published this week in cooperation with local automotive dealers, highways. The latter is a section quote these provisions and also the regulations concerning park-

(c) Local authorities in their respective jurisdictions are hereby authorized in their discretion to increase the speed which shall be lawful upon through highways at the entrances to which vehicles are by ordinance of such local authorities required to stop before entering or crossing such through highways. Local authorities shall place and maintain upon all through highways upon which the permissible speed is increased adequate signs giving notice of such special regulations and shall also place and maintain upon each and every highway intersecting any said through highway, appropriate stop signs.

(d) The speed limitations set forth in this act shall not apply to vehicles when operated with due regard for safety under the direction of the police, sheriff or traffic officer in the chase or apprehension of violators of the law or of persons charged with or suspected of any such violation, nor to fire department or fire patrol vehicles when traveling in response to a fire alarm, nor to public or private ambulances when traveling in emergencies. This exemption shall not, however, protect the driver of any such vehicle from the consequences of a reckless disregard of the safety of others.

17. Local authorities may regulate the speed of vehicles in public parks and shall erect at all entrances to such parks adequate signs giving notice of any such special speed regulations.

18. (a) No vehicle shall be moved, run or operated on the roads, streets or highways of this state by any person unable to control and properly operate the same with due regard to the safety of the public and other vehicles; provided, that in all cases any person in a state of intoxication or under the influence of narcotic drugs is deemed conclusively to be unable to control and operate the same.

(b) No person shall drive any vehicle upon a highway carelessly and heedlessly in wilful or wanton disregard of the rights or safety of others, nor without due caution and circumspection and/or at a speed or in a manner so as to endanger or be likely to endanger any person or property.

(To be continued next Sunday)

Marion's Certified Studebakers

have created a confidence and actual money value in a well-advertised name, but only because back of that name there has been fair dealing and full value for the price asked. Coupled with this, the now famous National Studebaker USED CAR PLEDGE has gained public confidence to the extent that many times these fine quality automobiles are sold without even a demonstration.

1—Every used car is conspicuously marked with its price in plain figures, and that price, just as the price of our new cars, is rigidly maintained.

2—All Studebaker automobiles which are sold as CERTIFIED CARS have been properly reconditioned, and carry a 30-day guarantee for replacement of defective parts and free service on adjustments.

3—Every purchaser of a used car may drive it for five days, and then, if not satisfied for any reason, turn it back and apply the money paid as a credit on the purchase price of any other car in stock—new or used. (It is assumed that the car has not been damaged in the meantime.)

COME IN TODAY

This is the active season; many fine automobiles that are all but brand new are being sold at extremely low prices.

Studebaker Standard Six

Roadster, 1926 model, original finish, front and rear bumpers, rear view glass, swipe, motometer and bar cap. Has had the best of care. Five good balloon tires. Looks and runs like new **\$900**

Studebaker Special Six
