

### EARTH TREMOR FELT

Shocks Noted in Eastern Oregon, No Damage Done

BAKER, Oregon, April 9.—(AP)—Four towns in Pine and Eagle valleys reported a series of mild earthquake shocks at intervals last night and early this morning. It is the first earth tremor reported in this country since 1909.

Shocks were felt at Richland, Newbridge, Sparta and Halfway. The first shock was felt at about 9 o'clock, when windows were rattled in Richland and Halfway. Another followed shortly before midnight, another an hour or two later, and still another at several points about 6 o'clock this morning.

Some reported four shocks, while others said they felt five. The shocks lasted only a few seconds and were not violent. No property damage was reported at any point.

The first tremor was the heaviest, though a good many were awakened by those later in the night, reports from Richland and Halfway said.

Ottawa Senators a 3 to 1 victory over the Boston Bruins here tonight in the first hockey game of the 1927 Stanley cup series, to go to a decision. The teams played to a scoreless tie in their first encounter here Thursday.

The victory left the Senators in a decidedly favorable position as the teams turn north for the rest of the five game series on the Canadian's home ice at Ottawa. Both teams tonight abandoned the defensive style of play that marked the first clash here and the Senators jumped into a commanding two goal lead after Clancy and Finnegan tallied with in the first 11 minutes of play.

### CLING TO CHANNEL HOPE

Portland Delegation at Washington Makes Further Effort

PORTLAND, April 9.—(AP)—A Washington dispatch to the Morning Oregonian tonight says: "Portland's hope that the 'powers' who control the recommendations of the corps of engineers on river and harbor improvement will sanction a 35-foot channel to the sea was dim tonight, but still flickering."

The dispatch continues in part: "Despite the vote yesterday of the board of engineers for a 32-foot channel 500 feet wide there

remains one chance, a remote one at best, that the board will report in favor of the dimensions which were ably contended for here two weeks ago by W. D. B. Dodson and James H. Polhemus."

### "SUMMER TIME" COMES

LONDON, April 10.—(AP)—"Summer time" arrived in London at 2 o'clock this (Sunday) morning, all wrapped up in woolens.

A snow storm had its origin in Scotland and swept southward over Wales and Down into England. In London there were snow flurries, torrential rain, hail, thunder and fog.

### POISON CHARGE REVIVED

Mrs. Eva N. McGee to Be Tried Again on Murder Indictment

TILLAMOOK, April 9.—(AP)—Mrs. Eva N. McGee, widow of Dr. W. G. McGee, former Nehalem physician, will again be tried on a charge of murdering her husband

by administering poison to him. Her second trial before Judge George R. Bagley will start Monday in the Washington county court at Hillsboro, her attorneys having obtained a change of venue after her first trial last November, which resulted in a jury disagreement.

Approximately 45 witnesses have been subpoenaed by the defense, while 20 will be called by the state.

The ever-growing importance of body engineering has been given additional emphasis in the Marmon organization by the appointment of L. R. Rhein as body engineer. This appointment has

just been announced by Thomas J. Little, Jr., chief engineer. Mr. Rhein formerly was body engineer of the Lincoln division of the Ford Motor company.

### Application for Cableway at Mt. Hood Not Approved

WASHINGTON, April 9.—(AP)—Refusal of permission to a commercial company to build an incline cableway to the summit of Mount Hood, Oregon, was announced today by the department of agriculture.

Chief Forester W. B. Greeley, in denying the application, said the material gains in tourist traffic would fall to compensate for the loss in esthetic and sentimental value of such an outstanding natural feature, if it were subjected to commercial development.
