

## SIX O'CLOCK CLUB MEETS ON MONDAY

### Dr. Brown to Give an Accounting of Work Done in Marion County

The regular meeting of the Salem Six O'clock club, will be held in the parlors of the First Methodist church, Monday evening, March 21st, at 6:30 p. m. The regular evening meal will be served by the ladies of the church, after which the club will have the pleasure of hearing Dr. Brown, of the Marion County Child Health Demonstration work, who will speak to the club on the subject, "Health Accounting for Marion County for 1926." Dr. Brown has just recently completed a computation of all the data accumulated by his department in studying health conditions in Marion county for the year 1926. Some very important discoveries have been made, and Dr. Brown will discuss this report before the club Monday night.

When Dr. Brown first undertook the work in which he is now engaged he spoke before the club and told the members something of what he expected to accomplish. He now comes back and will tell the club how his department is progressing in the accomplishment of the things which were embraced in their program. When he first spoke to the club he con-

## LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

Hurry, Mother! Remove poisons from little stomach, liver, bowels

Give "California Fig Syrup" at once if bilious or constipated

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Fig Syrup," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless, "fruity laxative"; they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Fig Syrup," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by the "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

## PRICE SHOE STORE TO MOVE TUESDAY

### "Invisible Stock" Arrangements Provided for in Liberty Street Home

The Price Shoe company, located in Salem for 20 years and next door to the Ladd & Bush bank on State street for 15, moves into new quarters early this week and will be open for business in its strikingly modern store at 135 North Liberty, next door to Shipley's, Tuesday afternoon at 1 o'clock.

This new store will be, in two respects, the most up to date retail shoe establishment in Oregon. Manager O. E. Price announces. It has been furnished and equipped on the "invisible stock" plan, no shoes or other merchandise being in view from the sales room excepting those in the show windows.

The store room, formerly occupied by Gahlsdorf's, has been completely remodeled with black walnut trimmings and a multitude of mirrors. The wrought iron work is also a feature. It becomes a "parlor store," with a carpeted sales room and a rubber tile floor in the lobby.

It will be the only shoe store in the northwest having a chiropodist in attendance at all times to solve difficult footwear problems and to diagnose patrons' foot troubles.

Dr. John M. Gronholm, graduate chiropodist who has had 20 years of experience in his specialty, comes here to take this position. A well equipped office has been provided for him.

The new daylight shoe department will be the largest in the city.

In addition to shoes, a large hosiery department is being opened.

## SALEM DISTRICT MEETING TO BEGIN

### Convention to Open With Reception at Leslie Methodist Church

A number of ministers and laymen of the Methodist church will be in Salem for three days starting tomorrow when the annual Salem district meeting of the Oregon conference of the Methodist church will be held at the Leslie Methodist church.

The convention will open with a reception at the church tomorrow evening, at which Rev. J. Willard De Yoe will preside. An address of welcome will be given by Rev. A. S. Mulligan, to which Dr. David H. Leach will respond. Music and social discussions will complete the program for the evening.

Tuesday afternoon will be devoted to discussions of various problems facing the church. These discussions will be led by different pastors, and church men from Salem and the university. President Carl Gregg Doney is scheduled to speak on "The Moral and Religious Emphasis in Willamette University," and Ronald C. Glover, local attorney, will address the group on "Has Kimball a Future?" Tuesday evening, Bishop W. O. Shepard will preach.

The convention will close Wednesday morning with business sessions and short addresses by a number of the district pastors.

## ARBITRATE RAIL WAGES

### 65,000 Conductors and Trainmen Ask \$1 a Day Increase

CHICAGO, March 19.—(AP)—The dispute between 55 western class one railroads and their 65,000 conductors and trainmen who demand a \$1 a day wage increase today was referred to a board of arbitration.

The proposals of both sides for changes in the rules under which the employes work were withdrawn.

