

Pacific Coast Featherweight Title At Stake Here In Wednesday Card

MACKIE TO DEFEND AGAINST CANADIAN

Humphries Has Record of 18 Knockouts, 30 Decisions Behind Him

The Pacific coast featherweight title will be at stake in Wednesday's main event at the armory, Matchmaker Harry Plant pointed out Saturday. Ad Mackie claims the title by virtue of a victory over Babe Herman, and Art Humphries of Everett, Wash., is the boy who gets this chance to dethrone him.

About Humphries' ability there is no question, but it will be a novelty to Salem, fight fans to watch his work in the ring and to realize that if there should be any occasion for him to say anything, it would be pronounced with a typical English accent. Humphries came by it honestly, so the fans won't hold it against him. He has lived most of his life in Canada.

Although only 20 years of age, Humphries has engaged in about 70 fights. He can look back on a string of 18 knockouts, 30 decisions, and one victory on a foul. He has fought 14 draws and lost seven fights, the whole making a remarkable record considering that he has met the best men at his weight.

Benny Pelz was offered the match, but named a figure that the attendance here will not warrant. Plant is of the opinion that Pelz wasn't any too anxious to meet Mackie anyway.

According to the belief of Harry Hansen, Mackie's manager, Humphries will be the toughest opponent that Mackie has been called upon to meet since his return to ring activity.

Mackie has an easy time with the sluggers, but Humphries is not only a hard hitter, but a smart fighter as well. Just when an opponent has solved his style, he changes it.

But Mackie is going to do his best to retain the title and take it with him when he goes to California this summer.

The fans are looking for some thrills in the special six round events, especially the one in which Hal Sharp of Salem and Jack Davis of Oregon City will meet. Both of them have clinched their reputations as battlers with the local fans. Mention of either of them is a guarantee of real action.

Cleveland Indians Only Exception, Exhibition Games Prevail

ATLANTA, Ga., March 19.—(AP)—The fourth week of the spring training grind of major league baseball clubs closed today and found most of the stars and lesser lights in fine fettle. With the opening of the National and American leagues less than a month away, the work out for the next fortnight is of a finishing nature and will find managers expecting veterans and youngsters alike to show "under fire" qualities.

Jack McAllister, pilot of the Cleveland Indians, seems to be the only really dissatisfied leader in the south. The tribe is conditioning slowly at Lakeland, as evidenced by the consistent losses in exhibition games of the last 10 days. The lineup has been shifted considerably in an effort to find a more successful combination.

In the two other camps, those of the New York Yankees and Philadelphia Athletics, the men have not reached desired form. Several of Miller Huggins' stars are not yet able to travel the route. These include Bob Meusel and Combs. Both were excused from today's exhibition clash with the Boston Braves at St. Petersburg.

As for the White Elephants, at Fort Myers, Connie Mack has noticed the underpinnings of Eddie Collins have been wobbly of late. The veteran second sacker, again a "rookie" in the A.C. camp is noticeably apprehensive about his legs as he goes through the daily drill.

Exhibition games today engaged practically all of the 14 clubs quartered in the south. Of the 11 aggregations in Florida, all were in action save the St. Louis Cardinals. They went through a stiff workout at Avon Park, in anticipation of a heavy schedule week.

Tommy Thevenou, signed this week following a three weeks' holdout, is due to join the team tonight. O'Farrell had been bothered about the shortstop gap several days. Jack Flowers, who was filling in the position in handy fashion for some time, has an injured foot and Tommy is looked to as the necessary cog to close the infield leak.

It was a stunning upset. Paddock, holder of the American record for the 100, captured that event easily, breaking the tape three yards ahead of his team mate, Tinney. He was clocked in the fast time of 9 8-10 seconds, but a fraction slower than his best mark.

The blonde speedster came back to run the 220 in 21 4-5 seconds for another first place and a total of 10 points—a figure that Maxwell equalled with victories in both of the hurdle events. The latter crossed the finish line of the 120 yard high barriers in 15 seconds and straddled the low stiles in 24 2-5 seconds.

Her Worst Worry Ended for a Dime!

A Body Sweetness that Even Perspiration Can't Spoil

All the trick laxatives in the world can't tempt people who understand the properties of cascara.

A hundred different drugs will purge the bowels, but a little natural cascara purifies the system clear through. Cleanses even the pores of your skin. Renders perspiration as inoffensive as so much dew!

Your grandparents took "salts," and slowly washed away the mucous membranes with the wasted natural oils are better, but they leave the coating that your blood must then carry off through the pores. But when you cascarize the system, you get rid of all the poisons by normal muscular action of the bowels.

Don't get into the habit of taking medicine for constipation—or even for intoxication. If you have the habit, stop it. A candy cascarite is a delightful form in which to take cascara; children love them and the taste tapers most grown-ups to take "more." And what a comfort to know you are in that clean, wholesome condition that does away with any need of deodorants, even in warmest weather! Try a cascarite tonight! All druggists, 10c & 25c.

"WHAT A JOY it was to find such an aid to utter cleanliness! My system is so purified, perspiration doesn't stain my garments and I just forget self now, after I've taken one or two—"
