

THOMPSON'S MALT MILK FINE PRODUCT

Representatives Visit Salem and Start Campaign to Place It in Homes

L. A. Thompson, president of the Thompson Malted Food company, and T. T. Boulware, national representative of the company, were in Salem yesterday in the interests of an advertising campaign and a program whereby the company plans to introduce a new malted drink for home consumption. They are very well pleased with the reception accorded them in Salem, and believe that the product will prove a great satisfaction to the people of the community.

Thompson's is the only malted milk that dissolves in cold fluids without lumping. That's half the trick. For naturally a malted milk to be made at home must not require an electric mixer. All malted milk will go into solution in hot milk, but Thompson's is said to be the only malted milk that will dissolve readily in icy fluids. Just a teaspoonful or two with a glass of milk in a shaker or a Mason jar and in fifteen seconds a delicious chocolate malted milk drink is prepared. A chocolate malted milk at home must also have the real professional taste. That's the other half of the trick. Thompson's is "double malted." That's why it has more than twice the delicious sweet malt flavor and creaminess of other brands. A full pound is enough to make thirty glasses of chocolate malted milk at home.

MILL CLOSES FOR TIME

SILVERTON, Ore., March 8.—(Special.)—The Silver Falls Timber company mill is down for a 10-day lay-off, according to M. C. Woodard, manager. Mr. Woodard also reported that shipping will be continued, only the sawmill proper being closed.

Silver Falls Timber company camps are opening and logs will soon begin coming down, at which time the mill will again resume its run. The mill pond has been completely emptied of logs, something which has not occurred for a long period.

Words fail to express the deep gratitude I feel for what ARIUM Tablets have done for me," says Rev. H. McKenna of Teague, Texas. "They begin to work upon entering the body and hit the spot every time. I noticed marked change the first week. I am 59 years old and everybody tells me I look no well. I reply, 'I am taking ARIUM Tablets.' I shall make every effort to spread the good news that there is at least help from rundown conditions. I feel like a kid, sleep is more restful, and am hungry at each meal—all this is the result of ARIUM. I have never found anything so good."

Overworked, sluggish kidneys, bladder weakness and prostate gland trouble may bring on so many distressing ailments which often lead to serious and perhaps fatal diseases that every sufferer from lame back, rheumatic twinges, dizziness, pains in the head, sour stomach, frequent getting up at night, nervous weakness and lack of nerve force should start at once to get into his system the marvelous restorative Radium power supplied by ARIUM. This produces a vitalizing, internal excretion helping to renew proper, normal, youthful action, just as nature intended.

Amazing testimony of physicians and users give convincing proof of the remarkable power of ARIUM to restore health and strength to the sick and afflicted. A multitude of alarming symptoms often quickly disappears. You should see and feel a truly startling improvement in yourself each day.

NOTE: The Associated Radium Chemists, Inc. of New York, guarantees successful and satisfactory results from its progressive use in every case, or money refunded, and also that a definite quantity of Radium is used in its preparation. ARIUM is easy and economical to take and may now be readily obtained in this city from any good druggist, such as:

Plans for Lighting System Completed

Four Clusters of Lights on Each Light Post Asked

SILVERTON, Ore., March 8.—(Special.)—Plans for a comprehensive lighting system in the business district of Silvertown have been completed and will be submitted at an early date to the Portland Electric Power company for estimates of cost of installation and upkeep. The matter is being sponsored by the Silvertown chamber of commerce.

The plans provide for 43 light posts each with four cluster lights, to be placed on the principal streets of the business section. Payment for the system would be according to the plans, assessed to property owners on the basis of foot frontage.

Members of the committee in charge of the affair are P. L. Brown, chairman, Walter Arbuthnot and Charles Johnson.

The "Crest-O-Rest" Spring

A new bed spring—made to specification submitted by the Commercial Associates (a nation-wide buying organization)—the result of years of scientific research. It is a deep, double-deck spring unlike any other on the market. The coils are specially designed and tempered. The division construction between decks leaves the upper coils soft and responsive to touch, while the lower coils resist the heavier weight gently. The base of the spring is of very heavy angle steel running clear around, without riveted corners. A sturdy, comfortable and durable spring.
