### Coolidge Takes Personal Interest in Flights to Advance Science

RAPID CITY, S. D., June 30.—(AP)—The last expected hours of another flight between New York and Europe were followed with great interest today by President Coolidge, who, although sequestered in the mountains of South Dakota, was kept in touch with Commander Byrd's progress.

After he left the executive offices in Rapid City to motor to the summer White House in the hills for luncheon, his private telegraph wire was kept busy with information gleaned from press dispatches and official advices from Washington.

Mr. Coolidge has taken a personal interest in the various flights which have added gloriously to American aviation history; and he is of the opinion that each creates further appreciation of what the future holds for transportation by air.

In the state game lodge, White House attendees were preparing for July 4, the American holiday and also Mr. Coolidge's fifty-fifth birthday. Mrs. Coolidge was laying in a supply of fireworks properly to commemorate the day, and in the kitchen, the largest mixing bowl was taken from the cupboard for the big cake which will mark the day.

All hopes that he might spend the day quietly went into the discard when it was disclosed that a cowboy band from Terry, Mont., intends to serenade the president with western tunes to be interspersed by a ruddy rendition of "Yankee Doodle Boy." "Born on the Fourth of July."

# 'Tie 'Em Down' Powder Nets-Voodoo Doctor Profit

ST. LOUIS, June 30.—(AP)—"Doctor" Samuel Kojos Pearce, a negro, who, postoffice inspectors said had victimized hundreds of negroes in many states by selling them "voodoo" charms by mail, today was indicted by the federal grand jury here on a charge of using the mails to defraud.

Posing as the West African Remedy company, the Pearce health institute, the Oriental institute of science, and the "African-American institute of science," Doctor Pearce did a thriving business from his home here.

# TWO WOMEN FOUND HELP

### Their Sickness Banished by Lydia E. Pinkham's Vegetable Compound

Mrs. Nina Matteson, Box 206, Ford, N. Y., writes: "If it had not been for your medicine, I could not have done my work as it should have been done. Mother told me of Lydia E. Pinkham's Vegetable Compound, and I had read in different papers what it had done for different women."

"I wanted me to try it, so my husband got me one bottle at first; then I took two others. \* \* \* Now am feeling quite strong again."

Mrs. Ernest Tanguay of Adams, Mass., says she was ill for four years and could not sleep nights or go out on the street. She read about the Vegetable Compound and decided to try it. After taking eight bottles she was able to do all her work and go anywhere and is quite herself again.

This dependable Vegetable Compound is a household word in thousands of homes. The fourth generation is now learning the merit of Lydia E. Pinkham's Vegetable Compound. If this medicine has helped other women, why shouldn't it help you? At your druggist's.

# PROMINENT AURORA RESIDENT PASSES

Joseph Erbsland died at Aurora Wednesday night. He had been a resident of that district for many years, first a prominent farmer west of that city and for a number of years in the city, in a neat home on the Pacific highway. Mr. Erbsland was affectionately called by relatives and friends "Uncle Joe," and he was esteemed by every one for his gentle and friendly bearing towards all the people of the community.

Mrs. Erbsland, who is left to miss and mourn an affectionate husband, was Miss Louise Becke, related to a large number of the residents of the Aurora section.

The funeral will be held at Aurora at 2 o'clock tomorrow.

# Pet Monkey Leaves Mark On Young Eugene Fellow

EUGENE, Or., June 30.—(AP)—An ill-tempered pet monkey today left its mark for life upon Charles Devereaux, 10-year-old newspaper carrier of this city.

Together with a number of companions, young Devereaux was playing with the pet which appeared rather peevish. When the boy ventured too close the little beast bounded up on his shoulder and bit off the top portion of his left ear. The severed portion was not found. Unassisted, the boy ran to a nearby hospital where his wound was treated.

# Big Barbecue on Program For Sanitarium Opening

A big barbecue Sunday will mark the opening of a new sanitarium near Cloverdale, when H. H. Brooten & Sons will open their new establishment for the summer season.

Preparations are being made to entertain 400 guests at the affair, and visitors are expected from Portland and many of the valley and coast towns.

The League of Nations couldn't expect us to ban all preparations against poisoned gas. What would we do during political campaigns?

# DAMAGES SUFFERED BY VENERABLE TREE

### Payment Asked By Home Owner Were Not for Breaking Stump, Stated

House-movers who Wednesday inadvertently pulled a stump in front of the house at 333 N. High street while moving a house from across the street, did more serious damage to the property than the removal of the stump, according to Paul Johnson, owner of the property.

