SAVE MONEY IN CULTIVATION

With the New Improved **FLEX-TRED**
Garden Tractor

BESIDE cultivating, weeding, disking, harrowing and ground-packing at the lowest possible cost, the new "FLEX-TRED" will easily handle a nine inch plow. Plows to a full width of nine inches, and a depth of 6 1/2 or 7 inches. Gardeners and small land owners can now do their own plowing as well as cultivating at lower cost than ever. The flexible tread, power, and properly balanced weight make operation easy in all soils and under difficult conditions.

Adapted to attach any walking cultivator tools and combinations of tools used with the horse drawn type. Write today for free illustrated folder fully describing the new type K tractor, and proving the success that others are having with it.
