resolution calling the election and by a vote of three to two decided to employ Jones for another year.

This action was taken as a result of sharp criticism from the citizens of the board's action in attempting to settle the question in this manner.

Marion-Polk Realty Board Plans Use of Name "Salem"

The Salem realty board will probably come into existence and the Marion-Polk county realty board cease to exist at a business meeting of the bid organization on the evening of Monday, February 28, it was announced at Thursday's luncheon. The change will

be voted on at that meeting. At that time also, the board may adopt a community advertising campaign such as realtors in other northwest cities have carried on recently in local newspapers in order to inform their own people about the assets and attractions of the community.

Such a program was already under consideration, but it was given additional impetus by the address of T. W. Zimmerman, secretary of the Pacific Northwest realty association, who told graphically what has been accomplished elsewhere by this means, especially at Idaho Falls.
