

PRUN-WAL MEETING WITH GREAT FAVOR

Combination of Prunes, Walnuts and Chocolate Makes Fine Confection

Prun-Wal, that delicious confection composed of prunes, walnuts and chocolate, is meeting with an ever increasing demand according to Benjamin F. West, originator and manufacturer of this delectable tit-bit.

Orders have been received from points as far east as Detroit, Michigan. This confection may be secured at grocery stores, drug stores and cigar stores in Salem. Prun-Wal is made from the very choicest prunes and walnuts. They are processed, formed in bars and then chocolate coated. The quality of prunes used is of the best. According to W. F. Drager, president of the Drager Fruit company, they are thoroughly processed, and in the best sanitary condition. They are the largest prunes and the best quality that is produced. The same may be said for the grade of walnuts used. In fact, every care is taken to make this confection a delight to the most particular of people. The chocolate makes it sweet, but not too sweet. The prunes give a pleasing tart taste; but not too tart. The walnut adds a certain richness, but it is not too rich. All of these qualities combine to make one of the very best and healthful confection bars.

The Midget Meat Market never fails to give you the finest meats and fish. There is but one place in Salem to get the finest fish. The Midget Market has it for you. (*)

APPOINTMENT MADE

UNIVERSITY PRESIDENT ANNOUNCES COMMITTEE HEADS

EUGENE, April 2.—(AP)—Committees have been appointed by Dr. Arnold Bennett Hall, president of the University of Oregon, to put into effect the academic changes approved by the faculty March 2, it was announced today. The personnel of a junior college advisory committee and an honors council have been named.

Dr. C. V. Boyer, head of the department of english, is chairman of the latter group, and will collaborate with Dr. Homer P. Rainey, of the school of education; Eric W. Allen, dean of the school of journalism; Dr. James H. Gilbert, acting dean of college of literature, science and the arts; Professor Homer R. Taylor, of the department of psychology; Dr. George Rebec, dean of the graduate school; Dr. A. R. Moore, head of the department of zoology; Dr. Donald Barnes, of the department of history, and Professor H. C. Howe, of the department of one-Hab.

Dr. Rebec was chairman, and Deans Allen and Gilbert and Professors Taylor and Howe were members of the committee on superior students and honor courses that recommended to the faculty the establishment of an honors college.

REPUBLICAN LEADER WILL TOUR NATION

William M. Butler to Make Survey; Candidate Not Being Considered

WASHINGTON, April 6.—(AP)—After a conference with President Coolidge, William M. Butler, chairman of the republican national committee, announced today that he would begin a country wide survey of the republican situation.

CORNS

Lift Off—No Pain!

Doesn't hurt one bit! Drop a little "Freezone" on aching corn. Instantly that corn stops hurting, then shortly you lift it right off with fingers. Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calms, without soreness or irritation. Adv.

ation beginning about April 15. The national chairman plans to be on the road about a month and while his itinerary has not been fully worked out, he said he would visit Pacific coast states as well as those in the northwest, conferring with national committee men, state chairmen, and other party leaders.

Asked if one purpose was the sounding of sentiment on the suggestion of the renomination of President Coolidge next year, Mr. Butler said candidates were not being considered at this time; that the idea was to tighten up the party machinery.

Such a trip as that about to be undertaken by the man personally selected by Mr. Coolidge to conduct his campaign in 1924, has been suggested for some time by several of the party leaders and friends of the president. They have emphasized that there has been no gathering of the national committee in two years and that steps should be taken to get the national organization into better working order.

Mr. Butler said he planned such a journey, as he is about to make, during last January, but abandoned the idea at that time because congress was in session and many political leaders with whom he desired to confer were not in their states at that time. He said he had decided upon a plan of traveling from state to state rather than to visit a central point and invite the leaders to confer with him there.

The national chairman is expected to give particular attention to conditions in border political states, but the extent of his activities in territory where the names of Frank O. Lowden, of Illinois, and others have been brought out as possible opponents of Mr. Coolidge for the republican nomination, is not made clear at this time.

While on the road—and his trip is to consume at least a month—Mr. Butler will look over facilities offered by various cities for the republican national convention next year. Movements already are underway to obtain the gathering for San Francisco, Chicago, St. Louis, Detroit, Cleveland, Kansas City, New York, and San Antonio.

CICERO HOOP TEAM NATIONAL CHAMPS

Quint From Chicago, Suburb Comes From Behind; Beats Batesville 18-16

CHICAGO, April 2.—(AP)—Morton high school at Cicero, Ill., won the high school basketball championship of the nation tonight from Batesville, Ark., by a two point margin—18 to 16.

The brawny team from the Chicago suburb, composed of lads named Kawalski, Rondinella, Nystrom, Rezabek and Fencil, ground down the Arkansas quint in the final game of the tournament and won from a team whose bitter gameness was not enough to offset the hurly pace the victors set.

The Carpenter brothers strove valiantly against the Cicero team and with Pickren led the southerners attack, but long shots by Rezabek of Cicero, and a pair of easy ones by Nystrom came opportunely to turn back the first serious threat the south ever made at a national basketball crown.

Batesville led for a few moments at the start, and was not beaten until the final run, for it rattled long shot after long shot off the backboard in the last seconds of play in a vain effort to tie the score.

