OIL CURB PLAN FAILING Producers Unable to Agree on Necessity of Curtailment

WASHINGTON, May 23.—(AP)—The movement voluntarily to restrict the production of crude oil is finding increasing obstacles. A meeting of oil men and government officials here today, called in the hope of formulating a definite restriction plan, produced no apparent result except to disclose that the oil producers are themselves divided on the subject while the government is reserving judgment. Another meeting is to convene in New York on Wednesday.

Already three large producers, including the Gulf Oil company, a Mellon corporation, have washed their hands of the project for a restrictive agreement. Whether any effective agreement can be made without them is a question about which leaders of the industry are not over-optimistic.

KELLY TRIAL NEAR END

Defense Counsel Contends Evidence Not Sufficient HALL OF JUSTICE, Los Angeles, May 23.—(AP)—The Paul Kelly murder trial dragged towards its close late today as his counsel completed the defense final argument, and the state made its plea to the jury.

Kelly, athletic film actor, is charged with beating Ray Raymond, song and dance man, to death in a fight over the love of Raymond's actress wife, Dorothy Mackaye.

Defense Counsel W. I. Gilbert pleaded that the jury of eight women and four men acquit the defendant on the charge of murder. He argued that the evidence in the case did not warrant conviction on the charge of murder. Forrest Murray, closing for the prosecution, attacked to the jury the reliability of the testimony of the defense three chief witnesses.

ITALIAN FLIER LONG DUE; ANXIETY SHOWN

(Continued from page 1.) overdue at 8 o'clock, (eastern daylight time) tonight, in his scheduled arrival in the Azores islands.

Taking off at Tepassey, N. F., at 2:58 a. m. (E. D. T.) the Santa Maria II, was chartered to land at Cas Delo Branca, near Horta, by 4 p. m. Supplies had been made there against the possibility that he would decide to continue to Portugal.

Weather Favorable The only subsequent report at 12:38 p. m. was through the Radio Corporation of America, pacing a plane believed to be that of De Pinedo, 360 miles northwest of his immediate goal.

After a heavy gale which swept the islands through the night, the weather in the vicinity of Horta was reported as continuing unfavorable for flying with heavy low hanging clouds and a low barometer over nearby steamer lanes.

Ferryboat Captain Held Responsible for Crash

SAN FRANCISCO, May 23.—(AP)—Blame for the bay crash on the night of April 24, in which the steamer Newport rammed and sunk the ferryboat, Golden City, was placed upon Captain Aamen Johnson of the Golden City today.

Federal steamship inspectors who conducted the investigation of the crash submitted the ruling holding Captain Johnson responsible on the ground that he violated the steamboat laws by running his craft full speed in a fog.

Captain Sverre Rustad of the Newport was exonerated of all blame. He was not mentioned in the ruling.

Presbyterian Synod Formulates Attack Against Evils

BERKELEY, Cal., May 23.—(AP)—State wide programs for halting use of cigarettes by boys and girls, and for suppressing use of narcotic drugs, were advanced in resolutions adopted today at the opening sessions of the general council of the California Synod of Presbyterian churches.

The council condemned obscene literature and photographs sold as art and voted to form a group from the synod to ask the motion picture industry and the federal motion picture council to cease distribution of motion pictures of low moral standards, and to cooperate with those bodies in raising the standards of the movies. Approval of the Anti-Saloon league platform was voted, and the council voted in favor of a state Presbyterian prohibition bureau to cooperate with state and federal officials.

Blackfoot Indian Gains Fame as Scenic Artist

GLACIER PARK, Mont (Special)—Lone Wolf, a Blackfoot Indian, has won national fame as a scenic artist because of his paintings of Rocky Mountain scenes in Glacier National park. He is the son of James Willard Schultz, author of a score of Indian books that are widely read. Schultz went to live among the Blackfoot Indians in the Montana region now known as Glacier National Park fifty years ago when a boy.

He married a full blood Blackfoot woman. The offspring, Lone Wolf, resembles his Indian mother, but he inherited the artistic strain of his distinguished pale face father.

Mournful Ballads Killed by Radio; People Changed

LONDON.—(A.P.)—Drawing room ballads are on their last legs in England, to the intense satisfaction of long suffering and patient listeners who have been forced to hear amateurs "sing something" after dinner.

The gramophone hit sentimental ballads, the parlor organ and the piapo pounder a hard blow, and now the wireless is finishing the job. The British Broadcasting Company has given up the job of giving a complete classical education through the air, and the public is getting plenty of popular music while it drinks its after dinner coffee.

PARIS—(A.P.)—The French government telegraph monopoly is likely soon to be held responsible for damages caused by its errors, as is the rule in all business.

Back in 1850, when telegraph keys were stuttering with some irregularity, the government protected itself from damage claims by a specific exemption. For years chambers of commerce, newspapers and business men have demanded that the government be held responsible for its errors. A bill to change the old law now has such support that its passage is expected soon.

Aside from the argument that justice requires such responsibility, it is contended the government will do the work better if it has to pay for its mistakes.

FEAR "EVIL EYE"

PERM. U. S. S. R.—Government Census agents discovered recently a hitherto unknown religious sect, whose members spend the greater part of their lives in the cellars of their houses to protect themselves against the "evil eye" of people of other religion. With the beginning of colonization of the Naryn region these recluses fled to the woods and have since refused to have intercourse with other people.

YOUTH ALL RIGHT CONFERENCE TOLD

Presbyterian Mission Worker Says World Not Headed for Perdition

SAN FRANCISCO, May 23.—(AP)—Youth had its innings today at the biennial national conference of Presbyterian women, held as the forerunner to the Presbyterian general assembly, opening Thursday.

Mrs. E. H. Silverthorne of New York, director of missionary education of the church, declared in her address that though she was concerned, even worried about the general trend of modern youth, its revolts and manifestations, she did not believe the world was

headed straight for perdition. "Youth thinks it is thinking independently," Mrs. Silverthorne said, "but the older women, the ones who dare to wear their hair long if they wish to do so, are doing the independent thinking."

The speaker said she believed the disappearance of the old fashioned home had a great deal to do with the children's revolt. "Yet for all this youth continues to hope, even if it is the despair, of the race. In teaching I have run across more than 1,000 youths who are doing their own individual thinking, and they are not at all wayward chaps.

"They have their spiritual side. This is exemplified by the fact that there are more persons going in for missionary work right now than ever before in the history of the church."