The announcement came from E. P. Morrow, former governor of Kentucky, and S. E. Winslow, members of the United States board of mediation.

The dollar a day demand is not the original request, but is roughly about twice as much as the recent increase of 7 1/2 per cent granted by arbitration on the eastern roads.

The Cherry City Baking Co.'s bread, pies and cakes are of highest quality. One of Oregon's most sanitary bakeries; visit it. Worth while. A Salem show place. (\*)

Pendleton—Peace Lutheran church will build \$4,500 parsonage.

## TWO DEAD IN BLIZZARD

### Clearing of Denver and Rio Grande Tracks Nears Finish

DENVER, Colo., March 19.—(AP)—Two persons were dead because of the blizzard and three to seven inches of snow covered Colorado and Wyoming tonight as one of the biggest storms of the winter began to abate.

As snow flurries fell today on the Colorado plains, a crew continued to clear the Denver and Rio Grande Western railroad tracks near Silverton, isolated a

## NEW PRESSED BRICK FRONTS PROPOSED

### Rostein Reports Merchants Favorable to Improvement on Commercial Street

Plans to improve Commercial street from State to Chemeketa by removing the present shabby fronts of that artery of commerce, replacing each with pressed brick fronts on both sides of the street may be perfected within a short time as the result of the activities of Ed Rostein, connected with Rostein & Greenbaum, dry goods merchants, at 240 North Commercial.

Mr. Rostein reports that 75 per cent of the merchants interviewed are in favor of the proposition whole heartedly, the cost of which will probably total nearly \$250,000, the building being finished in much the same manner as the New Bligh building on State street.

The project has been planned, not so much for improvement as actually for protection from the trend of commercial traffic to the east. The fact of general improvement to meet these demands is to the founder of the idea, Mr. Rostein, the only practical plan.

With new pavement being put in on Fairgrounds road, much of the traffic on the Pacific highway can be sidetracked from the Capitol street route of the Pacific highway past these stores.

With the plan so near maturity, Salem is gradually nearing the attainment of its goal, Salem the beautiful.

## COMMISSIONS TO BE ISSUED FIRE WARDENS

men. These men, 12 in number, will be stationed throughout the timbered areas of the state and charged with the enforcement of the forest fire laws. Their duties will consist of inspecting logging camps and mills to see that fire protection equipment is provided, inspect slashings, issue burning permits, investigate law violations and cooperate with all timber owners and forest users in the solution of the fire problem.

In times of emergency they will assist district wardens in directing and organizing fire fighting crews.

All funds derived from the biennial appropriation, as well as a small percentage of the Clarke-McNary funds, will be used for administrative purposes only through the employment of law enforcement officers, 20 district wardens, and defraying the cost of the state forester's office. None of these funds will be used to defray fire fighting expenses. All additional costs of field personnel, equipment, improvements and fire fighting expenses will be met by timber owners.

Of the 20 protective units in the state, five are administered directly from the state forester's office. The remainder are made up of private timber owners organized as associations for the purpose of forest protection. The work is conducted under contract with the state forester.

In recognition of the state's responsibility in forest protection and in order that the office of the state forester may have administrative authority in the conduct of the affairs of the association, the salaries of the district wardens are paid jointly by the state and the associations. Total funds allotted as the state's share of this cost for the fire season of 1927 is \$19,750.

There has been allotted to the various associations and state patrolled units the following funds:

Baker \$500, Central Oregon \$650, Clackamas-Marion \$1200, Clatsop \$1200, Columbia \$1200, Coos \$1700, Douglas \$1200, eastern Lane \$1000, Klamath \$900, Lincoln \$700, Linn \$1200, Polk \$800, Tillamook \$1200, Union \$950, western Lane \$1000, Curry \$650, John Day \$900, Jackson \$1000, Josephine \$1000 and Wallowa \$900.

