**HIGHER CHERRY TARIFF SOUGHT BY GROWERS** (Continued from page 1.)  
 2 cents to 3 cents per pound.  
 The association yesterday sent telegrams to all congressmen and senators from Oregon, urging them to cooperate in obtaining an increased tariff.  
 Max Gehlar summarized the cherry market situation at the meeting. Under the present tariff, he said, pitted cherries produced in Italy for the maraschino market can be sold in Portland for 9 cents a pound. Local cherries must sell for 18.6 cents in Portland to produce a profit.  
 Provide Temporary Relief  
 The 3 cent tariff, if obtained, will provide only temporary relief, it was indicated at the meeting. The local association yesterday took steps to cooperate with other cherry growing organizations on the Pacific coast to have the tariff increased still more at the earliest opportunity. This will not be before two years, it was indicated.  
 A committee consisting of Max Gehlar, chairman; Henry Crawford, M. P. Adams and Seymour Jones was appointed to take up the matter with the Oregon delegation in congress.  
 A telegram was sent to F. W. Gulike, secretary of the Dalles Cooperative Growers association, asking him to use influence on Congressman Sinnott to cooperate in seeking the tariff increase.  
 J. G. Hogg, secretary of the organization, read a report of the executive committee in which it

**COOLIDGE APPOINTS 2 RADIO MEMBERS**  
 Nominations Not Approved by Senate Made Recess Offices by President

WASHINGTON, March 5.—(AP)—Regulation for radio under a federal commission was brought closer to actuality today when President Coolidge gave recess appointments to the two members needed to complete such a board and Secretary Hoover invited all five of the new commissioners to come to Washington.

While congress enacted a law to set up a commission of five with power to control radio broadcasting and considered a bill for appropriations to sustain it, it failed in the filibuster jam that marked the closing hours of the senate session.

Orestes H. Caldwell of New York and Henry A. Bellows of Minnesota, two of the five men named to the commission, failed to obtain senate confirmation before adjournment, but received today recess appointments from the president. The lack of funds, commerce department officials said, would greatly hamper the commission, but Secretary Hoover indicated that he would do his best to help out the situation by lending the commission a clerical staff, office space, or anything else that he could lawfully provide it.

"You are surely looking good, Madge. When I saw you last, you were sick and now you have such a youthful bloom, it would make a young girl envious. What have you been doing for yourself?"

"I am indeed well and quite proud of my looks, Margaret. It is true I was sick when you saw me last, was weak and tired all the time, constipated and my skin was muddy and full of eruptions. The doctors said I'd never be well till operated on. Fortunately they didn't have a chance to cut me up. I learned of Dr. Redmond, a chiropractor, and was induced to try his method of spinal treatment. Thanks to him, I'm full of energy now, can work hard all day and never think anything of it. Neither do I have to spend an hour before the mirror to be fit to go on the street. We all need his treatments, they would do you good, Margaret. Go and see him, he is in the New Bligh Building. He can cure that touch of flu you have."

**Five Good Reasons Why you should get your shoes at a WALK-OVER store!**

- The Main Spring Arch, a patented shank of highly tempered steel that rests on live rubber. This construction imparts a firm upward thrust that supports with an ease and restfulness that is novel. Many style models, as well as oxfords, are Main Spring equipped.
- A fifty-two year old manufacturing policy of "style, only where it permits the usual standard of WALK-OVER fit and sound construction."
- The Average WALK-OVER store places dependable fitting service before high-toned selling methods.
- The Pear Shaped heel, broad at the bottom, and gently curved at the top, follows the WALK-OVER feature that is paid-up insurance against slipping, gaping or spreading of the back part of your shoes.
- Standard Staples, a complete range of carefully chosen shapes and styles that are carried the year 'round in all sizes by WALK-OVER stores from Coast to Coast. If you wear a Standard Staple there's a pair in your size waiting for you wherever you go. And the price is the same in Tampa or Tacoma.
