BOYCOTT REPORT HEARD

President Calles Said to Have Forbidden Purchases

WASHINGTON, May 31.—(A. P.)—Word that President Calles of Mexico has ordered a boycott on purchase of government supplies in the United States was received at the State department today with evidences of complete mystification. No official advice concerning the president's action had been received.

The department records failed to reveal any embargo placed by this government on general purchases by the Mexicans. There is an embargo, however, which forbids exportation from the United States to Mexico, of war materials, including goods susceptible of conversion to war munitions.

This embargo, however, is not of recent origin, and was understood here to have been more of an aid than otherwise to the established government of Mexico.

A second committee with David John as chairman was appointed by Commander Duncan to draft a constitution and by-laws for the new post. They will report at the next meeting.

TWO MEN KILLED WHEN TAMPA JAIL ATTACKED

threatening movements were made. The battered jail was being protected on each side by machine-gun batteries, while in addition to the mounted and foot patrols, in the forbidden area, riflemen were stationed at vantage points inside the jail and cemetery adjacent.

Shortly after the situation appeared to have been quieted definitely by the volley from the troops, several scattered shots were fired at the soldiers by members of the mob and the militia men replied with machine gun fire. The defenders of the jail then prepared for further outbreaks.

YOUTH WILL REPAY DEFICIT IN FUNDS

Action in Regard to One High School Boy Will Be Decided Soon

Ralph Sipprell, advertising collector for the Salem high school Clarion, weekly publication, held jointly responsible with Donald Blake, manager, for an alleged deficit in accounts of the paper, appeared before the student council yesterday and indicated unwillingness to make up his half of the amount declared to be short. The sum said to be due from Sipprell is \$231.85.

Principal J. C. Nelson stated last night that just how the school board would proceed in the matter was not known. He said it was certain, however, that Sipprell would not be permitted to enroll in school next year if the deficit was not cleared. It will be decided in a few days, he said, whether a

specific charges will be made against the boy.

Donald Blake, with his brother-in-law L. B. Waters of Portland, will work to repay his share of the deficit this summer, he said at the meeting yesterday. In the meantime, Mr. Waters will deposit the entire amount in a local bank, pending Blake's payments.

The alleged deficit in the accounts was discovered by a committee of students which made an investigation recently. According to the report by the committee a total sum of \$1611.05 was due the students, only \$1147.35 of which could be accounted for, leaving a difference of \$463.70. Each boy was asked to contribute to half of the difference.