With a few exceptions all the district wardens are now in the field and the remainder will take up their work by April 1. Considerable improvement work will be undertaken. This will include maintenance work on 2700 miles of roads and trails and 1,000 miles of telephone lines. New telephone lines, roads and trails will be constructed, while cabins and lookout towers will be repaired and built.

All state inspectors will be in the field by May 1, in order to inspect operations and advise with men in charge in regard to installation of equipment and precautionary measures that must be taken prior to the closed fire season which begins May 15. Additional men will be placed in the field as fire conditions require, with the full personnel provided about June 1.

## MOB DROWNS PRISONER

### Wounded Man Seized and Thrown in Suwanee; Killed Officer

MAYO, Fla., March 19.—(AP)—Berry Allen of Mayo was seized by a mob and thrown into the Suwanee river late today while being taken to Lake City hospital suffering from wounds received when his barricaded home was dynamited by a sheriff's posse after he had shot and killed Will Brock, range rider, and seriously wounded Deputy Sheriff Frank Murray.

A party of Mayo citizens was in the vicinity tonight searching for his body.

The tragedy had its beginning this afternoon when Deputy Sheriff Murray, accompanied by his friend Brock, attempted to serve papers on Allen and remove his two children to a public institution.

## PERPETUAL MOTION SOLVED BY REVOLUTION

(Continued from page 1.)

The perpetual motion machine is a practical demonstration of the ability of the bible to solve all problems and of the power of God according to members of the brotherhood.

The perpetual motion machine is said to operate on the principle of gravity overcoming gravity, "much on the idea as grease removes grease," one follower of the cult explained. It is constructed with a series of wheels and weights, and once the contraption is put in motion, the manufacturers declare it will run forever without the application of outside force.

Several early-day mines in Crook county, closed for years, are to reopen.

## Wilshire's I-ON-A-CO

## Ulcerated Stomach-High Blood Pressure Insomnia

GAYLORD WILSHIRE Inventor of I-ON-A-CO

Here is a partial list of ailments which have responded to I-ON-A-CO treatments:

Anaemia	Heart Disease
Asthma	High Pressure
Arthritis	Insomnia
Baldness	Indigestion
Bladder	Nervous
Troubles	Debility
Bronchitis	Neuralgia
Catarrrh	Obesity
Colitis	Prostrate
Constipation	Troubles
Cystitis	Premature
Debility	Gray Hair
Diabetes	Rheumatism
Eczema	Scurvy
Gastritis	Sciatica
Hemorrhoids	Varicose Veins
	Vertigo

In hundreds of instances during the past year Gaylor Wilshire's new invention has given new life to those on the brink of the grave. So-called incurable cases have responded to this delightful treatment. The treatment cannot possibly cause harm and the proven achievements offer such amazing promises of new life they should not be ignored.

## Prominent Citizen Testifies to I-ON-A-CO Results

I have suffered for fifteen years with Ulcerated Stomach, High Blood Pressure and Insomnia. I have treated with Doctors from New York to the Oregon coast and have been to many springs with no relief.

Many doctors told me my case was hopeless, so I gave up medicine after an expenditure of \$10,000.

I purchased an I-ON-A-CO about thirty days ago. I use it about thirty minutes a day, and I believe I am now back to normal. No more night sweats, no high blood pressure or sour stomach and I sleep well, for which I thank the I-ON-A-CO. I shall be glad to answer any questions regarding my experience with the I-ON-A-CO.

H. J. PATTERSON, 475 N. 17th Street, Salem, Oregon.

## Does 3% Look Small to You?

That is the interest, compounded semi-annually, which this Bank pays on Savings Accounts.

Some people consider it very "old fashioned" to be satisfied with "savings bank interest." The facts are, 3% is a very high rate, in view of the complete safety afforded—to say nothing of the splendid service, facilities and convenience offered by this Bank.

And Savings Bank patrons will be safe, and getting a generous interest return on their money, when some of our more venturesome "financiers," who scorn "savings bank interest," are on the rocks.
