

PRYBYLEK GROWING STEADILY WEAKER

Physicians Called Out in Night to Give Endurance Driver Relief

Called out at an early hour this morning to give such relief as they could to Albin Prybylek, endurance driver who is seeking to stick to the wheel of a Whipcot coach for 101 hours, local physicians predicted that the driver will have to pick up renewed strength and energy somewhere if he is to hold out until 5:30 o'clock Saturday, the time set by himself to make a record run.

Mrs. Lillian Ritter, registered nurse, stayed with her task throughout the night, bathing his face with ice water, rubbing his arms with alcohol and giving him smelling salts, going everything possible to keep him going the required length of time.

Prybylek has now been driving for 60 hours, and the motor of the Whipcot coach has been lubricated all these hours with one filling of General Petroleum Paraffine oil and has taken on General gasoline at General Petroleum independent stations. Prybylek is getting more than 29 miles to the gallon of gas. Not once in the 60 hours has the Whipcot motor faltered.

A large crowd gathered in front of the Sanitary Service barber shop, Masonic building, to see Prybylek given his daily shave at 12:30 p. m. L. W. Babois, proprietor, performs the difficult operation.

Among the judges who rode with Prybylek last night were Mr. Reeves of the Chaney Manufacturing company of Portland, and William Hatherford of the Spaulding Logging company.

Even if tire trouble develops, that will not stop the record run. Prybylek told a Statesman reporter Thursday, but he is not expecting any such difficulty, as a good set of Kelly-Springfield balloons were put on the car before the run started.

Registration Fee for Pharmacists Changed

The law regulating the state board of pharmacy was amended by a bill in the house last night making the registration fee for pharmacists \$25 instead of the present \$10 fee.

Under the present law members serving on the board for pharmacy receive \$5 for every day actually engaged in business for the board.

The bill attempted to raise that to \$10 per day, and Representative Swan stated that the proponents of the bill, knowing the attitude of the governor toward such

changes in our laws, had asked him to get the unanimous consent of the house to amend the bill so that the salaries would be the same as they now are.

This unanimous consent was objected to by Mr. Peirce from Coos and Curry county, and Mr. Swan then moved that the house go into a committee as a whole to amend the bill. Mr. Peirce attempted to argue in favor of the \$10 per day pay, when Mr. Swan informed Mr. Graham who happened to be acting as speaker for Mr. Carlin, that he was tired of the horseplay, to which Mr. Graham answered that he was, too.

Finally Mr. Peirce was overruled by the balance of the members and the bill passed with the only change in the pharmacy law being that the registration fees are higher.

PROMOTING OF NEW INDUSTRIES BIG JOB

Many Opportunities Presented to Real Estate Dealers for Services

The greatest opportunities of the real estate dealer are those of promoting new enterprises in the community, and so treating newcomers as to make them want to live there, the members of the Marion-Polk county realty board were told by Fred Slade, manager of the First National Bank, at Thursday's luncheon.

Slade spoke optimistically about Salem's future, mentioning the advance which has been made in the last two or three years, including a new paper mill, enlargement of the one already in operation, the two linen mills, one cannery, and construction of the Elks temple, YMCA building, two large theaters, the First National building, and a new community in North Salem. First among projects now being started, he mentioned the plans for a big new hotel, just announced by Hawkins & Roberts.

The city's manufacturing payroll includes 2,300 wage earners, and there are about 15 other companies which are not engaged exclusively in manufacturing, but which have large numbers of workers employed.

Specialty crops not heard of a few years ago are increasing rapidly, along with the canning industry, which now produces here from one-fifth to one-fourth of the canning pack of the Pacific slope. Slade said. The fruit industry alone here is capable of supporting 100,000 people.

Enterprise Electric company to spend \$35,000 in Wallowa county improvements this year.

SACRED CONCERT BY VESTED CHOIR

Program of Anthems and Special Number to Be at Methodist Church

A sacred concert by the vested choir will be presented in the First Methodist church on Sunday evening, Feb. 27, 7:30 o'clock. The program will consist of a number of anthems and special numbers by the large chorus of singers. The varsity quartet will sing "The Master of the Sheepfold," by Neidlinger. Miss Josephine Bross and Walter Kaufman will sing the incidental solos in "The Ninety and Nine," by Protheroe. Lloyd Thompson will sing "O God Have Mercy" from St. Paul by Mendelssohn. Master Emery Stewart Hobson will play "A Funeral March" by Greig. A group of harp solos "Lullaby" by Heft, "Song of the Boatman" arranged by Falzedeo, "Berceuse" by Hasselmanns will be given by Miss Esther Palmer. Prof. E. W. Hobson will have charge of the chorus and Prof. T. S. Roberts will preside at the organ. The full program for the concert follows:

Organ prelude, "A Sunset Melody," Vincent—Prof. T. S. Roberts.

Professional Hymn, No. 621, "Hark, Hark My Soul," Chorus.

Chorus, "The King's Highway," Barnes.

