CHANGES MADE IN LAW SCHOOL ORGANIZATION

Faculty Members Will Be Elected by University Trustees in Future

SALARIES TO BE FIXED

Willamette Officials Report Successful Year and Good Financial Condition; Scholarship Improved

Willamette University law school faculty members will be elected definitely by the board of trustees of the university, and will be paid a fixed salary in the future, according to action taken by the trustees yesterday afternoon at their annual meeting held in Walter hall.

This takes the place of the old method of inviting local attorneys to assist in law school faculty members in addition to their professional work, and is in line with the program which was adopted last year toward the complete standardization of the law school in the near future.

Committee Named
A committee of five alumni of the law school was appointed by the board to confer with the executive committee of the university in regard to further procedure in the process of standardization.

Reports of the school officers showed that the condition of the university is the best it has been for years. Activities of all kinds have been reasonably successful, including athletics, forensics publications, and dramatics, with much promise for the future.

Finances have been satisfactory, the report of the business manager showed. The endowment has been increased, and a budgeting system adopted which has been successfully followed. About \$150,000 passed through the business office during the year, more than four times as much as the amount of 12 years ago.

REQUEST RETURN OF TWO SUSPECTS

GOVERNOR ISSUES REQUISITION FOR WANTED TWINS

Siskiyon Suspects Probably Will Arrive in Oregon in About 12 Days

Governor Patterson today issued requisition papers on the governor of Ohio requesting the return of two suspects, Ray and Roy DeAutremont, who are wanted in Jackson county in connection with the slaying of four Southern Pacific trainmen a few years ago.

The papers were sent east tonight by air mail and should arrive at Columbus not later than Tuesday. The sheriff of Jackson county left for Ohio last night in quest of the prisoners. It was said that the DeAutremont brothers would arrive in Oregon within the next 12 days. They will be held in the Jacksonville jail pending grand jury investigation.

Another brother, Hugh DeAutremont, is now on trial in Jackson county for the part he was alleged to have played in the crime.

COLUMBUS, Ohio, June 11.—(AP)—The journey to Oregon to go on trial for murder temporarily interrupted, the DeAutremonts, Ray and Roy, twins, sat in their jail cells today and waited.

Captain C. W. B. Long, San Francisco postal inspector enroute here to quiz the brothers, probably will not arrive before Monday. W. B. Bartels, assistant district attorney, said.

Newspapermen were allowed to talk to them upon their arrival here but the brothers were reticent when the conversation narrowed down to close questioning. The twins, 27 years old, revealed that they had been in Ohio "two or three years" and admitted having worked in steel mills in Portsmouth, in lumber and coal mines.

EXTRA QUALITY FLAX GROWING SAY OFFICERS

Yield Per Acre to Be Greater and Percentage of Line Fiber High

CONTROL BOARD VIEWS

Inspection Trip Made By Governor and Other Members; Some Fields Foul With Weeds and Foreign Matter

Flax grown in Marion and Polk counties this year will be above average in quality, and the yield per acre will be larger than normal, to say nothing of the fact that a greater acreage has been planted, it was reported by members of the state board of control Saturday evening on their return from an inspection trip of the fields in the two counties.

However, reported State Treasurer Thomas B. Kay, some of the fields are foul with weeds and volunteer growth of other products.

In general, the crop is especially promising for the reason that the straw will be extra long, a favorable condition for obtaining a high percentage of line fiber.

The inspection trip was made by Governor I. L. Patterson, Secretary of State Sam A. Kozier, State Treasurer Kay, Col. W. B. Bartram, who is superintendent of the flax plant at the prison, and Henry Meyers, prison superintendent.

Attend Meeting

They went first to Polk county and inspected a number of fields, returning through Salem on their way to Clatsop, where the party paused to attend the meeting of persons interested in the campaign for a new relief highway to Portland; inspected more fields in the vicinity of Butteville, and then passed through the Woodburn and Mt. Angel districts.

RAILROADS END LONG SQUABBLE

SOUTHERN PACIFIC GRANTS CONCESSION TO RIVAL

Move Throws Klamath Basin Open to Competitive Railway Development

PORTLAND, June 11.—(AP)—The use of its new Cascade line from Paunina to Klamath Falls and a half interest in the Strahorn line from Klamath Falls into the timber area has been granted the Great Northern railroad by the Southern Pacific line, it was announced here today, following an agreement reached by the two railroads.

The outstanding result of this agreement, traffic experts here say, is that there will be competitive railway development of the Klamath basin without wasteful duplication of railway facilities.

Only 45 miles of new railroad construction is involved in the entire project, it was pointed out. Today's move brings the Great Northern line to the northern boundary of California. In less than thirty days' time, the Great Northern has arranged for extension of its operations from Spokane, Wash., on its main transcontinental line, to Klamath Falls, in south central Oregon, a distance of 548 miles.

The Strahorn line, officially known as the Oregon-California and Eastern, upon which the Southern Pacific has an option, and in which it has agreed to sell a half interest to the Great Northern, extends forty miles from Klamath Falls in a northeasterly direction.

While the formal announcement of the two railway presidents made no mention of proposed extensions of the Strahorn line, it was generally believed here that the agreement provides that such extensions shall be undertaken jointly by the Southern Pacific

CUTOFF HIGHWAY PLANS APPROVED

THOUSAND PEOPLE GATHER AT CHAMPOEG MEETING

Governor and Other Officials Are Speakers; Distance to Portland Reduced

Opening the campaign for the promotion of a short cut highway from Salem to Portland, over a thousand people met at Champeog park yesterday at the call of the Butteville grange and Ladd Hill community club to hear the plan discussed by a number of prominent citizens of the state who have taken an interest in the proposal.

The new route leaving Portland by way of the old Boones Ferry road, passing through Tualatin, Mulloy and crossing the Willamette river at Butteville, would provide more direct communication with the fertile French Prairie district and would cut ten miles from the shortest route between Portland and Salem, proponents of the highway declared.

Governor Patterson, Sam A. Kozier, secretary of state; Thomas B. Kay, state treasurer; Ralph Williams, republican national committeeman; Joe Dunne, head of the Oregon State Motor association, and a number of other officials attended the meeting. Plans were formulated and committees appointed to carry on the campaign for the new road.

From Butteville, the highway would follow the old river road until it joined the Wheatland road into Salem. The distance from Portland to Salem would be 42 miles.

Crowd Tells for Lindy

From without came the yell of an impatient crowd for "Lindy" and although he previously had appeared on the balcony to wave a greeting to the demand for another glimpse of him grew as the throng increased in size.

Shortly before the flier was due to leave to attend the reception of the Minnesota society the crowd began singing "America," led by a policeman, who kept time with his baton.

In response to the singing Mrs. Lindbergh appeared at a second floor window, with Mrs. Coolidge and wives of cabinet officers banded behind her. She waved her handkerchief several times to the crowd which cheered thunderously.
