the officers detailed for the occasion. With the heaviest automobile traffic in several years, not a single arrest was made, although officers were stationed at all of the important intersections.

Every visitor seemed highly pleased with the inner appearance of the building which was intmaculate from its cleansing of the past few days, llving up to all advance notices of the beauty to be witnessed last night.

All during the night and today the process of moving is underway so that regular operations may continue at 10 o'clock Monday morning withot breaking into the regular schedule of business.

IN CONSTRUCTION ACTIVITY

Camps Resuming Opera-

tions This Spring

Prospects are very bright for the resumption of the usual industrial activity in the state of Oregon, according to a statement given out yesterday by the state industrial accident commission. The belief has been expressed that work during the coming year will be greater in many lines than during the year 1926.

"Particularly in the construction industry is the outlook promi-Guajara-Mirim, about 650 miles sing," read the statement. "Aside from residential construction, plans have materialized involving a considerable volume of construction of office buildings, industrial plants and miscellaneous building erection.

"Included among the industrial plants to be constructed during the present year are the new paper mill at Newberg, the \$2,000,-000 paper manufacturing plant at anxiety which was growing as the Youngs Bay Astoria, a veneer factory at Tillamook, cannery at Woodburn an other plants of varying size and character.

"Among public utilities, the construction program includes \$3,000,000 power development by the California-Oregon Power company near Prospect, approximately \$500,000 in new construction ENID, Okla., March 19-(AP) work by the Eastern Oregon Light -The Oklahoma law providing & Power company, and the conexecution for robbery with fire struction of the Bear Creek dam
