**Will Build Home—**  
H. Shusterowitz will construct a \$3000 house at 730 Ninth Front street, according to a permit issued yesterday.

**Examinations Given—**  
Dr. Walter H. Brown, director of the Marion county health service, spent yesterday afternoon at Pariah high school assisting in giving examinations to a large number of girls, students in the school, who are trying for placement on the honor roll. Dr. Estelle Ford Warner and Dr. William Brady conducted the clinic in the morning, assisted by Miss Mildred Shackleton, district health nurse, and Miss Ida Tweeton, assistant director of nursing for the local health demonstration. Dr. Vernon A. Douglas also assisted in the afternoon.

**Hotel Marion—**  
Dollar dinner, served 5:45 to 8 every evening.

**Celebrates Anniversary—**  
The first rural free delivery routes were started out of the Salem postoffice just 36 years ago yesterday, said Postmaster John Farrar. Three of the carrier who started on the routes then are still on the job. They are James S. Albertson on route 5; Fremont L. South on routes 8 and James A. Remington on route 9. There are 2966 boxes on the nine routes out of Salem now, he stated.

**Goes to Albany—**  
Miss Ruth Sherwin will go to Albany Sunday where she has taken a position as substitute teacher in the junior high school.

**Spley Injured—**  
Ed Ripley, a bicyclist of 1395 Summer street, was slightly injured yesterday afternoon when he smashed into the rear fender of a car driven by J. W. Berkeley, Woodburn, as it was going south on Liberty street. No damage resulted.

**Alleged Thieves Taken—**  
John Krieger and Gladys Bryant, arrested by police Thursday night and charged with complicity in the theft of an automobile in Portland, were turned over to police officers from that city early yesterday.

**Joe Anderson, said to be the ring leader, who made his escape after being chased by an officer last night, has not been found.**

**Youths Are Fined—**  
The four youths who were arrested Thursday night by police officers and charged with possession of liquor, pleaded guilty in justice court today. Joe Giesler, the only one of age, was fined \$50. The other three, Pete Jensen, G. Savage and H. J. Jarman paid fines of \$10 each.

**Today—**  
E. V. Price & Co. big display sale of fine tailoring. Don't miss it. A. A. Clothing Co. a2

**Ambsitious Bootlegger Fined—**  
An energetic bootlegger struck a snag yesterday when he attempted to sell three quarts of beer to a state police officer. As a result, Andy Schab, who lives on the road leading to Cottage farm, was convicted of peddling liquor and fined \$250 in justice court yesterday. A sack containing 16 quarts of the alleged beer was found in Schab's home.

**Bicycle Reported Stolen—**  
Albert McPeeters, 1357 Hines street, reported to the police department yesterday that his bicycle had been stolen.

**Fined for Truck Speeding—**  
Arrested Thursday and charged with driving a truck at a rate of 31 miles an hour in violation of the law. E. Ely, 151 Bush street, was fined \$15 in justice court yesterday.

**Dine at the State Cafeteria—**  
A new automatic orthophonic Victrola—latest wonder in music, now on demonstration. State Cafeteria. a5

**Elmendorf Chamber Speaker—**  
William J. Elmendorf, Seattle mining engineer of 30 years' experience who is advisor for the Northwest Copper company in its operations in the Santiam district, will address the Salem chapter of commerce luncheon next Monday, his subject being the prospects for the Santiam copper mines. He will be introduced by W. L. Staley, who is interested in the mining venture.

**Executor to Will Appointed—**  
Jessie I. Wilson has been appointed as executor of the W. E. Wilson estate, and the will has been admitted to probate.

**New Deputy Sheriff—**  
W. J. Wilt, formerly connected with the Oregon Pulp & Paper company, has commenced his new duties as deputy sheriff in charge of desk and clerical work in the Marion county sheriff's office. Wilt succeeds J. W. Lewis who resumed his previous position as warden of the state penitentiary.

**Furniture Upholstery—**  
And repairing. Giese-Powers Furniture Co. 1212

The House That Service Built

**TABLE TALKS**

**Meat Cookery and Thrift**  
Skill, yes—but good sense and knowledge, more, is required of the woman who would be a good meat cook. No matter what the cut of meat, she may make it tender or tough, by her method of cooking. A great deal more is required than to put meat in a pan and let it sizzle or boil as the case may be. Yet few realize it. "I buy the best meat the butcher has, and yet John says my steaks are tough," is the wall of one of my friends. Yet another, who does not buy the most expensive cuts in the market, and whose butcher's bills are half of those of her neighbor's serves meat to her family that is tender and luscious with juice.

The second woman grants that there is a principle in meat cookery and observes it. The first understands no principle and doubtless thinks she is boiling a turnip or frying an egg, when a pot roast is in the kettle or a steak on a broil.

**Know Then**  
To apply this principle, we must know that lean meat is muscle. And naturally the more a muscle is used the stronger and tougher it becomes. The tender, expensive cuts, then come from a part of the animal which is least used, and the tough cheaper cuts are muscles which are often used.

We must also understand the structure of lean meat which is made up of bundles of hollow fibers or tubes bound together with connective tissue. These little tubes are filled with juice. When meat is cut across the grain, the juice oozes out. In the tender cuts the fibres or tubes are smaller and shorter, with very little connective tissue. In the tough cuts, the fibres are longer and coarser and held together with more connective tissue.

A last thing about meats, must we also know, and in fact this is true of all other proteins, too, such as eggs, milk and cheese. Meat is toughened by extreme heat, but is softened with slow heat and moisture.

**The Principle**  
Our principle of meat cookery, then, whether it be a tough or tender cut is this: 1. Soar meat over hot fire or in boiling water so as to toughen the outside of the meat and seal in the juices, to plug the ends of the little tubes so that the true flavor and moisture of the meat will remain inside.

