**Two Interesting Musicales Featured in Salem Sunday**

Two interesting musicales took place in Salem on March 27, and while neither were Beethoven programs, both added their share of impetus to a rapidly growing musical consciousness in the northwest. It was a coincidence that both took place on the 100th anniversary of the death of Ludwig Beethoven.

The first was a vesper service at 3:30 o'clock at the First Presbyterian church, by the junior choir of the First Presbyterian church in Corvallis, with Byron Arnold conducting.

The second program, which was given at St. Joseph's church at 7:30 o'clock in the evening, was a concert by the choir of St. Mary's Cathedral of Portland. Professor W. Goodrich conducted the numbers, each one of which was extremely beautiful and extremely impressive.

In the concert by the Corvallis young people which, in common with the program at St. Joseph's church, was heard by a large audience, the pipe organ work of Ronald Hall, a 14-year-old pupil of Mr. Arnold, was especially astonishing. John Roland's solo on the French horn was a delight to those who heard it, as was the violin duet by Lucella Bates and Howard Halbert; and the trio by the two violinists and Stella Cairncross, pianist. Miss Cornelia Munsinger presided capably at the organ. The fine chorus work of 20 young voices came to superb climax in Gounod's "Praise Ye the Lord."

The Portland group thrilling solo roles were taken by Elmon C. Miller, Cuthbert C. Harris, Ben L. Markee, Mrs. Lee Garriot, Samuel Little, Mrs. Rose Friedel Glanville, S. A. McCartney and Mrs. Genevieve Clancy Dundore.

## SAYS IMMIGRATION WILL BE ABOLISHED

**Washington Representative Favors Gradual Reduction of Quotas**

NEW YORK, Mar. 28.—(P)—A prediction that immigration into the United States will be abolished within 25 years was voiced today by Representative Albert Johnson, of the state of Washington, chairman of the house immigration committee and author of the two per cent quota law.

"Each congress," he said, "is trimming down the number of immigrants entering the United States because of a natural demand for more and more restriction." He said the process is bound to go on, despite all opposition.

"This movement is general," he
