**Plan Visit in South**—Mr. and Mrs. L. S. Covert and daughters, 1097 North Winter St., will leave Sunday for Wichita, Kansas and Kingfisher, Okla., to visit relatives. They expect to be gone a month.

**LINFIELD COLLEGE HONOR SYSTEM CHANGE**—(Continued from page 1.) declared Irl S. McSherry of Salem. "I have followed the working of the rule for the past 12 years and it has proved ineffective. In many instances it has led the students to sneak away to smoke, thus it has done more harm than good." He cited several cases where students had been expelled; but such examples had not caused the others to stop their smoking. He urged a modification of the rule; but would prohibit smoking on the

campus, on college trips and at all college functions. Mr. McSherry is in close touch with the student situation at the college. He is recognized as one of the leaders of the Alumni, having served as president of the association for three years, and is now one of the representatives on the board.

Dr. Olaf Larzell of Portland said: "To say 'must not', I cannot favor it. I am not in favor of smoking; but to set up a rule instead of having moral leadership I am not in favor of it." Dr. Larzell is a graduate of Linfield college and at one time served as president of the Alumni association.

"If you pass a rule to keep people from climbing a tree, they will all climb it, declared J. H. Carstens of Yakima, who favored the modification of the rule as requested by the students.

After numerous other trustees had expressed their views upon the subject it was agreed to place the matter on the table and have a committee of five make a thorough investigation of the situation and make recommendations.

The morning session of the Linfield college board of trustees was devoted to routine matters consisting of committee reports, the awarding of degrees, drafting of resolutions and the accepting of the resignations of the following members of the faculty: E. S. Gardner, Miss Anna L. Beebe, Mrs. Adelaide Patey, A. S. Jensen and E. V. Sandin.

The treasurer's report showed the finances of the college to be in good condition. The total earnings for the year was \$68,772.54. The endowment increase was listed at \$35,450.49. The total endowment assets are now placed at \$906,037.53 and the entire assets of the institution were listed at \$1,088,971.30.

The report of the president showed that there would be 42 graduates in June. Arrangements have been completed for the holding of a summer session from June 13 to July 22.

A lengthy discussion was held concerning the proposal for a new administration building on the present campus. It was the opinion of practically every member of the board that building operations should begin soon. It was agreed that construction work should be started soon, probably this summer, and that this building should be erected as rapidly as cash or its equivalent is on hand. The direction of the affair has been left to the executive committee.

**CLUBS TO GIVE EXHIBIT**—Salem Heights Boys and Girls Are Closing Year's Activities

The state boys' and girls' club work at Salem Heights will close for the academic year with an exhibit of their work Friday night at the community hall. Competent women will judge the work.

H. C. Seymour, state club leader, will speak at the meeting. He will also show moving pictures taken at Corvallis last summer dealing with work being done by the boys and girls at their summer session there.

A short program, including a play on club work, will be given by members. There will be an exhibit of sewing and handwork. Refreshments made by the girl members will be sold picnic style. By this sale they hope to defray expenses of the club for the year.

The doors of the hall will be opened at 7 o'clock for inspection of the work. The program will begin at 8 o'clock.

Astoria—Roads graded and surfaced to Camp Clatsop, national guard camp.

**VICKI BROS.**

The House That Service Built

reached Heisse, 25 miles above Idaho Falls.

The water will be forced to pass through the Great Canyon of the Snake river for many miles and it is believed that the greatest damage will be done in the vicinity of Lorenzo and Menan, both a few miles north of Idaho Falls. Wilson is a town of some 500 inhabitants.

**Formed by Quake**

The Gros Ventre dam was formed when Sheep mountain, in the Gros Ventre river valley slid a distance of several feet June 24, 1925. Three days later, during a series of earth tremors which shook Montana, causing considerable damage at Livingston, Bozeman, Billings and other places, a great portion of the mountain slid into the valley, damming the river. This did not stop the mountain from moving, but it formed a vast lake and inundated a large number of ranches and blotted out ranger stations in the Teton mountains. The mountain moved several feet further before it finally stopped.