2. Cook slowly, after the juices are sealed in, until the center is done.

**A T-Bone Steak**  
There the principle is as simple as that. Just one, two, hot fire, slow cooking. Let's apply it. Consider my woolly friend's expensive steak. I presume it is a T-bone or sirloin, but at least an inch thick. If she broils it in her oven, she should turn the fire high, and put the steak close to it, searing it well, first on one side and then the other. Then she would turn the blaze low, put the rack several notches down, and let the heat penetrate to the center of the meat slowly. If she would do it this way, I'll wager there would be no more male complaints in that household.

Should she prefer to pan broil the steak, her system would be the same. Have the skillet plying hot. Sear both sides of the meat well, then lower heat and cook slowly until done.

Suppose we are to have rib of

roast beef for Sunday dinner. How do we apply the principle? Exactly the same, using a hot oven, 500 degrees F., for about fifteen minutes until the outside of the roast is seared, lower the temperature to 350 or less than moderate until the inside of the meat is done.

**Tough Cuts**  
But roasts and steaks are expensive cuts and doubtless you are wondering how my thrifty friend could make tough cuts tender and luscious. She follows the principle—"one, two." If it is a pot roast, the juices are seared in over a hot fire, water added, the kettle covered, and the meat allowed to simmer gently almost under the boiling point, for two or three hours or until the connective tissue is softened and the meat tender and juicy. She follows the same rule with her steaks, putting the meat into boiling water, very often browned the meat over a hot fire to develop flavor as well as to retain juice and then simmering slowly for a long time.

If my intelligent friend were to boil the meat vigorously so that the boils potatoes, it would become tough and leathery.

Of course, should you prefer to have the flavors of the meat in the liquid, as we do for soup, the meat should be put into cold water and brought to a boil, adding salt at the beginning. Since salt draws out the juice, it should not be added until the surface of meat is well seared.

**Practice**  
Since the cheaper tough cuts of meat contain just as much nutrient as the expensive cuts, and since with knowledge they may be prepared to rival (do I dare say) even the renowned Porterhouse, the would-be-thrifty housewife should give them attention and practice.

Tough cuts can also be made tender by pounding, then break up the long fibers, by grinding, and by cooking with acid such as vinegar and lemon juice. Tomatoes, which add distinction to any meat dish, contain acid and thereby make the connective tissue of meat more easily softened.

Following are a few meat recipes you will want in your file:

**Spanish Meat Loaf**  
2 lbs. raw ground meat  
2 cups rolled oats  
2 cups diced tomatoes  
½ cup diced celery  
1 ½ tsp. salt  
Few grains pepper  
Few grains cayenne  
1 small onion chopped fine  
1 tbsp. bacon fat or drippings  
Mix all together, and bake in a loaf tin for about one hour. Drain off juice and thicken for gravy to garnish.

**Hungarian Goulash**  
Cut a cheap cut of beef into small pieces. Sear in a little hot fat, stirring often to prevent burning. Cover with water and simmer slowly for 2 hours. Season with salt and pepper. Add potatoes cut in cubes, small onions and slices of carrots and turnips. Cook until vegetables are tender.

**OBITUARY**

**Shilling**  
Mrs. Gladys Shilling died at a local hospital March 31, at the age of 36 years. She leaves her husband, Charles Shilling and the following children: Bertha, Mildred, Margaret, Leonard and Robert, all of Turner, Or.; her father, John Gennery of Iowa; mother, Mrs. M. C. Treat of Seaside. Funeral services will be held Monday morning at 10:30 o'clock at the Turner Methodist church, with interment in Twin Oaks cemetery. Webb's funeral directors.

**Ledfors**  
Nels A. Ledfors died at a local hospital March 28, age 81 years. Survived by his widow and five children at Toledo, Or. He was a member of the Brotherhood of American Yeomen. Funeral services will be held at Terwilliger's funeral home on Sunday at 2 p. m., with Rev. Weeks officiating.

**Pfel**  
Minnie Pfel died at a local hospital March 29, age 4 years. The remains will be forwarded to Perry, Or., today by Terwilliger's where services and interment will be held.

**FUNERALS**

Funeral services for Edward G. Lane, who died in this city March 29, will be held this afternoon at 3 o'clock at the Rigdon mortuary, under the auspices of Lodge No. 4, A.F. & A.M.

**I. C. C. DECISION HAS LITTLE EFFECT**

Only Flurry of Selling, Closing Only Slightly Below Record Highs

NEW YORK, April 1.—(AP)—The Interstate Commerce commission's decision in the St. Louis and O'Fallon case, holding that railroad rate valuations should be based on 1914 costs instead of present replacement value as contended by the railroads, caused only a flurry of selling of railroad shares on the New York Stock Exchange today. Early declines of 1 to 2 1/2 points were generally reduced or wiped out and in a few cases followed by the establishment of record high levels.

At the close of the market, the average of twenty leading issues showed a net loss of only one-third of a point, and was within one half a point of the highest level since 1913.

Although the decision indirectly affects billions of dollars in railroad securities, Wall street was inclined to take a philosophical view of the case. The I. C. C. decision was characterized by some officials as a blessing in disguise in that it provided a ready means of bringing the troublesome question of valuation before the federal courts for final determination.

Hood River apples growers are optimistic over this year's fruit prospects.

**ELECTRIC BROODERS**

If you are connected up so that you can use an Electric Brooder, you will find it is the most convenient and cheapest way to brood baby chicks. These brooders come in various sizes and are well made and will last for years. All that you have to do, is adjust it to the heat that you need, and turn on the switch. Come in and let us show you the latest machines. We also have Buckeye Coal and Oil Brooders and Queen Coal Brooders for those that cannot use an Electric Brooder.
