PENSION SYSTEM NEEDED IN STATE

Oregon Allotted Quota of \$191,000 for Presbyterian Church Fund

PORTLAND, Ore., April 26.—That the State of Oregon, with its large number of weak, struggling National Missions churches and self-supporting churches almost as weak sorely needs the new service pension plan sponsored by the National Laymen's committee of the Presbyterian church, is the opinion of Rev. E. P. Lawrence, of Medford, moderator of the Synod of Oregon, 1925-26. "It is offering a most happy solution of the vexing problem of the minister's old age," he says, in a statement issued in connection with the campaign now being held in fourteen western states.

Oregon has been allotted a quota of \$191,000 towards the \$15,000,000 which the Laymen's committee hopes to report as fully pledged, at the General Assembly, meetign at San Francisco next month. The quota for the three Pacific coast states is a million and a quarter, and for the 14 western states, \$5,000,000; the remaining \$10,000,000 having been raised east of Chicago. The campaign is timed to close on May 12.

"The laymen of Oregon are already feeling the splendid impetus given the movement by the remarkable support being given by laymen all over the east," says the Moderator.
