Eyesight Deficiency Weak eyes lame the limbered minds. When you don't see right, you think wrong and work wrong. Weak eyes and efficiency never yet occupied the same head at the same time. Eye discomfort distracts the mind. Eye aches wreck the best judgment. Every limb, every organ, and every nerve under your hat is dependable on reliable eyes. The eyes hide many an explanation for hardness and laziness and junk promising careers. There is always something wrong with those who miss, and nine times out of ten it's the eyes. Ailing eyes don't keep you home, but they do keep sapping vigor and enthusiasm. Little eye ills grow to big ones.