"A Funeral March," (piano solo) Greig—Master Emery Stewart Hobson.

"O God Have Mercy," (St. Paul) Mendelssohn—Mr. Lloyd Thompson.

"Still, Still With Thee," Foote—Chorus.

"The Master of the Sheepfold," Neidlinger—Varsity Quartette.

"Lullaby," Heft.

the effects of a strong drug which is believed to have caused her long period of unconsciousness. While in Salem Tuesday night and Wednesday she went by the name of Mrs. Jacobson. She is reported to have been suffering from a mental disorder before her disappearance.

PORTLAND "FLU" LOSING

Only Four Cases Reported to City Health Office in Day

PORTLAND, Feb. 24.—(AP)—The epidemic of influenza which has been running in the city since February 1, showed signs of subsiding today when only four cases were reported to the city health office. The average for the last few weeks has been 17 cases a day and more than 200 such cases were reported in the city at the same time.

ZIMMERMAN EXTRADITED

Man Wanted in Portland on Charge of Stealing Own Child

SACRAMENTO, Cal., Feb. 24.—(AP)—Extradition requests of the governor of Oregon for the return of Neal Zimmerman, in custody in Los Angeles, was granted today by Governor C. C. Young. Zimmerman is wanted in Portland on a child stealing charge, it being alleged he assaulted his sister-in-law and made off with his young daughter, whose custody had been given the aunt by a divorce court.

HOMECOMING PLANNED

SILVERTON, Feb. 24.—(Special.)—The Modern Woodmen of America and the Royal Neighbors are having a homecoming celebration Friday night. The Modern Woodmen organizer, Mr. Smith, of Portland, state deputy of Royal Neighbors, and the district deputy are expected to be present, besides members from Portland, Salem, Scotts Mills, Eugene and other places.

TEXAS HAS HEAT WAVE

Thermometer at Houston Registers 87.1 Degrees at 3:30

HOUSTON, Texas, Feb. 24.—(AP)—All previous February heat records were surpassed here today when the thermometer at the Houston weather station registered 87.1 degrees at 3:30 today.

The previous warmest February day was on the 17th, 1907, when the mercury rose to 86 degrees.

SENATE APPROVES ARMORY MEASURE

Bill Would Authorize Buildings in Counties With 100,000 People

Counties with more than 100,000 population will be authorized to maintain and construct veteran's memorial buildings or armories under a bill approved yesterday by the senate.

The bill, which was introduced by the Multnomah delegation, was explained by Senator Moser. Its operation will depend on a constitutional amendment to be referred at the next election, which would authorize a small tax.

Another bill the senate approved yesterday would provide a penalty of one year in the county jail for persons who escape from penal institutions. This bill was introduced by Representative Graham.

Senator Upton said it was the function of the sheriffs and jailers to keep prisoners entrusted to their care.

The senate adopted a house concurrent resolution introduced by the committee on public institutions authorizing and directing the state board of control to make a survey of the building needs of the state and report their findings at the next session of the legislature. The proposed building program would cover a period of 10 years.

A resolution introduced by Senator Banks creating a committee to make a study of the probate code in Oregon and report at the next legislative assembly also was given favorable consideration. The committee would be composed of seven prominent attorneys.

The senate disapproved a resolution introduced by Senators Holl and Hare providing for the appointment of the Oregon Development commission. It was declared that the provisions of this resolution were covered to a large degree in a bill approved by the ways and means committee authorizing an appropriation of funds for the Oregon Land Settlement commission. The latter bill already has passed both branches of the legislature.

A resolution directing the state board of control to prepare plans and specifications for a new capitol building was indefinitely postponed.

The senate also frowned on a memorial introduced by Representative Buchanan relating to the terms of the president, vice president, senators and representatives in congress.

Klamath Falls — Weyerhaeuser company will start two portable mills to cut 15,000,000 feet of timber damaged in 1925 fires.

MILL OWNERS TO MEET

OLYMPIA, Wash., Feb. 24.—(AP)—Mill operators from Washington, Oregon and British Columbia will gather here March 4 for a two-day convention in the Hotel Olympian, Maurice Springer, local mill man announced today.

About 100 delegates are expected to attend the meeting which will be presided over by E. E. Vogue, head of a Seattle manufacturing plant.

KANSAS BANKS CLOSE

CLAIMS AGAINST STATE DEPOSITORS FUND GO UP

TOPEKA, Kansas, Feb. 24.—(AP)—Closing of seven chain banks in southeastern Kansas today threatened to increase by about one million dollars the claims against the state depositors' guaranty fund. Liabilities of that fund already exceed its assets more than five and one-third million dollars. The net liabilities have mounted above six and one-half million dollars as a result of the post-bellum depression which has affected agriculture.

While claims against the insolvent fund are mounting, the state legislature must decide whether it will repeal the bank guaranty law and vote for a bond issue to pay the claims of depositors, who have no hope to recover from the present fund.

The banks were located at Ft. Scott, Pittsburg, Arma, Opolis, Mulberry, Eaglesdale and Cherokee.