SUMMARY — Batesville

Cicero	18	16	
Rezabek	(5)	Fencil	(4)
Nystrom	(6)	Carpenter	(6)
Kawalski	(2)	Pickren	(2)
Rondinella	(3)	Murphy	(1)
Fencil	(1)	Hammer	(1)

SEEK TO PREVENT ELECTION RIOTING

Mayorality at Issue in Chicago; May Call Out National Guardsmen

CHICAGO, April 2.—(AP)—Adjutant General Carlos Black was ordered to Chicago from Springfield today to determine whether it will be necessary to call out the national guard to insure a riotless mayorality election here next Tuesday.

Governor Len Small, in a statement revealing the order to the adjutant general, said: "I have instructed Adjutant General Black to go to Chicago and confer with Major General Roy D. Keehn and Sheriff Charles E. Graydon and give whatever situation may arise his personal attention."

"I have too much confidence in the people of Chicago to think there will be race riots or other serious disturbances. But when a sheriff asks intervention or repatriation for intervention, his request must be taken seriously."

"We are going to see that the people of Chicago can go to the polls Tuesday and safely cast their ballots."

The governor's action followed a request by Sheriff Graydon of Cook county that the governor be prepared to mobilize the national guard on quick notice.

Pandemonium in the city's three-cornered mayorality contest broke tonight. Shouting, jostling crowds jammed downtown streets. Spasmodic fist fighting was reported by police. The streets about the hotel in which Mayor William E. Dever, democrat, and William Hale Thompson, republican, both have their headquarters, were crowded. The third candidate is Dr. John Dill Robertson, running on an independent republican ticket.

Sheriff Graydon, who is aligned with the republican organization backing Thompson's candidacy, said he was impelled to ask Governor Small to be ready with troops by what he characterized as a "democrat-inspired" plot. This was the sending of letters to 10,000 negroes under the stamped signature of Thompson. The letters requested the recipients to meet Thompson at his hotel headquarters yesterday.

Thompson said he believed the letters were for the purpose of filling the downtown streets with large numbers of negroes wearing Thompson badges. A fight was to be started, according to Thompson adherents, with the possibility of a riot resulting.

Managers of Mayor Dever's campaign said the plot appeared to them to be somebody's April Fool joke. They disclaimed knowledge of it.

Whether or not soldiers are called to guard ballot boxes, there will be unusually strong police protection.

English Fox Hunt Hurt by Activity of Hands

LONDON, AP.—Fox hunting in England, which dates back many centuries, is threatened by the activity of farm laborers who have been carrying on an illicit business in Reynard's skin.

The hide, worth more than a million pounds sterling to the fox himself while it stays upon his back, is worth but 12 to 13 shillings when peeled off its original owner and is passed on to the London furrriers.

At a farmers' meeting here the Duke of Beaufort, whose estate covers 52,000 acres, discussed the possibilities of the fox becoming extinct if farm hands were allowed to shoot the quarry which takes such a leading part in the hunting parties of the aristocracy.

The Duke complained because of the increasing value of fox skins on the market, saying the practice had already proved a danger to the sport. He urged the farmers' cooperation to discourage fox shooting so that fox hunting with hounds and horses would continue to thrive.

USC DEBATE TEAM HAS FINE RECORD

Willamette Forensic Stars Prepare for Verbal Battle on Monday

When the University of Southern California debate team appears at Waller hall tomorrow night, the Bearcat forensic squad will meet in 117 debates with other institutions, throughout a great rectangle extending east to St. Louis, Mo., north to Milwaukee, Wis., back west to Vancouver, B. C., and down the coast, losing only twenty-one contests, sixteen of these by "2-1" decisions.

The debaters from Southern California have defeated every state university in the west except Washington and Montana who they have not met. Among the triumphs is a victory over University of California on a Berkeley platform by a vote of its own audience 345 to 300.

The Trojan speakers who will arrive in Salem Monday morning are William B. Henley and Arthur Syverton. Henley is a three year varsity debator who has lost only one contest during his career. Syverton, also a three year veteran, has appeared in twenty-three forensic contests. He recently carried away honors in the League of Nations speaking event.

Against these men, Coach J. O. Hall of Willamette university will pit Charles Redding, Bearcat star, and Lars Hersvik, who will appear in his second varsity debate contest. The locals will have the affirmative of the Chinese foreign control question, which is considered the more difficult side, on which to build up a strong case.

The contest which starts at Waller hall at 8 o'clock will conclude the debate season, one of the most successful in the history of the school. The women forensists scored three victories and were not defeated. The men won eight debates, lost three, and have appeared in two non-decision contests.

Officer's Pay Low, But Cannot Collect It Either

OKLAHOMA CITY.—(AP)—Although his wage is perhaps the lowest paid any official of this state, the lieutenant governor can't collect it.

Lieutenant Governor W. J. Holloway admits, however, it is his own fault that he is unable to collect the \$1000 annual salary due him. When the legislature met in 1925, there was no lieutenant governor. Governor J. C. Walton had been removed by impeachment, and Lieutenant Governor M. E. Trapp had succeeded him. Holloway, as president pro tempore of the state senate, was next in line of succession for governor, but he did not believe he could collect the lieutenant governor's salary, and advised the appropriation committee to omit it from their budget for the fiscal biennium ending June 31, 1927.

Thus, when Holloway was elected lieutenant governor, he discovered there was no money available to pay his salary for the first six months of his service.