Immediately after the stump had been loosened, the movers fastened their cables around a 40 year old maple tree in the parking nearby, without providing any protection for the bark, with the result that the tree was damaged badly and will probably have to be removed, Mr. Johnson reported. The \$45 damages collected from the moving company, Kusef Brothers, were for the cost of removing the tree and not for the loss of the stump, he declared yesterday.

The house is being moved north on High street to Marion, where it will be placed between Front and Commercial. During the moving process Oregon Electric trains are being routed through town by way of Front street, backing into the station at High and State.

# "COME EARLY" FINAL ADVICE FOR SHOPPERS

small.

But the real purpose of bargain day is to impress on the purchaser the fact that Salem is the economical, as well as the convenient, place to trade for all people living within 20 or 30 miles.

**Concert in Evening**

To this end, they are anxious that the buyers may have time to visit as many stores as possible and to shop thoroughly for just what they want—and unless they come early, that will not be feasible.

Not only come early, but stay for the evening if possible—that is another bit of advice being broadcast, for this is not only annual bargain day—it is hospitality day, and the merchants, and Salem people in general, want the shoppers to stay and get acquainted.

One evening attraction will be the "Cherrian band's" concert at Wilson park. These concerts are worth coming to town to hear even if the bargain day offers were not being made.

Director Oscar Steelhammer has announced the following program for this evening:

March, "Montezuma" . . . Chambers Selection, "Mlle. Modiste" Herbert "Italian Nights" Waltz, Laurendeau

# HOLLYWOOD MAN SET FOR PACIFIC FLIGHT

(Continued from page 1)

welcome which is expected to ring with dollars as well as cheers.

In place of the stampeding crowds which featured the arrival of Atlantic fliers in Europe, the backers of the planned Grace flight will offer Los Angeles its opportunity to see the Pacific aviator at a mass meeting in the Coliseum which seats 76,000 persons. Half of the admission money, according to Pelley, will go to charity and the remainder form the "Los Angeles testimonial" to the aviator.

The Coliseum meeting is set for a day or two after Grace's expected landing. Another mass meeting is planned for the pier in the Rose Bowl, at Pasadena, which seats 50,000 persons, and at which "Pasadena's testimonial" would be received. Grace recently moved to Pasadena. Pelley said the mass meetings had the approval of the chambers of commerce of Los Angeles and Pasadena.

Demands of leaders of the motion picture colony of Hollywood, Pelley said, have led to plans to present the flier at a social gathering or film colony ball to be held in a public dance hall on the evening of the Fourth of July. Admission fees would be charged.

Other plans for any financial harvesting to follow the flight have not been made, Pelley said. He declared the backers of the flight had not received contingent offers from either stage or screen, but if such were made, they would of course, receive consideration.

Arrangements for this part of the flier's welcome were outlined tonight by W. D. Pelley, who has been writing a series of news stories of the flight preparations on

# ANSWER COMPLAINT

Dr. M. F. Lewis Files Counter Claim in Suit

A new chapter in the disrupted partnership of Viola G. Hannon and M. F. Lewis, naturopaths, was written yesterday when Dr. Lewis filed an answer and counter claim in the circuit court suit instituted by Mrs. Hannon. Dissolution of the partnership and an accounting of the business affairs is asked in the original suit.

In the counter claim, Dr. Lewis alleges that the partnership agreement between the two did not stipulate that an osteopathic practice was to be conducted.

The claim also charges that Mrs. Hannon has wasted her time and energies in activities not connected with the business, has driven patrons from the office because of her violent temper, and has repeatedly talked of taking her own life.

The counter claim asks that the original complaint be dismissed and an accounting of the firm's funds be given, prior to dissolution of the partnership.

Mrs. Hannon is complaining witness in an assault and battery case filed in justice court against Dr. Lewis.

# Polk County Goats Taken To Exhibition in Texas

OREGON NORMAL SCHOOL, Monmouth, June 30.—(Special.)—Dave Riddle, pioneer angora goat breeder of Polk county, will leave this week-end with a carload of pure bred registered goats which he will exhibit and sell at the National Stock exhibition to

be held at San Antonio, Texas, early in July. The breeders of the entire United States, as well as outside countries, annually display their premium stock at the Texas exhibitions. For many years the Riddle brothers of Monmouth have exhibited there and bought and sold high grade animals.

# Clean Kidneys By Drinking Lots of Water

Take Salts to Flush Kidneys if Bladder Bothers or Back Hurts

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress. Early backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes, lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders.
