WHAT ABOUT THE COMPANY?-The North American Insurance Co. of Chicago, Illinois, is one of the largest and strongest accident insurance companies in the United States.

WHY SO CHEAP?-Because of the tremendous number of policies written, without a large agent's commission, the cost is cut to the net rate. In addition, because the newspaper can use so many policies, the rate is naturally lower in a county than where an agent handled only a comparatively small number.

WHO CAN GET THE POLICY?—While the policy is intended as an incentive for subscribing to The Oregon Statesman, we are offering it to old as well as new readers. The head of a household can take as many policies as he has dependents who wish protection, all residing at same address,
