LECTURER REMAINS POPULAR ON STAGE

Public Always Enjoys Pungent Style of Cairns and His Whirlwind Humor

Occasionally, it has been said that lecturers are no longer popular. This is probably due to the fact that a great many people, who have been trying to make public speeches in recent years, really have no right to talk in public...

Oregon Theater "Matinee Ladies," a Warner production, with lovely May McAvoy as the star will be the attraction at the Oregon today. And it is an attraction!

Dr. Cairns doesn't just "a lecturer" he has something definite and concrete to say and says it in a way that leaves a lasting impression upon his hearers. The time of the old "mother, home and heaven" type of speaker, who has a sort of "be good and you will be happy" philosophy and doesn't say anything else is past.

Dr. Cairns does this in his "Goose that Lays the Golden Egg" which is a discussion of the modern problems of the American home and community. He doesn't resort to stale exhortations nor give any stereotyped care for the problems that the present century has brought on the country.

DRAMATIC INCIDENT OCCURS AT DUBLIN

Governor General and President Pay Last Respects to O'Higgins

DUBLIN, Ireland, July 12.—(AP)—A dramatic incident occurred at the Mansion House tonight as preparations were in progress for the removal of the body of Kevin O'Higgins to St. Andrews church, where it is to remain until burial. The tall candles which had surrounded the body while lying in state had been extinguished, and by the light of a shaded lamp a group of workmen were fixing the lid of the coffin.

Suddenly a military officer hurried into the room and told the men to stay their work, as the governor general and the president had arrived to take a farewell look at their old comrade.

The folds which enshrouded the face were drawn aside, and Timothy Healy and William T. Cosgrave came, slowly to the coffin side. The governor, whose wife was buried only yesterday, stood for a moment gazing at the peaceful face of his murdered nephew, then stooped and bestowed a farewell kiss on the forehead, displaying great emotion.

President Cosgrave came forward and laid his right hand on the brow of his friend, and passed on. The other ministers followed, repeating the president's reverent action. Then, all kneeling, the bishop of Killaloe recited prayers for the dead.

The coffin having been closed, it was borne by civic guards to a gun carriage drawn by six black horses. A long procession, headed by the governor and one of the brothers of the murdered minister formed and accompanied it to the church.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, say well-known druggists here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.
