

GRIFFITH HEARING MAY BE DEMANDED

Traffic Officer Dismissed
From Service of State for
Second Time

Reports received here from Portland yesterday indicated that Joe Dunne, head of the Oregon state motor association; E. E. Brodie, editor of the Oregon City Enterprise, and a number of other persons would demand a hearing for Harry L. Griffith, who recently was released from the state traffic force.

Neither Sam A. Kozar, secretary of state, nor T. A. Rafferty, chief inspector for the state motor vehicle department, would comment on Griffith's dismissal.

The records in the traffic department show that Griffith was twice discharged as a traffic operative. Following his first dismissal he engaged in other lines of work for a year when he was reinstated in the traffic department.

Officials indicated that in event a hearing is held evidence would be produced to show that the dismissal of the traffic officer was warranted, and was not the result of any imaginary or fancied grievance on the part of his superiors.

Griffith has been stationed in Clackamas county for the past few months.

Rancher Shots at Three Visitors, Then Kills Self

TUALTIN, Oregon, April 13.—(AP)—Harry Mason, 60, killed himself here today following a shooting duel with neighbors who had been called to his home to protect the family. Several shots had been exchanged before Mason turned his rifle upon himself.

Following intimation that Mason would attack his wife and three daughters, George Martin, school teacher, and Floyd and Arthur Day were called to spend the night at the Mason home.

When they stepped outside the house this morning Mason fired at them from behind a shed. The men were armed and returned the fire. Later Mason's body was discovered.

Armour and Associates
Confer Over Suspension

CHICAGO, April 13.—(AP)—J. Ogden Armour, retired president of the Armour Grain company, went into conference today with his associates over the affairs of the company, which has been suspended from privileges on the board of trade, effective Saturday. At the close of the conference it was announced no statement would be issued at this time.

Suspension orders were issued last night by directors of the board, acting on a preliminary report from a special committee. The report declares that testimony before it "clearly showed wrongful acts" by persons not members of the board. The report also forecasts trial by the board of officers of the company who may be accountable to the board.

Wheat closed irregular, 1/2c net lower to an equal advance, corn unchanged to 1/4c down and oats unchanged to 3-8@1-2c up.

RHODE ISLAND RED EGGS ARE BIG ONES

A Dozen of Them Weigh as
Much as Two Dozen of the
Average Sizes

Harold D. McMillan, who conducts a poultry farm out on Route 5, Salem district, which is stocked with fine standard bred Rhode Island Reds, presented The Statesman's advertising manager, Ralph Kietzing, with a dozen of eggs April 12th that tipped the beam of the scales at a trifle under 44 ounces, being exactly twice the size of standard eggs which weigh 22 ounces to the dozen. One of these unusual large eggs measured 7 by 8 1/2 inches in circumference, and they are found in considerable numbers by Mr. McMillan in his daily rounds of his plant in gathering the eggs for market. They are probably double yolked.

POISON EVIDENCE GIVEN
Foundation Laying Occupies Day in McGee Murder Trial

HILLSBORO, April 13.—(AP) A long series of technical questions and answers dealing with the effects of poison upon the human system consumed the greater part of the day at the trial here of Mrs. Eva N. McGee, charged with the murder by poison of her husband, Dr. W. G. McGee, late Nehalem physician.

Dr. R. T. Boals, physician to McGee, was on the stand as a state witness throughout the afternoon session, and will be called again tomorrow. His testimony was mostly a repetition of that given at Mrs. McGee's first trial, at which the jury disagreed.
