Mr. Hargrave, 78, Was Bed-Ridden— Now Strong Again

Mr. A. Hargrave of Anna, Ill., says he was confined to his bed and room for five months and was told by the doctor there was no chance for him. His report continues: "I was weak and very nervous, unable to stand, and could not stand erect, would stagger unless braced with a cane, slept only two hours at a time, tired out in the morning, could only walk a short distance before sitting down. Now, after taking six boxes of ARIUM, I feel much better; am satisfied with the sleep. I get seven to eight hours during the night. Nervousness nearly gone, walking and standing improved; in fact remarkable for my seventy-eight years, and all due to ARIUM, which I hope will fall into the hands of all ailing persons, so that they may receive the same benefits as myself."

If you are a sufferer from prostate gland inflammation, kidney trouble, torpid liver, bladder weakness or high blood pressure, with a consequent lack of FORCE and NERVE ENERGY, you owe it to yourself to at once get into your system the marvelous, restorative Radium power supplied in the tablet form by ARIUM. This produces a vitalizing, internal exercise which helps to remove impurities, neutralize acids, just as Nature intended.

A multitude of alarming symptoms often quickly disappear. Lame backs, rheumatic twinges and aches, dizziness, pains in the head, sour stomach, frequent getting up nights, embarrassing nervous weakness and other distressing middle age ailments may rapidly become a thing of the past. You should see and feel a truly startling improvement in yourself each day.

NOTE: The Associated Radium Chemists, Inc., of New York, who supply the drug, state with ARIUM guarantees successful and satisfactory results in every case from its progressive use or money refunded, and also that a definite quantity of genuine radium is used in its preparation. ARIUM is easy and economical to take and may now be readily obtained in this city from any good drug store.

Interest in New Fine Arts Building at Eugene Revived

Mrs. Murray Warner of Eugene has returned from the Orient, where she has been for several months collecting art objects in China for the Warner collection to be placed in the fine arts building on the University of Oregon campus in Eugene. Spring has revived much interest in the proposed fine arts building and in many of the smaller towns special committees of women are arranging benefits to raise funds. In Eugene last week a committee headed by Mrs. Eller Brown, sponsored a three night cabaret entertainment and another group gave a benefit theater performance. In Salem, Mrs. Clifford Brown and Mrs. William H. Burghardt are arranging benefits to meet the Salem quota for the new building.

Mrs. George T. Gerlinger is planning to leave Portland in April for a state tour in the interest of the fine arts memorial.—Oregon Journal.

Prominent Eastern Couple Announce Betrothal

Miss Narcissa Vanderlip of Scarborough-on-the-Hudson, N. Y., daughter of Frank A. Vanderlip, New York banker, is engaged to marry Julian Street, Jr., son of Julian Street, the author, of Princeton, N. J.

The simple wedding ceremony was performed on the stage of the theater, which had been decorated for the occasion. Immediately after the ceremony the bridal party entered an automobile which was on the stage and the car was being driven off as the curtain was lowered.

Shortly after the wedding the entire party gathered at the Blue Bird confectionery for a wedding dinner, which was served on the new balcony.

This wedding was the climax of the 101 hour endurance drive made by Mr. Frybylek last week in which he drove a Whippet car and the only food he had during the drive was milk from the Fairmount dairy. After completing the drive at the Geise-Powers furniture store he enjoyed a specially cooked meal at the Salem restaurant during which Butter-Nut bread was served. He then enjoyed a short sleep in the window of the MacDonald Auto company.

ENDURANCE DRIVER AND NURSE MARRY

Ceremony Performed on the Stage of Bligh's Capitol Theater

Miss Lillian Ritter, the nurse, and Albin Prybylek, the endurance driver, were united in marriage last night at the Capitol theater by Rev. Martin Fereshelien, pastor of the Unitarian church, before an audience which filled the theater to the doors.

To the strains of the wedding march played on the splendid theater organ, the minister took his place upon the stage. He was followed by the groom, who was accompanied by Edward Lewis as best man.

Little Margaret Ann Bligh led the bridal party in the march down the aisle of the theater and scattered rose petals along the way. Then came the maid of honor, Miss Gretta Chamberlain, who was charming in a green satin dress trimmed with gold lace.

The bride was escorted by her brother. She wore a beautiful gown of pink georgette and carried an arm bouquet of roses and carnations.

The simple wedding ceremony was performed on the stage of the theater, which had been decorated for the occasion. Immediately after the ceremony the bridal party entered an automobile which was on the stage and the car was being driven off as the curtain was lowered.

Shortly after the wedding the entire party gathered at the Blue Bird confectionery for a wedding dinner, which was served on the new balcony.

This wedding was the climax of the 101 hour endurance drive made by Mr. Frybylek last week in which he drove a Whippet car and the only food he had during the drive was milk from the Fairmount dairy. JURY REACHES NOTHING IN DAUGHERTY TRIAL

(Continued from page 1.)
permitted to start their deliberations, and actually began trying for a verdict at 2:15.

At six o'clock reporters peeping through windows opposite the jury room saw the jurors gesticulating and pounding on the table around which they sat. They had not asked the court for instructions or exhibits.

Shortly after the jury retired to deliberate, Daugherty and Miller strolled up and down the corridors of the federal building. They seldom spoke during the trial, and they did not speak as they awaited the verdict. Both expressed belief that they would be acquitted.

WHEN YOUR FOOD FAILS TO DIGEST

And Gurgles up in Sour Risings or Heartburn

Try a little diapsesin. Beats the world for stomach comfort. Hard to tell what upsets a stomach. Sometimes it's milk or fresh bread or steak and onions. Almost anything will cause gas, biliousness or heartburn. But whatever it is diapsesin works like magic. It actually digests food, rests the stomach, absorbs the sour, acid, brashy risings from whatever cause. Even in the morning, if you get up with a coated tongue, feel nauseated and the thought of breakfast repels food, one or two diapsesins will make you feel good and want to eat.

Anyone at the mercy of restaurants and lunch counters can fortify their stomach against trouble with one or two diapsesins after eating.

Two Principles

ALEXANDER GRAHAM BELL discovered an electrical principle upon which a great communications art has been founded.

Those who undertook to give practical value to his discovery likewise left to their successors a principle of service, that has been developed into an intercommunicating system of over 17,000,000 telephones.

Both of these principles were built upon and developed with the same objective,—that of enabling men to talk one to another easily, conveniently, cheaply. With nation-wide telephone service already an accomplished fact, these principles still continue to act and react upon each other, producing new ideals of service, new goals toward which to strive.