**Bridge Goes Out**

SALT LAKE CITY, Utah, May 18.—(AP.)—Efforts on the part of the Mountain States Telephone company here to get in touch with Moran, Wyo., nearest telephone point to the Gros Ventre river valley dam, disclosed the fact that the company's lines are down beyond Briggs, Idaho, and Etna, Wyo., the only points through which Moran can be reached.

Company officials also learned that a large government bridge in west Yellowstone park had been washed away by the flood.

**MEMORIAL PLANS MADE**

Sons of Union Veterans Arrange for Patriotic Observance

Plans for Memorial day and for the state convention of the GAR and allied organization, here June 20 to 24, were made at a meeting of sons of Union veterans of the Civil war at the YMCA Tuesday evening. The meeting was called by the Sons of Veterans organization, but others who are descendants of the men who fought for the Union in the sixties were invited.

W. Carleton Smith, who presided, stressed the importance of observing Memorial day as one of the nation's principal patriotic holidays.

Arrangements were made for conveyances for the GAR members in the two parades on Memorial day, and for marking the graves of those who have departed. The women's auxiliary will have principal charge of the latter task.

**MAY GET FLOOD RELIEF QUOTA BY END OF WEEK**

(Continued from page 1.)

Haynes, Miller's, Standard Furniture company, Vick Bros., Marion Automobile company, The Marion Hotel, W. G. Krueger, Kafoury Bros., Spaulding Logging company, Oregon Gravel company, Salem Brick & Tile company, and Gabriel Powder & Supply company appears on page 12 of this morning's Statesman.

**26 TOWNS THREATENED**

Residents Warned to Leave as Flood Advances Down Basin

NEW ORLEANS, May 18.—(AP)—Inhabitants of twenty-six towns in the path of the wall of water sweeping down the Atchafalaya basin tonight were being warned to flee their homes under instructions issued early tonight by Flood Relief Dictator John M. Parker.

Mr. Parker, basing his warning upon a bulletin of the New Orleans weather bureau today charting the path of the flood through the section, had a corps of telephone operators speeding the message to the inhabitants urging them to speed the evacuation if they would save their belongings.

There will be no forcible evacuation but the message of the flood relief dictator strove to impress upon the inhabitants the seriousness of the flood danger and the imminence of the threat.

**FIRE DANGER REPEATED**

DePinedo's New Plane Saved When Heater Gets Ablaze

QUEBEC, May 18.—(AP)—Destruction by fire, the fate of his first plane, tonight threatened Francisco De Pinedo's "Santa Maria II," after he had returned here when bad weather interrupted his flight from Montreal to Shippegan, N. B.

While the plane was being fueled alongside a barge, one of De Pinedo's mechanics attempted to light a small oil heater. The heater caught fire. The flames shot up from the burning oil and for a moment it was feared they might set ablaze the gasoline which was being poured into the Santa Maria II's tanks.

The fire on the barge was quickly extinguished however, and the plane was not damaged.

**MELVILLE SURROUNDED**

Bridge Collapses, Carrying Louisiana Farmer To Death

NEW ORLEANS, La., May 18.—(AP)—Five hundred persons grouped on the narrow crown of the levees above Melville, La., today saw the last link connecting their home town with high ground, shut off.

A span of the Texas and Pacific bridge connecting Melville with the east bank of the Atchafalaya river collapsed, carrying to his death Tony Pittala, a farmer. Pittala and his son were crossing the bridge when it fell. The boy clung to a log and was rescued.

Few persons, however, were left in the immediate path of the two expanding lakes of Avoyelles and St. Landry parishes tonight. Fed by flood waters from crevasses in the levees at Melville and in the Bayou Des Glaises ramparts, the lakes joined at Big Bend to engulf virtually the whole of the two parishes.
